EDITORIAL.

PRIMARY elections will be held on next Saturday afternoon.

.EVERY Democrat should go to the primaries next Saturday. It is direct votes that make nominations now, not delegates.

THE Lewisburg Chronicle, the oldest zation of Chinese. republican paper in Union county, covering upwards of sixty years, has been denied a share of the county printing because it does not favor the re-election of Penrose to the senate. That's the exact size of Penrosism which attempts to stifle a free press and free speech. The Senator, not long ago, introduced a bill which was intended to muzzle a free press. Shades of Charley Wolf!

THERE seems to be some misunder standing among the voters of Centre county as to the time the voting places will be open for Saturday's primaries. The polling places all over the county. in town and country, precinct alike, will open at 2 o'clock in the afternoon and close at 8 o'clock in of Howard, died recently. the evening. Every democrat in the county should make an effort to be at the polls and cast his vote for the men of his choice. Every man ought to excercise this right of American liberty.

#### VARIED HUMAN NATURES.

No one learns better than the newspaper man the diversities there are in man nature, and he has some peculiar experiences. The diversity of human nature is brought out particularwhen subscription duns are sent out. Bills to those indebted for subscription are sent out from this office about twice a year when the necessity arises. There mings. is no particular pleasure in sending.

Pertinent Points About Our Election Machinery For New Voters and Old

## THE VOTER.

Who is entitled to vote in national, state and local elections? Any male citizen who has reached the age of twenty-one years.

### How about the women?

In the four states of Colorado, Idaho, Utah and Wyoming any woman who has reached the age of twenty-one years is entitled to vote on all matters at all elections, her privilege of suffrage being identical with that of the men.

### Are there no other states in which women may vote?

Very limited woman suffrage prevails in nineteen other states. In Kansas it is restricted to voting on school matters and at elections for municipal officers. In Montana and Iowa women may vote on the issuance of municipal bonds. In Montana, Michigan, Minnesota, New Hampshire, Oregon, Massachusetts, New York, Vermont, Nebraska, Wisconsin, Washington, Arizona, New Jersey, North Dakota, South Dakota, Connecticut and Ohio women have school suffrage.

#### By what right do negroes vote?

By the right conferred upon them by the fifteenth amendment to the national constitution, which reads, "The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of race, color or previous condition of servitude."

# provements and Porches

During the winter changes and extensions suggest themselves.

In the spring we naturally think of wide, cool porches.

Have you settled on what you want? Is the design adapted to your uses ?

For example the porch can be doubly improved by forethought.

We shall be glad to help you work out the problem of utility and art, and suggest better constructions, if possible.

Let us talk it over at least. Maybe you will be interested in some attractive prices on the material.
