### GREGG TWP.

Many farmers have not, as yet, planted any corn on account of it being too wet. Better hurry for you will have to make hay before planting corn.

The score of the base ball games played on Saturday are as follows: forenoon Georgesvalley vs Penn Hall, 5-25 in favor of the home team. Afternoon Penn Hall vs Brushvalley, 8-26 in favor of the home team.

Dr. Wolf spent Sunday at the home of J. C. Condo.

S. C. Brungart was seen in town one day last week.

Misses Sarah Condo and Maude Conman spent Saturday and Sunday in Millheim.

S. G. Burrell and wife passed through town, on Monday.

A number of teachers from in and about town attended the examination at Millheim.

Wallace Albright, who is assistant cook at McAllister Hall, State College, spent Sunday with his parents.

Wonder why some of our girls look so downhearted, since school closed; no doubt, H. K. and H. B. can explain.

### FARMERS MILLS.

Most of the farmers have finished planting their corn, except those who have not got their corn ground plowed.

Carl Long expects to work on the saw mill.

Miss Cora Fredrick and brother, Boyd, and Chas. Reeder spent part of Sunday night at the home of the former's friend, Miss Verna Rachau.

William Sinkabine and Arthur Grove spent the Sabbath at the famous Penn Cave.

Memorial day passed off very nicely. Although the creek was crowded to its capacity, yet there was one man who had good luck and that was A. F. Rote, who was fishing a couple hours when he caught seven nice ones; one weighed four and a half pounds.

Preaching next Sunday evening.

Sunday school next Sunday morning and practice in the afternoon.

Most of our young men went to Millheim on Decoration night to attend the festival.

Corn will soon be ready to work.

W. S. Ard, of Buffalo, is spending sometime at the home of his parents, Dr. Ard's, of this place.

Mrs. C. P. Skeelsy seems to be the champion fisher in this part of the country, as she caught the largest trout thus far this spring on Ascension Day. It was of the California species and measured 22 1/2 inches.

James Vonada and B. F. Colner, made a business trip to Vicksburg on last Thursday returning home on Friday.

Quite a large crowd attended, all of whom were from this place, excepting C. F. Taber, a student of State College, and C. Yarnell, of State.

The base ball game between Waddle and Coburn resulted in their defeat of 17 to 0. Boys, when you come again I hope you will have better luck. Scotia and Bailey's base ball team of State College, also played, the score being 10 to 7 in favor of State.

Spangler and wife, of Bellefonte; were Decoration day visitors to friends in town and vicinity.

Bernice Fredericks is still in the state of single blessedness, and leap year nearly half gone by.

John C. Stere has purchased the fine store building from the heirs of the late A. J. Griest, and will at once beautify it with several coats of paint.

Decoration day was observed on Saturday with the usual ceremony, 14 old veterans being in line. Notwithstanding the ominous dark clouds arising in the west, a large number of people from the surrounding neighborhood came to town, dressed in gay, holiday attire.

The Rev. James Pratt made a short but beautiful speech at the upper grave yard. There was no "speaker of the day" present, but at the celebration, Miss Rebbe Calhoun recited a beautiful poem addressed to the old soldiers, the rendition of which was very fine. The closing exercises were held in the M. E. church at 7.30 o'clock p. m. A number of recitations were given, all of which were appropriate and well rendered.

The speaker of the evening was the Rev. Dr. Piper. Being unable to be present myself, I cannot speak of the merits of his address, but judging from the comments made by those who were present, the Rev. certainly must have exceeded all former efforts.

Wm. P. Fisher of New York, arrived here on Monday, having traveled all the way from that city in a double-seated "bran" new automobile.

