B, of Bellefonte, his home town, as one of the two companies of the regiment that will go to Washington for Taft's inauguration. Co. D, of Indiana, has been the other lucky one selected to participate in the festivities connected with the occasion of making Taft President.
—William Potter, the sculptor and artist, is in Milesburg for the purpose of painting winter scenes to be placed on exhibition at the art show to be held in the near future in New York City. The winter has been so open that he has to watch his chance to secure an up-to-date scene of this character that would be worth placing alongside of the works of American artists. Mr. Potter is a natural born artist and has already made a reputation as well as some money.
—On Monday, February 22nd, Washington's Birthday, Gregg Post, No. 95, G. A. R., of Bellefonte, will serve a dinner in the post room on the third floor of the Harris block. It is several years since the old veterans have asked the public to assist them in this way, and it is hoped they will fall in line this time and help swell their bank account. The proceeds will go towards assisting old soldiers of the Post who are in need. Remember that the feast will be up to the standard, and those in search of a good, square meal should go there.
—The other day the electric bell at the residence of W. T. Speer got out of kilter and would not work. Russell Smith, son of Witmer Smith, manager of the American Union Telephone Co., and John Harper, son of Jared Harper, took the contract to make the repairs, guaranteeing that it would work, when they were through. The whole proceeding was at first considered a joke but the boys went to work like old electricians, developing wonderful ingenuity along this line. They found the wires broken and the batteries out of order. After considerable conjuring around they succeeded in getting the wires spliced and when they pressed the button and the bell began tinkling there could not have been two happier boys in the town than they were. They were as much delighted as when Morse sent the first telegram through the Atlantic ocean that united the old and the new continents. The bell still works like a charm but the boys are still keeping tab on it so as to make their guarantee good. Some day Russell and John may be electricians on a flying machine or invent some great machine that will make them millionaires.

—Mrs. Paxton Cowdrick, formerly of Bellefonte, is now making her home with her sister at Pleasant Gap.

—The Rev. J. F. Hower, pastor of the United Evangelical church of Bellefonte, occupied the pulpit of Grace United Evangelical church at Juniata on Sunday evening. He preached and also administered the sacrament of Communion.
—Notwithstanding the fact that February is the shortest month in the year, with only twenty-eight days, it has four Sundays and three holidays—Lincoln's birthday on the 12th; Election day, which will likely be observed on Monday, the 16, and Washington's birthday on the 22d.
—N. B. Spangler, Esq., has been confined to his bed for the past ten days suffering from an attack of the grip. He was quite ill for a time, but is reported now as being on the mend. Mrs. Spangler also had been ill for several days.
—Another time the Bellefonte Academy basketball team crowned itself with victory by defeating the Clearfield High School team by a score of 58 to 21. The game was played in the Y. M. C. A. gymnasium on Friday evening and was an exciting one from start to finish.
—For some time F. C. Montgomery, one of our progressive merchants, has not been feeling well. On Wednesday he went to Philadelphia to consult a specialist. He was accompanied by Rev. John Hewitt who wanted to transact a little business in the Quaker City.
—Last week we noted the death of Landis A. Gerberick, of Lebanon, brother of C. T. Gerberick, of Bellefonte. He was an alderman of the First ward of that city, and his place will be filled by Select Councilman William S. Rise. Mr. Gerberick was a very influential citizen, and his loss will be keenly felt.
—On Friday the new black team, attached to H. D. Shivery's milk wagon, driven by Andrew Shivery, ran away on High street, and before they were stopped they ran onto the pavement, in front of E. B. B. B.'s store, where they fell down. The tongue of the wagon was broken but the horses escaped injury.

—Rehearsals are now in progress for the annual performance of the Bellefonte Academy minstrels, which open at the opera house on Friday, February 19, 1909. According to advance information, this year's show is to eclipse any former attempts, which requires more than ordinary effort. The music is catchy, and the jokes new and fresh from the fun factory.
—John Seibring, Sr., of Loveville, father of Dr. John Seibring, having sold his farm in Half Moon township, has decided to make Bellefonte his future home. To John's end he has leased the James K. Barnhart property on Thomas street where he will move on April 1st. He is a fine progressive citizen, and he and his family will be welcomed to our town. We need more like him.
—Geo. F. Emerick, of two miles east of Centrehall, was a caller, Monday, accompanied by his son-in-law, James Fetterolf, and son, Ray Fetterolf. Mr. Emerick will retire from farming and take the world easy, having worked on the farm all his lifetime. He will have sale of his farming equipments, and his son-in-law, who has worked on the farm for fourteen years, will become the tenant instead of a hired man. Mr. Emerick, however, will remain in the old home on the farm.
—In addition to the gorgeous scenery, wonderful mechanical and startling electrical effects used in Al. W. Martin's Uncle Tom's Cabin who come to Garman's opera house on Monday evening, February 15th, may be mentioned the unusual number of high class specialties which will be introduced during the action of the play and also between acts. No expense has been spared in securing for these specialties the best available talent that money can procure and lovers of vaudeville will find it well worth their while to become one of the many who will take advantage of this fact. Prices 25-35-50 cts.
—Homer Barnes left Tuesday for the White Haven Sanitarium for the purpose of bringing home his brother, Joe, who went there about six weeks ago to be treated for tuberculosis. At first it was thought a cure could be effected but a turn for the worse came within the last two weeks which has caused his friends much alarm and uneasiness. The disease is of such a character that leaves very little hope that he will ever regain his health. He was always energetic and had a bright future ahead of him, and his being cut down in the prime of life is quite sad. However, while there is life there is hope, and his friends are hoping for the best.
—Manager Garman, of the Electric Theatre, has introduced a new feature into his evening entertainments at the opera house, which should meet with favor by our people in general. It is a first class vaudeville show in connection with the moving pictures, consisting of singing and dancing, and monologue specialties. The program changes twice or three times during the week, which always makes it new and entertaining. This is a show that should not only be well patronized by the town people but those living in the country would do well to drive into town and enjoy these entertainments which are an hour long. Everybody who attends these different performances comes away highly delighted. For a cheap show there is none better. Remember it only costs ten cents for adults and five cents for children.

