

FRANCIS SPEER'S

Breezy "That" Column

THAT any dressmaker in Bellefonte will tell you that a good shape is only a matter of form.

THAT the time is coming when some fellows around Bellefonte will go fishing and catch snakes.

THAT the woman in Bellefonte who tries to conceal her age is generally old enough to know better.

THAT it is said that sixteen to one is still the ratio of girls to young men who attend dances in Bellefonte.

THAT you can't always tell the amount of brains some women in Bellefonte have by the size of the hat they wear.

THAT Jacob Marks, of Bellefonte, has come to the conclusion that the only way to get to be a millionaire is to be born one.

THAT in a certain house in Bellefonte the light of happiness is being shut out of the home by shadow of suspicion.

THAT the grammar some women in Bellefonte use in society leaves no doubt that they played hockey when they went to school.

THAT the coal dealers of Bellefonte can make it hot for you, especially if you don't pay your coal bills. That's what Bert Taylor says.

THAT there should be a political dark horse come out in Bellefonte for Overseer of the Poor "Burley" Love would have a nightmare.

THAT in some cases in Bellefonte where two have been pronounced one, it is difficult to tell who is going to be one, or, rather, wear the pants.

THAT Street Commissioner Showers, of Bellefonte, says that the man who is enjoying his work these days is not the man who is shoveling snow.

THAT they say there is a servant girl in Bellefonte who really gets up in the morning without being called. She may be in love with the milk man.

THAT the reason some young men in Bellefonte do not marry their dear little sweethearts is because they know that their salary demands something cheap.

THAT there is rather a fascinating young lady residing on Spring street, Bellefonte, who is wishing and praying that the veil of the future may prove a bridal veil.

THAT some people in Bellefonte are kicking because of the free pews in the Presbyterian church. They claim that those who go there now are made good—for nothing.

THAT the fellow in Bellefonte who thinks he knows it all is the fellow the sharpers are looking for. A smarty and the wise guy is always an easy mark for the bunco man.

THAT Mart Cooney, of Bellefonte, the lightning-rod man, says that lightning never strikes twice in the same place. How about the brand that is known as Jersey Lightning?

THAT a merchant in Bellefonte wanted to know whether advertisements pay. He was referred to a certain school teacher, whose experience was that it positively did pay to advertise.

THAT the other day we were asked what was the difference between Frank Gaibrath, the watchmaker, and W. C. Hurley, the jailor. One sells watches and the other watches the cells.

THAT a great many persons in Bellefonte have been wearing out the knees of their pants at revival meetings this winter who will be wearing out the seat of their pantaloons this coming summer by back sliding.

THAT the young man in Bellefonte who tried to be fair and square is the fellow who has to go away back and sit down. The young man who is having the fun is the one whom the women are trying to reform.

THAT Paul Fortney, Esq., of Bellefonte, was asked the other day why an elephant was like a wheelbarrow. Not being able to find it in any of his law digests he gave it up. Well, neither of them can climb a tree.

THAT a certain little boy in Bellefonte who has been made good to bed a little earlier than usual to let his mother attend revival services says it hasn't done her very much good because she doesn't make angel cake often than she did before the meetings commenced.

THAT it is stated that the other day an Irishman went into R. A. Beck's barber shop, and was compelled to wait a long time. When he finally climbed into a chair, Beck asked him: "Have you a mug?" "Yes," replied the Irishman, "and I want you to shave it quick."

THAT widows in Bellefonte seem to be in great demand just now, as it is rumored that two or three of them are getting their gowns ready to make another plunge into the crystal stream of matrimony. It is also stated that a couple of sprightly old widowers will see that they don't drown.

THAT the other night a man in Bellefonte went home late in rather a fazed condition. The next morning his wife stated she thought he would break down the house during the night. To set things right the husband said he dreamed he was in an upper berth of a Pullman and was trying to put his clothes on.

THAT there are some people in Bellefonte who truly desire to go to Heaven. Others are simply anxious to keep from going to hell. When certain gentlemen pray in church is a wonder that the building doesn't fall down on them. Money is their god and their worshiping of the true God is nothing less than sacrilege. It's true.

THAT the people of Bellefonte and vicinity are anxiously waiting the grand opening of the new shoe store of Ex-Sheriff Henry Kline. One of the principal features of the occasion will be the running of special trains over the various roads, especially one from Snyder county. It will only accommodate first class passengers, as no "emigrants" will be tolerated.

