The earliest leaf buds were noticed upon the fine maples surrounding the home of Charles W. Lucas. There will not be eggs enough to go around on Easter Sunday, if the ladies of the German Reformed church can have their way of it, for they give an egg supper the evening before, at the home of Mrs. John Wagner, for the benefit of the church and expect everybody and all their friends to come and eat that the hens can furnish up to treat them. Charles W. Smith, one of Howard's retired farmers, who because of bad health has been spending the cold season in summer climates, is among us again. The Empire Iron works runs full time and once in a while over time, and turns out substantial new work in addition to repairing thrashing engines and machines and general farm machinery. Just now it is turning up some of the special rolls for the Jenkins Tool & Iron company, which formerly had to be sent abroad to be put in order. More business on our thriving little burg.
