UNIONVILLE.

Dr. Eddie Russell, of Baltimore, is home for a limited visit to his parents.

Andrew Griest, of the firm of Lauderbach, Barber Co., Philipsburg, is visiting his grandparents at this place.

Daniel Hall left on Monday for the jungles of Bradford county to resume his duties with the Husband Lumber Co.

Lawrence Peters, a brother of Land-load Wm. A. Peters, died at his home in West Liberty, Iowa, recently (see Recent Deaths).

J. E. Hall returned recently from a two weeks' visit to friends in Columbus, Clyde and Cedar Point, Ohio, and Johnsonburg, Pa., and other places west, and reports having had a jovial time.

He said he found the Centre Democrat in every home he visited except one, and that one took the Democratic Watchman, so that he was kept fully posted on home news.

Teacher Fox can teach school and umpire a base ball game, but he can't dress a horse properly. The other day he hitched Maud S. in a buggy for a drive up the valley. When he came to town he was told that he failed to get the bit in her mouth. Had she been a vicious animal, Foxie might have had a "time."

Our base ball team realized \$40 minus ten cents, at their festival on Saturday night. Everybody patronized our boys.

Mrs. S. T. Irwin, an aunt of Mrs. Dr. W. U. Irwin, with her bright little daughter, Ruth, of Omaha, are pleasant visitors at the Irwin home.

The school board is furnishing both the Grammar and Primary schools with new desks. Now boys and girls, be good!

A large number of our citizens witnessed the unloading of a tower from the cars by the railroad crew, on Sunday. It was lifted bodily by means of a steam crane and carried over and laid gently on a pile of ties just as easy. But why did they do it on Sunday?

Misses Emma and Minnie Gill, two pretty marriagable young ladies of Martha Furnace, were the guests of their cousin's Misses Lizzie and Eva Bruss at the home of the latter. They report that John O. Miller's crop of melons is immense and that he will have at least 70 bushels of seed for sale; and that ex-Sheriff Cronister will have about the same amount of plantain seed this fall—but they do say that their crops of Canada thistles is an utter failure.

Our base ball team had another "set-to" on Saturday; this time with the Snow Shoe "Diplodocuses" or giants and were shut out to the tune of 6 to 0, to the credit of Snow Shoe. As I did not see the game played I note, from hearsay, that the Snow Shoe team was composed of men, while our team was composed of boys, big boys, of course. They had a hired battery, their pitcher and catcher formerly played with the famous Pittsburg team. That the very size of the S. S. boys had a tendency to dampen the ardor of our boys, but the way our fellows went in to win was a caution to hardened sinners, and the fact that they kept the score down to 6 (and our team think it ought to have been only 4) is looked upon by all who saw the game as a signal victory for the Unionville Athletic club. Now here's how our boys and girls console themselves. Poor Alfred Heaton cried over it. "Well, I don't care," said Martha Zahniser. "They ain't half as good looking as our boys." "Yes, and they live off the road and ain't got no peach orchard," said Clara Summers. "And they can only raise two potatoes to a hill and they are small," said Sadie Emerick. "Add to tell the truth," said Wm. Buck. "I never saw a pretty girl come from Snow Shoe in my life." "Gee but can't they dig coal, though," remarked Tid Haltzworth. Oh, I can't tell half what was said about them. Our boys will play two games next Saturday—one with Port Matilda and one with Fillmore.

BRUCE RICHIE—of whose serious illness mention was made in my last week's items, passed away on last Wednesday night at the Cadwallader home in this place, being a little over 30 years of age, leaving to survive him his wife, one sister, Mrs. Rottzell, of Flourtown, Pa.; one brother, Lewis, who is star pitcher for the "Phillies" and his aged mother of Philadelphia, no children having been born to them. On the 28th day of October he was married to Miss Alie Cadwallader, youngest daughter of the late Wm. Cadwallader, which proved to be a most happy union. They moved to Ambler, a town 12 miles east of Phila., where he worked at his trade, which was that of a skilled machinist. During the last four years they lived in Philadelphia, where he was employed by The Link Belt Engineering Co. Out of a family of eight sons and one daughter, he was the sixth one to die of the dread disease, consumption, within the last four years, four having died since last January. He was a member of four beneficial orders, as follows—Improved Order of Red Men, Order of Pocahontis, Workmen's Death Benefit Society, and The Link Belt Beneficial Society, from all of which, his wife will draw large benefits. His remains were sent to Ambler, his former home, on Friday morning, for interment. Deceased was a man of unimpeachable character, of sterling qualities and was highly esteemed and respected by all who knew him and his death is a sad blow to his wife and aged mother, who have the heartfelt sympathies of all who know them.

His wife desires through the columns of the Centre Democrat, to express heart felt gratitude to the friends and neighbors, who so kindly administered to their wants and helped them so much during her husband's sickness and death.