THAT a report is current in Bellefonte that while a young man is attending to business another fellow is playing "tag, or hide-go-seek" with his wife. It's a woman from whom the people expect to hear better things. If the rumor is correct, and this young woman can't stand the many temptations to go wrong, she had better leave her husband, and once more tie herself to her mother's apron string where she would be safe. This is one of the fruits of a girly marrying before she is dry behind the ears.

OVER THE COUNTY.

George Inhoof will farm the J. W. Kepler farm, near Pine Grove Mills, next season.

The season for daily free grub, from now until April 1st, is opening—public sales, we mean. See list in any issue of the Centre Democrat.

Centre county has been again recognized in the appointment of Joseph Homer Hoffman, son of Mr. and Mrs. J. H. Hoffman, of Millheim, as midshipman at the Naval Academy at Annapolis.

The Martha Farmer property, near Colyer, offered at executor's sale Saturday, was bid up to \$255, but was not sold. The executor, C. W. Farmer, thinks the property can be sold for more money later on.

Mrs. Schuyler, wife of Rev. Dr. Schuyler of Centre Hall, having sufficiently recovered from an operation in the Bellefonte hospital some three weeks ago, left the hospital last Saturday afternoon for her home.

Thus far this winter the roads over the county have been in good condition for travel, more so than usual in winter time. With none of the snows, however, have there been more than a few days of good sleighing, with no troublesome drips.

Alvin McCool, who last year farmed for James H. McCool, near Tusseyville, moved to Spring Mills and will be employed by Elmer Ripka on a lumber job. He moved into the house recently purchased by W. M. Grove from Daniel Kennely.

Miss Edith Summy, of Philadelphia, has accepted a position as clerk under Prof. Van Norman, in the Agricultural Department at Pennsylvania State College. Her parents, Mr. and Mrs. D. C. Summy, expect to move from Philadelphia to State College sometime during the present year.

John A. Rocky, formerly of Centre county, has been placed on the list of pensioners of the Pennsylvania Railroad Co. In 1865 he accepted a position in the blacksmith shop at Altoona and has held several other positions since that time. His last position was a watchman in the yard. He is 69 years of age.

Some of the wheat fields of our county do not have as encouraging an appearance as might be wished, but with favorable spring may come up to an average yield. About two-thirds of the grain fields look fair, and with favorable weather conditions from this on to harvest a good crop of wheat will result.

Mr. Coleman, tenant on the Dr. Hoy, dec'd, farm, three miles back of State College, during the recent dry spell, hauled 160 barrels of water for farm use, going a distance of three miles to the Thompson furnace spring. He hauled five barrels to a load, making 172 trips, counting six miles the round trip, would make 1032 miles he traveled in all.

Dr. Samuel A. Woods, of South Sharon, has purchased the handsome residence of the late Dr. J. V. Dale, at Lemont, and he will hang out his shingle and practice medicine. He was born and raised at Boalsburg and has a large acquaintance through that section of the county. He is an excellent physician and there is no question about his success.

The new fire hose and hose cart lately purchased by the Millheim council has been received and placed in the hands of the newly organized fire company. Thus far everything is all right for the next fire, but what Millheim yet needs is an engine to force the water to the fire as the water plant down there certainly does not give sufficient force to render the hose of much value in subduing the flames of a burning building.

On the first of the present month S. H. Heckman was made assistant general manager of the Penn Traffic Company, in Johnstown, a firm doing an extensive business and having thirteen or more departments in the store. He is the son-in-law of merchant H. W. Kremer, of Centre Hall, and to show the full importance of the position to which he has been elevated it only needs to be stated that it carries with it a salary of \$5000 per year.

Elmer McClellan, south of Earlstown who depends on cisterns as a water supply, had a well sunk, and at a depth of one hundred and fifteen feet an abundance of water was found. He is jubilant over his find, as scarcity of water frequently caused him much annoyance. The well drillers are now on the Wagner farm, tenanted by D. Geiss Wagner, and are sinking a well there. From there they expect to go to Harry McClellan above Tusseyville.

On Monday evening of last week Wm. Groff, W. S. Shelton, Dr. John Hardenbergh, of Millheim, and Dr. J. F. D. Bowers, of Aaronsburg, drove to Centre Hall. On the way Dr. Hardenbergh was seized with a chill and on arriving at Centre Hall, he was taken to Runkel's Hotel and put to bed. Drs. Allison and Dale, of Centre Hall, were called and found Dr. Hardenbergh suffering with a bad attack of pleurisy. From latest reports Dr. Hardenbergh's condition has greatly improved.

