The Schenck family biennial reunion occurs Thursday, Sept. 3, this year, and carefully made arrangements which promise a more than ordinarily good time are in progress. It is a feature of this "family" meeting that the general public is cordially invited, and it is growing more and more to be a neighborhood affair, quite generally observed.

Matthew Rogers, Sr., of Mexico, Juniata county, successful farmer, banker and business man, spent Wednesday and Thursday in our town, looking after business interests and calling upon old friends.

The Howard Lumber Co. has shipped most of its first output of bark, and will soon begin to saw the lumber.

Having spent something more than a year in the eastern part of the state and at Atlantic City, Miss May Reber has returned to her home here.

The Town Council has employed Baiser Weber to survey and make a draft of the public features of the borough. The names of these gentlemen, both directors and officers, are a sufficient guarantee of the carefulness and conservatism which will characterize the business of the bank, and a complete assurance of its success. Capt. Bension is too well known throughout the county to need any introduction or encomium. Mr. Rogers, cashier, comes to us from Juniata county, and with the excellent reputation and considerable experience in banking in Millintown, where he served as first teller for some six or seven years. Postmaster Snyder Miller cherishes highly a memento of his father, Daniel Miller, who gave his life in the war for the preservation of the Union. It consists of a 'reward of merit' card signed in the beautiful vertical docket round hand of John Tonner, Jr., dated 1838, when Mr. Miller attended the school of Tonner. The docket hand of Tonner, who was recorder of deeds of Centre county is famous in the records of our county, and looks like 'cupper plate script.'

Speaking of 'cupper plate script,' there was once a teacher in Rebersburg who could write like no other, any hand, print, ornamental, back hand, running hand or round hand. He was Benj. Franklin Winter, who died at Lock Haven last winter, and whose daughter acquired his style of back hand, which a Chicago firm of type founders copied for their 'Fantograph' series. Mr. Winter learned that with a binder on the Lock Haven and for many years a justice of the peace.

A most remarkable freak of lightning last week deprived A. M. Kramer of a team of horses, which he valued at \$500. It was the afternoon on which the heavy thunder storm passed down Penns Creek, about six miles south of us, no part of the rain coming to Brush valley. Mr. Kramer's son and Mr. Gilbert were about to cut the oats with a binder on the Reuben Kramer place, at Wolf's mill. The young man had two horses in place at the binder, but not hitched, while Mr. Gilbert was riding the other pair toward the same spot. Young Kramer had scarcely walked around the binder when the electric shock struck the team dead. Mr. Gilbert was thrown to the ground and stunned. The Kramer lad at first thought Gilbert had thrown something at him. But when he recovered, they learned that the two horses were struck by a bolt.

'Lest it be forgotten, let it be borne in mind,' that formerly there were two 'burgs' (not burgs), here—to wit: Rebersburg, and Henrysburg. Conrad Reber, about 1800 settled at 'the summer mountain,' on the great road to Sugar valley, where Col. Henry Royer subsequently resided, the farm now being owned by John W. Harter. Mr. Reber not only laid out 'Rebersburg' as he called it, from the church to the Sugar valley road, but he granted water rights and privileges in an agreement with purchasers of lots, to Francis Gramly and Jacob Walter, trustees of the German Lutheran and Reformed congregations and their successors. He provided 'that the schoolmasters and all members of the said congregations shall at all times have an equal right and privilege with the inhabitants of said town to

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forest-land, while potent to cure are perfectly harmless. True to the most delicate woman's children. Not a drop of alcohol enters into their composition. A much better agent is used both for external and internal use. The medicinal principles used in them, viz., pure plant extracts, are the most valuable and antiseptic and nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption. It is the best medicine that can be taken.

Mr. Clifford Chaney was home with parents over Sunday.