—You will want to read Domino's "Spook" story in this issue.
—The various ice houses in Bellefonte are being filled with pretty fair looking ice.
—Look at your label THIS week, and in case of an error please notify us at once.
—A letter from John I. Olewine, who is now in Ashville, N. C., for the benefit of his health, says he is gaining in flesh and feeling tip-top.
—On Wednesday Benjamin Gentzel, of Bellefonte, shipped another car load of horses to West Chester. They were bought from farmers living throughout the county.
—Mrs. James Saxton, of Filmore, who has been visiting relatives in Burmingham, returned to her home on Saturday. On her return she visited her daughter, Mrs. Jack Morrison, of High street.
—Just before going to press we heard it rumored that William Chambers, the assistant postmaster, had purchased the Curtin property, on Curtin street, between the residences of Frank Warfield and J. C. Meyer.
—Two good games of basket ball in store for our sports: Friday evening, February 12, Williamsport high school plays the Academy; Tuesday, February 16, the "All Collegians," of Pittsburg, play the Academy. Both games will be played in the Y. M. C. A. gymnasium at 8 o'clock.
—Jacob Kniesly, formerly of Bellefonte, has sold out his interest in the Nittany Inn billiard and pool room and bowling alley, at State College, to his brother, Andy H. Kniesly. Jacob is a blacksmith by trade, who will try his luck up there in making music for the boys on the anvils.
—Wednesday morning Benjamin Gentzel shipped twenty head of horses from Bellefonte to West Chester, Pa. The animals were purchased throughout the county and among them were some good ones. Benjamin finds it more profitable to ship horses from this county than to bring them here from the western markets.
—The statement was made in one of our local papers that the democrats had made no nomination for councilman in the North Ward and that Paul Sheffer the republican, was the only nominee on the ticket. That was not correct, the democrats nominated Thad Hamilton for council and his name will appear on the ballot as a democrat.
—Some insignificant creatures, without regard for truth, are trying to injure Daniel Eberhart's candidacy for overseer of poor by circulating stories that he is incompetent for the place and would have to depend on others. This is unfair to Mr. Eberhart, because it is untrue. He is more than capable to fill this office in a creditable manner.
—On Friday evening, the 19th, the music for the Bellefonte Academy minstrels will be furnished by an orchestra of fourteen pieces. Remember the proceeds will go toward the canceling of the debt contracted in building the fence around Meadow Brook Park, which has formed an important part in furnishing athletic amusement for our people.
—Dr. J. L. Seibert, of Bellefonte, never gets left. He is up to "snuff" in everything. He has placed an order with Dr. John Seibring for a 1909 Model G, Franklin runabout. Harvey P. Shaffer purchased the Doctor's Stanley Stamer, and here is where Harvey loses some of that good old Lutheranism which has been hammered into him since he was a child.
—The Ladies' Aid of U. F. church will hold a baked bean supper in their room by the church, on Thursday evening, Feb. 18; will give a good, old fashioned supper. For those who would prefer soup, chicken, corn soup, will be served. Will also sell cake and cream. Everybody is cordially invited to come and enjoy their supper, and the ladies will be very grateful for all patronizing the same. Price of supper, 25c.
—Emil Roth, of Bellefonte, is now an officer in the employment of the State Board of Health. His bailiwick is composed of Spring and Benner townships. His duties consist of placarding houses where contagious diseases exist and in disinfecting the same at the proper time; in visiting and inspecting the school houses in the district, as well as inspecting slaughter houses, piggeries, factories, stagnant pools of water and other possible sources of contamination, dangerous to public health. He is a good man for the place.
—For the last two weeks one of the special attractions at the Scenic, under the excellent management of T. Clayton Brown, is the high class singing of Miss Florence Tullis, of Philadelphia, whom the Philadelphia Press, Record and Inquirer highly recommend. She has been singing in churches and choral societies of the Quaker City for a number of years, always receiving praise and commendation from the best musicians. To hear her is well worth the price of admission. If you haven't heard her yet don't miss the opportunity. Mr. Brown is now receiving his pictures from the big picture trust which enables him to throw on the canvas the very latest and the best pictures manufactured. Stop at the Scenic every evening and you will be well repaid.

To cure a cough or cold in one day take Krumrine's White Pine and Tar. It stops the tickling in the throat and allays the irritation promptly. One bottle should always be kept on hand, as it takes but half as long to cure a cough or cold when taken in time. Money refunded if it fails to relieve. At Krumrine's Drug store. 51f

George Stevenson, head driller for the Keystone Drilling Co., was last week boring for water on the premises of W. S. Robinson, in Port Matilda, and struck oil, which was pronounced by John Reese, who operated for some time in the oil field in Venango county, as a paying well which would pay if properly worked. The finding of oil in Port Matilda has caused some talk in favor of forming a company to prospect for oil up Reese Hollow.