It is with much regret we mention the fact that John A. Daley, of Curtintownship, one of the best known men in the county, is suffering much pain from a wound on the face that was inflicted during the war. About nine months ago it began giving him serious trouble, so he went to Dr. Tibbins, of Beech Creek, where he received treatment. It was thought the disease had been mastered but it broke out again and it is difficult to predict what might be the result. His friends, however, hope that he may find a speedy way of relief, restoring his usual health and vigor.

Chicken thieves are plying their nefarious trade in the community of Millheim. The other evening some parties were discovered at the chicken house of Frederick Catherman and started to run carrying several chickens with them. They were pursued by Luther Catherman and Ezra Musser. The thieves hid themselves in an old shed on the banks of Elk creek and Ezra was left to guard the shed while Luther went for assistance. When he returned and the shed was entered, it was found that the thieves had escaped Ezra's watchful eye and rammed the ranch. Luther recovered the three chickens stolen, but failed to recognize the parties who did the stealing.

Boys' heavy school shoes \$1.19. At Yeagers.

James S. Reish, the Potters Mills hotel keeper, purchased the W. W. Spangler farm, near Potters Mills, for \$6500.

Samuel Grove has bought the house in Pine Grove Mills occupied by J. F. Sausserman. The former proprietors were Kepler and Musser.

J. H. B. Hartman, of Millheim, received the word the other evening that the stock had visited the home of Mr. and Mrs. Wm. Swann, at Baltimore, and left a ten-pound boy.

Dr. Frear, of State College, has awarded the contract for the plumbing and heating of his new house on Pugh street to Albert Deal, of that place. There were a number of large firms competing for the contract, and it is a large one, but Mr. Deal outbid them.

Thursday night the smoke house and an adjoining out-building belonging to William Burd in the east end of Haines township, were destroyed by fire. The buildings caught from a fire in the smokehouse put there to smoke meat. All the meat in the house was burned.

Representatives of the various Grove families in Centre county, met at the Gorman House, recently an perfected county organization. D. C. Grove, of Zion, was elected president, and Wm. M. Grove, of Spring Mills, secretary. Among other business transacted was to decide to hold a reunion on Grange Park, Centre Hall, June 10th.

The W. J. Dale property, about one and a half miles north of Pleasant Gap, along the pike between Bellefonte and the Gap, was purchased by William E. Crust, who owns and now resides on the old Chambers farm, near Lavertown, Benner township. The price paid was \$4000 which was cheap. Mr. Crust expects to make his future home there after this week.

Chauncey DeLong, the musician and a native of Bellefonte, who was employed for several years at the branch store of the Estey company, Chestnut street, Philadelphia, resigned his position with this company and on January 1, last, entered the employ of the famous Steinway company's store, Chestnut street, Philadelphia, where Prof. Clarence Shank holds a responsible position.

President E. E. Sparks, of State College, has been paid a marked compliment by Lehigh university. That institution conferred the degree of doctor of law upon him. The ceremony will take place on Washington's birthday. At that time President Sparks will deliver an address at Lehigh on Washington as an Advocate of Higher Education. This is the first time in the history of Lehigh that this degree has been conferred and is the third honorary degree given by the college in the 43 years of its existence.

Similar meetings are being held in other parts of the state and it looks as though enough sentiment will be aroused to insure the success of the move. Other states are building similar roads, which means that in the course of a short time there will be substantial public highways throughout the entire country.

No R. R. Extension at Present. At the meeting of the state grange a resolution was passed urging the Pennsylvania railroad to extend its lines between Lemont and State College. President McCrea took the matter up and drafted the following letter to the executive committee of the grange:

Your letter containing resolution adopted at a meeting of the Pennsylvania state grange held at Altoona, was duly received, and I have delayed giving you my reply pending inquiry into the suggested extension between Lemont and State College. This matter is one which has previously received careful consideration, and I find that the additional revenue to be derived from such an extension would not justify the capital expenditure involved, particularly at this time when our resources are taxed to meet the requirements of existing lines.

Storing Coal for Strike Emergency. The Pennsylvania, Philadelphia and Reading and other anthracite coal carrying roads are said to have stored more than 10,000,000 tons of coal, which means that fully \$22,500,000 of capital is tied up. It is the understanding that the railroads are storing coal so they will have a large supply for railroad and manufacturing plants in that section in case there is trouble between the anthracite coal miners and operators, when the wage scale expires March 31. The warm winter has made it possible for the companies to accumulate coal and it has given the miners an opportunity to curtail production.

