TO CORRESPONDENTS.

A number of important towns in this county have not been represented in the correspondence department of this paper for some time. In some cases this is due to our former correspondents failing to send us the items as regularly as we would like to have them. There are other points where we have been unable to secure writers. We want the news from every section in the county, and will cheerfully print all that is of any interest, if sent to us. Therefore if you don't see the news of your section in the Centre Democrat, won't you kindly interest some competent person to send it to us. Your friends over the county, and at a distance, enjoy reading and knowing what is transpiring in your locality.

The party given at the home of Ed Lewis last Tuesday night, was largely attended; all report having a fine time.

Oats harvesting is all the go at present, most farmers are about through with harvesting and are plowing for fall grain.

The strangest event took place in our community last Tuesday night, late in the night a certain house became haunted or at least a terrible noise was heard that woke all the family and terribly frightened some of them; maybe a couple of the Snow Shoe boys can explain.

The Fourth Altoona sub-district Epworth League will hold its twelfth annual convention in the M. E. church at this place on Thursday and Friday August 14 and 15th. Thirteen pastoral charges are included in this district, all of which will be represented. An interesting program has been prepared and a most enjoyable time is anticipated. D., of Lock Haven, will deliver the address on Thursday evening; and Rev. G. M. Klepper, D. D., of Altoona, will speak on "The Irrepressible Conflict."

A new street was recently laid out in McEwen's addition by the borough authorities, to be called Mulberry street. Lloyd Underwood, of Pittcairn, was a recent visitor at his pap's home. Lloyd is a freeman on the main line and judge from his healthy appearance, it must certainly agree with him as he has lost none of his avoidpoids.

Mr. and Mrs. E. W. Mallory, of Parkersburg, West Va., are touring the state in their fine touring car. They came by way of Huntingdon and brought with them Mr. and Mrs. Fred Summers, of that place. Mrs. Mallory and Mrs. Summers are sisters of Mrs. John P. Harris, Jr., where they visited several days before proceeding on their journey. Miss Sara Harper will teach a school in Taylor township and Charley Holt has engaged to teach in Snow Shoe township. Both these young people are graduates of Prof. Fox's grammar school of this place.

Not having been in use for several years, the Union church was fast going to destruction by the ravages of time. On account of the roof being in a very bad condition the plastering on the ceiling nearly all fell off. What does Mrs. Annie E. Stere do but make a canvass of the town and secure enough funds to buy the shingles for a new roof? Then she made a "frolic" and everybody that could responded and in one day's time the roof was put on. Mrs. Stere certainly deserves much credit for the interest she took in the matter.

Harry Steere wanted his father to advance the price of calicos and provision simply because a dear, sweet, little girl baby came to his home to live. Elery Spotts had a big, broad, grin on his pliz the other morning; when asked why this happy mood replied, "Oh it's a boy! a boy! bran new boy came to my place and his name won't be Taft either."

Two games of baseball were played here on Saturday. The first between Unionville and Martha resulted in a score of 17 to 0 in favor of the former; and the second between Unionville and Julian—score 3 to 2 in favor of "us."

Out of 19 games played this season our home team won 13 and now they are crying for more worlds to conquer.

And now Bill Fry wants to buy my "flying machine" for the purpose of gathering news items for the Watchman.

George Meek cautioned me not to sell to him as they would have to enlarge the capacity of the Watchman.

Dale, the 4 year old son of Mr. and Mrs. Wm. H. Rumberger, of DuBois, took seriously ill with acute indigestion on Sunday night at the home of the writer, where they are visiting and at this writing, Wednesday morning, is still in such a condition as to alarm his parents and friends.

We can do your job printing. Our prices are reasonable.

JULIAN.

Our ball team played the second game of the season with Unionville, on Saturday. Both teams played fine ball until the 8th inning, when a dispute was about a decision made by Umpire Wagner, when the game was called.

Not a run was made until the fifth inning when Unionville tallied one run and Julian followed the same. In the first half of the eighth inning the score was a tie, 3 runs each, when game was called. Billie went up in the air and pulled a sky scraper down which looked like a homer for the Unionville's but Billie misses them when runs mean the game. Two men were left on bases and none out, when the game was called off and our team was sure of the runs which would have netted them 3 to 5. Our boys would like to play the game over again, when it is satisfactory with Unionville.

