Hard luck, to be sure, but cheer up boys, it will not rain every Saturday.

Next Saturday the game will be at Howard, when the "Millionaires" standing at the head of the list, will be disputed with the "coal Barons," of Snow Shoe. This being the second game between these two fine clubs it will be played to the limit and be well worth seeing. The good work and manly, gentlemanly behavior of our home club (and the same may be said of the Snow Shoe boys) is adding to the good name of Howard, and the community should encourage them by a large attendance, every spectator bring cash to buy a ticket before "play ball" is called.

Of the various business enterprises in our lively little town among the most prosperous is the marble, granite and monument establishment of W. H. Mayes. The sales extend over a wide and widening scope of the country, covering portions of small states, and something more than one hundred and thirty tons of finished monument work have been turned out and erected since the beginning of 1908. Ho, for the Livonia telephone! by this phone the broker can now receive his messages from the city of Greenburr to the unsettled wilderness from mountain to valley; it is almost a necessity to extend another wire from the valley to the top of the mountain as the Sugar valley people can hardly get through on one wire; they can now find out whether the husband is up in the morning or in bed, whether the wife is cross or in good humor.

MILL HALL.

Any effort to confuse the public by connecting socialism with anarchy will fail. The movement is making great headway in this country, the middle class from a sense of justice, and the more intelligent of the working class from necessity, are flocking to the standard by the thousands, and the rank and file of the labor unions, despite the frantic efforts of their leaders to check them, are joining the only movement that will secure for them a just reward for their toil. They are beginning to see that strikes and boycotts are antiquated weapons with which to fight modern capital, and will substitute the ballot which is more potent under existing conditions. "A SUBSCRIBER"

Love and Finance.

"Oh, Henry," exclaimed his wife as she threw her arms rapturously about his neck. "I do love you so! Don't forget to leave me \$25 before you go to town this morning, will you, dear?"

"Why, Mr. Lipton," she said, curtly—"Jimmy looks so respectable, thanks to you, sir, that I thought I would send him around the town today to see if he couldn't get a better job."

A Cough Medicine

Ayer's Cherry Pectoral is a regular cough medicine, a strong medicine, a doctor's medicine. Good for easy coughs, hard coughs, desperate coughs. If your doctor endorses it for your case, take it. If not, don't take it. Never go contrary to his advice.

The dose of Ayer's Pills is small, only one at bedtime. As a rule, laxative doses are better than cathartic doses. For constipation, biliousness, dyspepsia, sick headaches, they cannot be excelled. Ask your doctor about this.

Convalescents need a large amount of nourishment in easily digested form.

THE SUMMER VACATION GUIDE.

The summer vacation is the bright spot in the dull routine of the year's work. It breaks the monotony of the daily round, and cheers and invigorates for the strenuous life ahead.

America abounds with delightful summer resorts in valley, on mountain, and beside the sea. The Atlantic coast line from Labrador to Cape Hatteras contains the greatest number of resorts devoted entirely to the pursuit of pleasure and health in the world.

One may purchase from Pennsylvania Railroad Ticket Agents, excursion tickets to over eight hundred of these resorts, covering all the desirable places, from the rock-bound bays of Newfoundland to the gentle, sandy slopes of the Virginia beaches; from the White Mountains of New Hampshire to the Cumberland Mountains of Tennessee; in the wilds of Canada, along the shores of the St. Lawrence and the Great Lakes.

The famous seacoast resorts of New Jersey—Atlantic City, Cape May, Wildwood, Ocean City, Sea Isle City, Asbury Park, Long Branch, Spring Lake, Seaside Park, Beach Haven and others, so well known that description is superfluous—are among the most popular and the most easily accessible resorts in the country.

The Pennsylvania Railroad Summer Excursion Book, to be obtained of Ticket Agents at ten cents a copy, or of the General Passenger Agent, Philadelphia, by mail postpaid for 25 cents, describes them all and gives the rates and stop-over privileges allowed on tickets.
