MILES.

SKUNK HOLLOW. Last week, while on the way home from school, G. C. B. and Roy M., killed a skunk with the assistance of J. A. Deitrich, and the way the boys say, Jake is a marksman, as he shot twice and never hit the skunk. Then the marksman, G. B. C. said let me have the gun, and I'll fix him, by-golly. The corpse was moved to the hollow to be laid away for the good long year. The hollow's in our hollow have nearly all hired for the coming summer, viz: J. Houtz for J. Miller; H. Yearick, for C. Shaffer; John Royer hired one that he saw the advertisement in Sear's, Roebuck & Co's., catalogue; how he would look if it would be a darkey. The inclemency of the weather on Sunday spoiled several persons' intentions for Sunday evening. We have one sale in Skunkhollow that is, J. A. Hesh's, which comes on Saturday, March 21. W. H. C., the up-to-date lumberman and farmer, is running his chopper nearly day and night so he can feed his cattle chop every meal. The work in our hollow is slack at present, as we have no fellows to shovel the snow out of the public highway, so people must take the far out-around way to get into the hollow. David Musser sold several head of cattle to Shively from Union county. Mr. Shively also reported having bought J. E. Miller's fat hogs. The last lot in the Hollow. This is leap year, but the girls lost their sand, they must have carried it in their shoes and when they took them off to retire for the night, they must have spilled it and forgotten to replace it for future use.

THIS IS SAID TO HELP MANY

Prepare This Simple Recipe at Home and Try it.

SAYS MANY WAIT TOO LONG

Druggists Here in Town Say They Can Supply the Ingredients or Make Up the Mixture

Get from any prescription pharmacist the following: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by a eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all Urinary difficulties. This mixture acts promptly on the eliminative tissues of the kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions named do not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs. Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it. A druggist here at home when asked stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

We enjoyed a pleasant game at finch at Jos. Saturday. Mary Stone transacted business in Waddle, Saturday. Any one wishing to know anything about wild cats at Alto, why just ask Joe and Dennis—the difference between a wild cat and a pole cat. We are all sorry that Mr. Baylets has left the job and has not returned yet. G. B. Thompson and wife expects to return to their home at Alto, this week; we will all be glad to see them. Ed. Clark visited his lady friend at Alto, Saturday. Mrs. Davis Gummo entertained quite a number of her friends, last week. How does it come we all know where to go to have a jolly old time?

The party given by Ellery Krape and wife to our young people, was a success, and all enjoyed themselves. Although some who were there should remember the old motto, "never tell tales out of school"—"Yes you." Edward Nixon, George Ohl and James Kling, went to Philadelphia to look for horses. John Clark made a flying trip to Tyrone last week. John, what's the attraction? Perhaps if we would go up Mr. and Mrs. Burford would tell, but we know Mamey wouldn't. I believe the young ladies around here have forgotten that this is leap year. I would counsel all you young ladies, who are from ten to fifteen years older than you look, to make hay while the sun shines, and lasso the first nice chap you meet. Now, Billie Hartsock, John Way, John Neil, Bruce Lomison and Guyer Stine, look out, for we certainly have a bunch of old maids.

Have One Doctor

No sense in running from one doctor to another. Select the best one, then stand by him. Do not delay, but consult him in time when you are sick. Ask his opinion of Ayer's Cherry Pectoral for coughs and colds. Then use it or not, just as he says.

Always keep a box of Ayer's Pills in the house. Just one pill at bedtime, now and then, will ward off many an attack of biliousness, indigestion, sick headache. How many years has your doctor known these pills? Ask him all about them.

His arms were soft and flabby. He didn't have a strong muscle in his entire body.

The physician who had attended the family for thirty years prescribed Scott's Emulsion.
