Anyway, a bald man doesn't have to worry about gray hair.  
An engagement ring is a girl's idea of a band of hope.

## MAY WIPE IT OFF THE EARTH

Says Home-Made Treatment Cures Rheumatism

## TELL HOW TO MIX THIS

Shake the Ingredients in the Bottle and Take a Teaspoonful Dose After Meals.

When an emine authority announced in the Scranton (Pa.) Times that he had found a new way to treat that dread American disease—Rheumatism with just common, every-day drugs found in any drug store, the physicians were slow indeed to attach much importance to his claims. This was only a few months ago. Today nearly every newspaper in the country, even the metropolitan dailies, is announcing it and the splendid results achieved. It is so simple that any one can prepare it at home at small cost. It is made up as follows: Get from any good prescription pharmacy Fluid Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking in a bottle and take in teaspoonful doses after each meal and at bedtime. These are all simple ingredients, making an absolutely harmless home remedy at little cost.  
Rheumatism as every one knows, is a symptom of deranged kidneys. It is a condition produced by the failure of the kidneys to properly filter or strain from the blood the uric acid and other matter which if not eradicated, either in the urine or through the skin pores, remains in the blood, decomposes and forms about the joints and muscles, causing the untold suffering and deformity of rheumatism.  
This prescription is said to be a splendid healing, cleansing and invigorating tonic to the kidneys, and gives almost immediate relief in all forms of bladder and urinary troubles and backache. He also warns people in a leading New York paper against the discriminate use of many patent medicines.

## AARONSBURG.

Mable Crouse has gone to Philadelphia in a Millinery department store, to get ready for the spring and summer styles.  
Harry Burd returned to his work in Akron, O., after having spent a few weeks with his father and brother Sumner.

Ruth Swabb spent last Friday night with her sister at Tusseyville.

Hugh Cadwell, of First Fork, Potter county, was baptised Monday, January 20, at the age of 103, having been converted during revival meetings held at the Berfield schoolhouse in Whartin. Delinquent subscribers had better settle up and not put it off waiting for the "103" train to come along.

It is always amusing to see a little man swelling around in a place of brief authority.

# Coughs of Children

Especially night coughs. Nature needs a little help to quiet the irritation, control the inflammation, check the progress of the disease. Our advice is—give the children Ayer's Cherry Pectoral. Ask your doctor if this is his advice also. He knows best. Do as he says.

If you think constipation is of trifling consequence, just ask your doctor. He will disabuse you of that notion in short order. "Correct it, at once!" he will say. Then ask him about Ayer's Pills. A mild liver pill, all vegetable.

# PENNSYLVANIA RAILROAD

## Bulletin. THE EASE OF TRAVEL TO-DAY.

It has just turned a century since the first boat was propelled by steam. There was not a complete locomotive in existence then nor a mile of railroad track. But the pendulum of time has swung rapidly forward within the last two generations. The railroad, the telegraph, and the telephone have revolutionized the commerce and the industry of the world and have made neighbors of remote people.

First of all in this work of upbuilding, expansion, and development comes the railroad. It is the medium of exchange, the agency of transfer, and wherever it has gone prosperity has followed.

The Pennsylvania Railroad has built thousands of miles of track and equipped it with the best rolling stock. It has constructed or absorbed branch lines and consolidated them with its main stem, thus bringing industrial and manufacturing interests in direct touch with all the centres of trade and affording the people the facilities of travel in all directions. Travel is no longer a dread, it is a pleasure. Comfortable cars by day or night drawn by the best type of locomotives over a roadbed maintained at the highest degree of excellence, eliminate as far as possible the annoyances of travel and make it recreative rather than burdensome. Tickets are sold at the lowest rates consistent with good management and under conditions most accommodating to the passenger. The schedules of the trains are designed to meet the wishes and requirements of the greatest number of travelers, and the equipment, both as to vehicles and employes, is kept at the highest state of efficiency.

It is the object of the management to encourage travel by making it easy. Interchange is the life of the social system. Travel is a tonic to the tired—the lens of observation to all.

The Pennsylvania Railroad sells tickets good for a mile as well as for a trip around the world. It will plan a trip for you or provide the tickets for one of your own selection.

It is a fine thing to have a great transportation agency like the Pennsylvania Railroad at your command.

For old people who suffer from rheumatism, stiff joints, gout, lumbago, neuralgia, sciatica and paralysis
