The Cough of Consumption

Your doctor will tell you that fresh air and good food are the real cures for consumption. But often the cough is very hard. Hence, we suggest that you ask your doctor about your taking Ayer's Cherry Pectoral. It controls the tickling, quiets the cough.

One of Ayer's Pills at bedtime will cause an increased flow of bile, and produce a gentle laxative effect the day following. Formula on each box. Show it to your doctor. He will understand at a glance. Dose, one pill at bedtime.

TRUE DEMOCRATIC PRINCIPLES.

Editor Watterson, of Kentucky, announces his idea of what constitutes real and undefeiled Democracy. Here is his definition:

Home rule, sound money, and all men's rights; the interests of the few subordinated to the interests of the many, but the interests of the few respected; the complete separation of church and state, and a tariff for revenue only; no clericalism, no class distinction, no caste discrimination and no sumptuary laws. That is democracy pure and simple, democracy untrified and undefeiled.

A good platform on which to place Mr. Watterson himself as the worthy Presidential candidate of the Democratic party—a good enough platform for any American voter who would check advancing plutocracy, and preserve the Republic as it was intended to be by the founders.

"Untrified and undefeiled." It is the genuine article.
