WOODWARD.

Huckleberries are still being found on Round Top, No. 2, a mountain rising in the hollow of another and where many persons wander about, unable to tell the cardinal points of the compass, even when the sun shines. But the clouds darkened the sky a few days ago when "Papy" Glantz was picking berries on the north side of the knob. The peals of thunder summoned the pickers from the knob to a five-acre clearing just west of the mount for shelter. "Papy" started for the field westward, rounded the knob and traveled eastward on the south side, not finding the field. Several persons went in search of him and soon found him. He then reported that he saw huckleberries all the way on the south side and the next day all pickers went on the south side and found but few berries, when it dawned upon them that the berries he saw on that side he carried with him in his basket.

SPRING MILLS.

The Brush valley scribe, seems eager to misrepresent and meddle. As regards line spreading he got off the line. We furnish the spreader, team and a man at \$3 per day. There is a simple correction as to the story of the dog and cow being inseparable companions—it is all true as the quibler knows, only that it is Thomas Taylor's cow and not John Taylor's, an error only in name not in fact—too small a matter for little or big fellows to get ugly over, and need not make fools of themselves. [Let the matter rest here—Ed.]

Our ball team played a game with the "has beans," a picked up scrib team, on last Wednesday and got it where the chicken goes the axe, to the tune of 4 to 2. On Saturday this same U. A. C. made a double header. They first played the Milesburg team and won 9 to 3. The funny feature of this game was that the Milesburg team didn't waken up till their last inning. Our own team had for a coach, Bruce Yarnell who takes the cake, can't be beat in five counties; got Milesburg so badly rattled that didn't know whether they were playing ball or attending Sunday school. They didn't score once till their ninth inning when they wakened up and every one of them became coaches and succeed in scoring 3 times. Had they started in as they did at the end of the game, the score might have been different. Immediately after this game closed, they played a game with the Port Matilda team which resulted in a score of 15 to 3 in favor of Unionville. They were easy. Now, Pringle, Hout Osman, Aaron Reese, etc., you must give your boys a more thorough drilling before you send them down here to compete with our boys. The time for both games occupied about 4 1/2 hours. A large crowd of ladies and boys witnessed the game and the enthusiasm of the Unionvillians ran high.

The fact of the matter real estate in Tyrone is assessed at little over one-half the market value and for that reason the tax rate is not higher, but much lower than in most towns. Taxes in Bellefonte are 30 per cent higher—something we can't boast about, but it is due to the fact that we always mix up too much politics with our local affairs. "Politics" has been an injury to the council and School Board where too many ambitious statesmen seek to advance selfish interests.
