I wish to call attention to the Linden Hall scribe concerning last week's items. That sarcastic person who wrote or had that little ditty written about the Runville scribe, seems to be very much interested in this town of late, in business affairs that do not concern him any; as to getting a scrumptious looking person to help pack post cards. I do not have to employ one as that has been already done and furthermore if any more assistance is needed, do not look for a call for we would be afraid that you would cause some disturbance while in our employ; as for going up Salt River, I have never taken such a pleasure trip yet like the L. H. scribe, has already done, for "low these many years." So take warning scribe as to what you say, for we are wise and can paddle our own canoe.

# Scott's Emulsion

of Cod Liver Oil is the means of life and enjoyment of life to thousands: men, women and children.

When appetite fails, it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food. But what is the use of food when you hate it and can't digest it?

Scott's Emulsion of Cod Liver Oil is the food that makes you forget your stomach.