Bitten by Golden-Tooth Dog. Not every person has the honor of being bitten by a dog having bridge work and gold teeth, said Alderman Mead to Martin Griese, 12 years old, who preferred information against Dr. F. H. Murphy, a dentist, of Pittsburg, charging him with keeping ferocious dogs. Dr. Murphy was held for Court in \$300 bail. The dog has a number of gold teeth in the front of his mouth, and three teeth are bridge work.

Old Couple Found Dead. An aged couple, registering as Mr. and Mrs. Lomax, of Lewistown, Pa., were found dead in their room at the Hotel Imperial at Philadelphia on Thursday morning. The gas jet was found turned on full, but it is not known whether the deaths are due to a suicide pact or ignorance in working the gas fittings.

Found Hammer "Loaded" On Saturday an inquisitive workman, John Cahill, of Altoona picked up the hose of a compressed air hammer used in driving rivets in the Pennsylvania shops, just to see how the thing worked. His act was equivalent to looking into the muzzle of an "unloaded" gun, for when he got it in the right position the hammer began to work. There was a series of lightning blifs, followed by Cahill turning a back somersault as he spat out a number of teeth, loosened by the business end of the "infernal machine."

Why don't You Try. Why don't you try to be happy? That is, if you are weak and nervous, why don't you try Seale's Pills? They are the best tonic in the world, simply because they are the best for any form of nerve weakness in men and women. Price \$1 a box; six boxes \$5, with full guarantee. Address or call on C. M. Parrish, druggist, Bellefonte, where they sell all the principal remedies and do not substitute.

"INCURABLE" HEART DISEASE SOON CURED

By the Great Specialist in Treating Weak and Diseased Hearts. FRANKLIN MILES, M. D., LL. B.

Who will send \$2 50 worth of Special Treatment and New Book Free.

To demonstrate the remarkable curative powers of his new and complete Special, Personal Treatments for heart disease, short breath, pain in the side, oppression in the chest, irregular pulse, palpitation, smothering spells, puffing of the ankles or dropsy, Dr. Miles will send, free, to every afflicted person, \$2.50 worth of treatment. The worst cases soon relieved.

They are the result of 28 years of extensive research and remarkable success in treating the various ailments of the heart, stomach and nerves, which so often complicate each case. So astonishing are the results of his treatment that he does not hesitate to offer all afflicted persons a two-pound Trial Treatment free.

Certainly nothing could be more generous. Few physicians have such confidence in their treatments. There is no reason why all afflicted persons should not avail themselves of this liberal offer, as they may never have such an opportunity again. Delays are dangerous. No death comes more suddenly than that from heart disease.

Mr. J. B. Hann, 119 W. Maryland St., Indianapolis, Ind., cured after 23 physicians failed. Mrs. Elvina Sonders, Decatur, Neb., after 10 failed. Mr. P. W. Runyan, Spencer, Iowa, after 3 failed. Mr. L. A. Prout, Lisbon Falls, Me., after 12 failed. Mrs. Mary DeHart, Greenville, Pa., after 11 failed. Mr. C. E. Smith, Wayne, Mich., after 3 failed. Mrs. Elizabeth Bost, Eaglesport, O., after 4 failed. Other cures from your state sent on request. Many cured after 5 to 15 physicians and professors had pronounced them "incurable."

Send to Dr. Franklin Miles, Dept. H., 475 to 485 Main St., Elkhart, Indiana, at once, for Heart Book, Examination Chart, Opinion and Free Treatment. Describe your disease.

For State Highway. Last week a meeting was held at the Logan House, in Altoona, at which were representatives from Cambria, Centre, Indiana, Westmoreland, Allegheny, Huntingdon, Mifflin, Juniata, Perry and Blair counties who manifested an interest in the project to build a state highway from Philadelphia to Pittsburg. Among those present from this county were Coms. H. C. Zimmerman, and Col. W. F. Reynolds and the latter was made chairman of the legislative committee.

Similar meetings are being held in other parts of the state and it looks as though enough sentiment will be aroused to insure the success of the move. Other states are building similar roads, which means that in the course of a short time there will be substantial public highways throughout the entire country.

No R. R. Extension at Present. At the meeting of the state grange a resolution was passed urging the Pennsylvania railroad to extend its lines between Lemont and State College. President McCrea took the matter up and drafted the following letter to the executive committee of the grange:
