There are people who believe every-thing they hear, and a lot they don't.

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native nedicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak away of flesh, loss of appetite, with weak stometh, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and alds the Golden Seal root. Stone root. Queen's root and Black Cherrybark in promoting fligestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure yonsumption except in its earlier stages. It will cure very severe obstinate, hang-on, chropic coughs, bronchia stages. It will cure very severe obsti-nate, hang-on, chronic coughs, bronchia and laryngeal troubles, and chronic sore threat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most

marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of gly-

cerine:

"In dyspepsia itserves an excellent purpose, Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, cruptions, scrofulous swellings and old sores, or ulcers.
Send to Dr. R. V. Pierce, of Buffalo, N. Y.,