Didn't I vos told you so? Our base ball team, on last Saturday afternoon, in a 9 inning game completely "shut out" the Clarence team, the score being 5 to 0. It was Rubie Waddell, Jr., pitching that did it. The gentleman referred to is better known as "Chuckie Stere" or Joe Stere. Joe is a south pawed fellow and when he pitches a ball, it just makes a streak. I am not posted in base ball vernacular, but the boys say he struck out seven out of nine. They just couldn't hit his left handed ball. I tell you our boys are "hot stuff." At their festival in the Grange Hall in the evening they "baked" about 800 loaves of chaff. On Monday evening there was a "scrub" game between the girls and boys. Fred Smith is a fine batter, but she seldom could bat the ball outside of the diamond. Wilmina Emerick couldn't hit the ball at all. She looked several times to see if there wasn't a hole in the bat; but Oh! Gee! you should have seen the ball fly when Martha Zahnier "let drive" the bat—"home run" every time. Marian took base on "hits" that is, the balls hit the bat then she took the base. It was a jolly game. The score was 19 to 0 in favor of the girls!

Recently, I took a short trip up Buffalo Run valley and I assure you it made my eye balls jingle to see the beautiful crops of grass and grain on the farms along the road. On Clayton Heckman's, Wm. H. Tibbens', Harry Shirry's and Jerry Roan's farm's I never saw better crops. Jerry Roan thinks its because they take the Centre Democrat. Will Tibbens gave his daughter-in-law, Mary Tibbens, wife of Wilbur Tibbens, a very small pig which she was to have all for herself. It was the runtiest kind of a runt and, of course, Will didn't think she could "raise" it but, took it to the house and put it into a cigar box. But one evening it got out and a large rat ran away with it, but his pigship was just a little bit too large for the rat hole. She next put him in a good sized store box, but it got out through a hole and the family cat brought it to the house and laid it carefully at Mary's feet, and now Mary says she would like to sell it and invest the money in a merry widow hat.

Lumen Lodge I. O. O. F. of Unionville, is in a very prosperous condition. In the few last months, our membership has increased by 14 and still there's more to follow. Those taken in are mostly young men who have already manifested a great interest in the workings of the order. They will hold an ice cream sociable on next Saturday evening, and every member of the lodge or order is earnestly solicited to be present. Come and let us have a jolly good time together.

### HOWARD.

Oh! What luck! What luck! Hammered down, by the decisive figures of 6 to 4; from first place to second by the Beech Creek boys in the morning, and then to have the rain cut out the afternoon game with Mill Hall. No wonder the Howard B. C. looked glum and sore all the evening. The good attendance at the morning game should serve as a salve for the sore spots.

Sherman Holter is at home for his vacation, and one of our finest girls wears smiles which are even brighter than usual.

An infant child of Mr. and Mrs. A. E. Strayer was buried on Monday, a. m., at Wolf's Store.

Rev. Max Lantz preached a very able sermon on Sunday. The theme of his talk was, "Soldiers of Christ."

Some very fine balloon ascensions were witnessed by a large crowd on Decoration day. The balloons were in charge of H. H. Stover and Newton Brumgart; the later kept the balloon from coming down by means of a garden rake.

Every family in our burg is greatly pleased with the pure water that has been recently put in each house; listen to the following then see what you think of the Smullton Water Co. Never in the history of any town was there more brotherly love shown than was here exhibited; only two weeks elapsed from the time they sent their orders for pipes until water was running in every house, and in all that time not one word was broken nor any hard feelings caused; all was peace and love. The water was piped 1153 feet with a inch pipe; the pipes leading from the main line to the houses included, only cost 15.60 per family. This amount includes all fixtures, spigots and plumbing, and last, but the best, the company has not a cent of debt, but have a sinking fund started. The plumbing was done by our plumber W. J. Brumgart; he is certainly fixed for that kind of work; he has lots of work of that kind on hand. Give him a call.

Our town turned out real well on Decoration day.

Harry B. Brumgart has returned from Spring Mills where he was attending select school; but methinks his heart longs for something or somebody in Spring Mills.

Smullton's base ball club defeated the Rebersburg team on neutral grounds, by the tune of 6 to 1.

Not only may rooms be cool and airy, but you can keep out all kinds of dirt, and the flies and bugs that make life unpleasant, at the same time.

Full or half length screens made to fit your windows exactly, never leak flies.

They go into place without much trouble, and it is absurd to do without them when they cost so little.

Some of the wire to be had, and the ways of making the screens, now, are very good looking, too, and durable.

All it takes to figure the cost is the number of windows, and their size accurately.
