ALSO TELLS HOW TO TAKE

Tells the Readers of This Paper How to Prepare the Mixture at Home and Other Advice.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack. Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime. Just try this simple home-made mixture at the first sign of Rheumatism, or if you back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is said caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost. Druggist in this town and vicinity, when shown the prescription, stated that they can either supply these ingredients, or if our readers prefer, they will compound the mixture for them.
