Throat Coughs

Ask your doctor about these throat coughs. He will tell you how deceptive they are. A tickling in the throat often means serious trouble ahead. Better explain your case carefully to your doctor, and ask him about your taking Ayer's Cherry Pectoral.

Who makes the best liver pills? The J. C. Ayer Company, of Lowell, Mass. They have been making Ayer's Pills for over sixty years. If you have the slightest doubt about using these pills, ask your doctor. Do as he says, always.

Death of a King.
 Oscar 11, king of Sweden, died at 9.10 o'clock Sunday morning. The death of the venerable monarch, occurred in the royal apartment of the palace, where, surrounded by the members of his family, including the aged Queen Sophie and the crown prince, Oscar Gustave, and high ministers of state, the inevitable end had been awaited.
 The whole country is bowed with grief, for King Oscar was something more than a ruler of his people and had endeared himself to them as an intimate and personal friend. When the flag on the palace was dipped to half mast, there was a moan of anguish from the assembled multitude and many of them cried "Our dear old King is dead."

DO NOT KNOW WHAT CAUSES SICKNESS

Modern People Have Many Names for Same Diseases, According to New Belief.

Does human health depend on one organ alone? This question is becoming widely discussed since L. T. Cooper first advanced his theory that the stomach is the true seat of life and all health dependent upon it.
 Mr. Cooper, who has met with remarkable success in the sale of his new medicine, believes that the stomach is responsible for most sickness, and that this organ is weak in the present generation. While discussing this theory recently, he said: "I am asked time and again to tell why my medicine has made such a record wherever I have introduced it. My answer always is, 'because it restores the stomach to a normal condition.' No one will deny that today there are more half-sick men and women than ever before. Nothing critical seems to be the matter with them. They are just half-sick most of the time. They don't know really what is the matter with them. I have talked with thousands during the past two years, and few knew indeed what their trouble was. One said nervousness, another said kidney trouble, another liver complaint, some constipation, or heart trouble, or lung trouble. Many had treated, as they called it, for most of these diseases at different times. A very common complaint is 'all run down,' or 'tired all the time,' or 'no appetite.'"
 "I know positively that every bit of this chronic ill health is caused by stomach trouble, and nothing else. My New Discovery puts the stomach in sound condition in about six weeks. Might; few people can be sick with a

sound digestion. That is why my medicine is selling at such a tremendous rate. I have convinced many thousands of people that these things are so, and the number is growing by leaps and bounds."
 Among more recent converts to Mr. Cooper's beliefs is Mr. Edgar L. Hinds, living at 6 Tappan Street, Everett, Mass. Mr. Hinds has this to say on the subject:
 "I have suffered with stomach trouble for eight years. I was not sick enough to be in bed, but just felt bad all the time. My greatest trouble was that I always felt tired, would get up in the morning feeling as tired as when I went to bed.
 "I had a very irregular appetite, and was troubled with dizzy spells. If I stood for any length of time, I would have a dull pain in the lower part of my back. I was nervous and felt all the time as though something terrible was going to happen. I tried many kinds of medicine but nothing ever helped me.
 "I had about given up all hope of ever being in good health again, when I heard so much of Cooper and decided to try his medicine. I took one bottle of his New Discovery and was greatly surprised at the result. I gained 12 pounds in a few weeks. I can now eat anything I wish, and feel like a new man. I cheerfully recommend this medicine to all sufferers from stomach trouble."
 It is worth anyone's time, who is not enjoying good health, to learn of Mr. Cooper's wonderful preparations. We are selling them in large quantities. —Sidney Krumrine.

PENNSYLVANIA RAILROAD

Bulletin.

THE SPIRIT OF CHRISTMAS ON THE RAILS.

At no other period of the year does home-hunger grip the human heart with such an eager yearning as at Christmas time. The lasting memories of the old homestead, the tender welcome of the older and the merry greetings of the younger dear ones, the happy reunion about the festal board, the pungent odor of the cedar, the witchery of the holly, the lurking sentiment of the mistletoe, all combine to make a lure well nigh irresistible.

It is the season of reunions and foregatherings, of meeting and parting.

The zest of travel is rife, for apart from the home-goings and social exchanges it is a holiday time for many and there are pleasant excursions to be made, where sightseeing has an added relish from the prevalent gaiety and good cheer.

The Pennsylvania Railroad is always popular at holiday times. Its system is so far-reaching, and at the same time so closely interwoven with the needs of the traveler; its trains are so numerous and so well equipped for the accommodation of every class of travel, and its ticketing arrangements so satisfying that it might be termed the Santa Claus route.

Its limited trains carrying the highest grade of travelers, completely appointed in every detail, offer exceptional advantages to the children going home from school for the Christmas vacation. The boys naturally gravitate to such trains; the girls will find every comfort and safeguard, as well as a maid at their command.

No matter whether bound it is wise to consult a Pennsylvania Railroad Ticket Agent as to trains and rates. He can start you right; the rest will be easy.
