Robert Cambridge and sister, Margaret, have returned to their wipter quarters at Unionville. Thomas Eters has moved his family into his new house, erected near H. C. Lytle's residence, and is now looking for a suitable name for it. Now we would suggest, as an appropriate title, "Turkey's Rest" as we all know it is the place where so many wild turkeys went to rest in the evenings. Tom, has worked hard and deserves something good. Our Buffalo Run writer must be getting bad looks, as we get word of some very tall doings in the love biz: from up in that region. While loading lumber at Unionville, H. E. Lytle was very unfortunate in smashing a finger. The injured member is still very painful but we hope it will not keep him from his pressing duties so very long. We feel the loss of Mrs. Marion Bohn, of Lemont, as she was born and raised here and always was a favorite.

Roy Crust, of Fillmore, spent Sunday with his lady friend, Miss Ruth Stine. Mrs. George Stine and two children, Guyer and Mrs. J. L. Mattern, were visiting friends at Curtin last week. The Fillmore items stated last week that their base ball team was running around with a chip on its shoulder and pointing its finger at Waddle base ball team. It is not nice to say, but we believe you are prevaricating some, for we have seen nothing of the kind. But we will give you a fair chance to put one on your shoulder, and come half way, and we will come the other half, and see if we can knock it off; but then you must be all Fillmore players, not stuffer from State College. HECLA PARK. Since the picnic season has closed, this one of the most beautiful localities, has been partly forgotten and now for the benefit of our occasional summer visitors we give the following information: That since it is getting late in the season, and on account of the lakes being drained, bathing is of little or no account here, and since the boats have been stored for the winter there is not much rowing done now. As for base ball amusements, they have been cut out since our local bunch won the pennant in a series of two games against the Hublersburg nine, and who were so victorious in playing ball, during the summer, are now enjoying themselves by puffing away at their "Cromos" which were presented, one to each player by their manager, C. C. Workman, who thinks that they will be admitted into the Tristate next summer. About the only barriers that they run into last season were State College and Mill Hall. Of course, our boys were not using "Connie Macks" dope, and that accounts for the defeat. One of the attractions for the Park for next season will be the new flood gates which are being erected by Joseph Pressler and assistants. The work is progressing very rapidly and the appearance will be great. Two weeks have already been spent in framing the timbers and it is feared that several more weeks will be passed before they are finished. Besides this many more attractions will be erected for the benefit of the public for next summer. Mr. and Mrs. J. C. Gilbody have returned from Agars Park, at Mill Hall, and are now visiting at her parental home. Last Friday evening the young folks gathered at the home of Sam Sproul's and amused themselves by various games; returning, after refreshments, at the wee hours of the morning. All report having had a fine time. Wm. Workman and wife, of Altoona, Sundayed with his parents over Sunday. Grace Yarnell, who was employed with her grandparents, Mr. Shamp's, during the summer, returned to her home in Bellefonte. The Nittany Country Club purchased a fine piano from Christie Smith, last week. "Mart" says he may use it occasionally. The following parties head the contest as being the best squeezers in or about Hecla Park: Vic Mack, Mart Sproulie, Dix, Skip. Each one is praised greatly for the good work they have done, and coupons are being sent from various places such as Centre Hall, Lee's Gap, Hecla Park, Nittany and Zion. Mack was about to capture the prize when to his dismay, Calvin Guiser appeared upon the scene and the prize was awarded him account of his "cider press". Mrs. C. C. Workman spent last week at the Brockerhoff House, in Bellefonte, where she was employed as a waitress. Several of our sports attended the opera in Bellefonte last Saturday evening entitled "Jesse James". The jolly jokers will play this winter again.

BOGGS TWP. FAIRVIEW. Here we are back to work after taking in the county fair. Cider making and apple butter boiling is all the go around here. Don't forget the preaching next Sunday at 2:30, by Rev. Joseph Bitter and wife are visiting through the West. Chestnuts will be plenty in the woods near here. How beautiful are our lanes today, decorated with a thousand colors. The brown road strewn with pale yellow elm leaves, hedgerows of purplish red, the spotted sycamore, the tawney beech, a few yellow flowers and ruddy berries, glowing through all. A beautiful monument has been erected on the grave of David Burrel, in the Presbyterian cemetery. Esta Long, who spent the season of millinery in Philadelphia, has returned and is well pleased with the success she has had with her work. Lizzie Stover has returned from the city with her millinery goods and has a fine assortment for sale. An accident, which might have been serious, happened to James Grove. NOW IS BEST TIME TO TAKE Directions To Prepare Simple Home Mixture. GIVES THE DOSE TO TAKE Tells You How to Overcome Rheumatism With Simple Recipe, Which is Easily Mixed. A well-known authority on Rheumatism gives the readers of a large New York daily paper the following valuable, yet simple and harmless prescription, which any one can easily prepare at home: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle, and take teaspoonful after each meal and at bedtime. He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take. This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called Rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will, no doubt, be greatly appreciated by many sufferers here at this time. Inquiry at the drug stores of this neighborhood elicits the information that these drugs are harmless and can be bought separately, or the druggists here will mix the prescription for our readers if asked to.