Don't forget the ball game Julian vs Martha, Saturday at Martha, near picnic grounds. Who said Umpire Wagner is a crook. He is always there to make "pro" decisions, and never favors either team and he can't be bought off.

Mrs. G. W. Ardell and little son, Mrs. Jennie Leopold, all of Phila., are visiting their parents Mr. and Mrs. Wm. Sanderson, of this place.

J. W. Murphy transacted business in Unionville, Saturday.

The young men have reorganized their famous club, and will start things rolling by giving a dance on Thursday evening, with the following officers at its head: managers, George Gray, Elmer Meyers, Aaron Turner; Treas. and Secy. Arthur Irvin.

There will be a festival, cap and pie social, chicken and waffle supper, held in the hall on Saturday evening, August the 22nd. Benefits to pay for ball grounds.

David Adams, Sr., who is employed at Osceola Mills, is home on a visit. Rev. J. R. Miller, pastor of the U. B. church, will preach his farewell sermon on Sunday morning, Aug. 23rd.

W. R. Myers was a visitor in Altoona, Thursday.

Our ball team will go to Martha on Saturday and cross bats with the strong team at that place.

When you see a young man coming home Sunday morning with his coat torn and hat mashed, all over mud, you can make up your mind he tried a near cut through the woods, got caught in the rain and tangled in the wire fence. How about it?

Mr. and Mrs. S. E. Williams were visitors at Unionville, over Sunday.

Miss Louisa Ruthenburg has returned to her home after spending some time in Marsh Creek and Orvix.

Joe Sayers, of Marsh Creek, spent Sunday in this place. What is the attraction, Joe?

The mines are not working very steady at present.

Chas. Watson, one of Snow Shoe's hustling business men, is building a new tittle at his mines, at this place.

Now, Ike, build that tittle good and strong, or the wind will blow it down.

Buck, how do you like Poor-manside?

Our people have lots of fruit and berries.

Jan. F. Uzzle, wife and two children, of Snow Shoe, visited friends in town on Sunday.

ASK SHARE IN PROSPERITY.

Ten Thousand Unemployed to Demand it of Sunshine Congress.

Ten thousand unemployed men on the East Side in New York are preparing to parade on Friday, when the Interstate Prosperity Congress, or so-called "Sunshine Congress," begins its deliberations there, under the auspices of the United Commercial Travelers' Protective Association. Announcement was made that the procession will march to the building where the Prosperity Society is assembled, and ask to participate in some of the benefits.

Leaders in social settlement work and others who have taken part in similar demonstrations in other cities are agitating the movement for a big turnout. Many of the little assembly-rooms on the East Side are utilized nightly by the unemployed in preparing for the movement of Friday, which is to be an offset to the Prosperity Congress.

The original plan was for the 10,000 men to appear at the prosperity banquet and ask for places, but this has been abandoned since it became known that the banquet is to be held at Manhattan Beach, several miles away. The program now is for the unemployed to break in upon the deliberations of the congress at one of its sessions on Friday.

That the last two Sundays were exceedingly warm and church members of Bellefonte made this an excuse to remain away from the sacred services. How different would the attendance have been had these services been of a social character, where progressive eucure was the predominant feature. How many church members in Bellefonte sit up and burn the midnight oil around a card table on hot and sultry nights who can not think of going to the temple of worship for an hour or two every Sunday and listen to the Word expounded.

These people may deceive themselves but they can't fool God Almighty who will be compelled some day to pass a sorrowful sentence on them.

All things come to those who wait—on themselves.

One Thing More

about CONCRETE buildings, and Cement for all construction work.

In Martinsburg, West Virginia, and in three places in Schuylkill and neighboring counties of Pennsylvania, there are four Cement plants being put up. They will each cost about Five Hundred Thousand Dollars each, and they have the limestone and cement shale right there. Their capacity will be enormous.

Similar plants are being constructed in a dozen different places in the United States today. Do you know what this points to? Do you see how it effects you, here in Centre county?

Those who know what Double Air Chamber Concrete buildings are like, are demanding more concrete. They see it costs less, is fireproof, good looking, cool in summer and warm in winter, and in every way a most superior building material.

And we repeat. No matter how small your buildings are to be or for what purpose, talk to us before you build.

It is as good here at home here for a house, a store, a garage or granary or a chicken pen, as it is in Kansas or California.
