A Runaway Team.

smuel Durst 18... Armos Lee 43 On Tuesday morning Andrew Shivery, dward Allson 21... J R Lee 39 the milk man, had another runoff which came very near making him a subject for the undertaker. He had the black team in the wagon and was coming in Water street, from the creamery. When near the big spring one of the lines broke. The next moment the large frisky team started up the street at a break-neck speed. The driver remained in the wagon because had he jumped he might have been caught and dragged to death. When the frightened animals reached the High street bridge, near the Bush House, instead of turning to the left, toward the depot, they ran across the street, striking the middle beam, afterwards running against the large beam on the outside of the bridge. The wag-on was upset, part of which was re-duced to kindling wood. Andrew Shivey was thrown out and badly cut and ruised about the right eye. One of the forses received a severe cut on the head which came near ending its life. About ten quarts of milk were also destroyed, together with a large number of glass ing along on the bridge when he was struck on the finger by a flying piece of glass. It was cut so deep that he now has it in a bandage. While Andrew had a bad eye it didn't stop him from making his regular trip as he went and see.

A Lady's Narrow Escape.

Monday afternoon, about 3 o'clock Mrs. W. R. Gainsford, who resides on east Curtin street, came within an ace of being struck in the head by a bul let that came in through the window and just passed the bureau where she had been standing only a minute or so be-In fact it just grazed her head and lodged in the partition on the opposite side of the room. The force was so strong that when it was taken out of its lodging place it was found to be flat. It was a 22 calibre ball, and had it struck Mrs. Gainsford it probably would have killed her.

Several days ago another circumstance. grazed the end of her glasses.

unknown party, which has endangered the life and limb of those residing there, and it is soon time the authorities are taking the matter up and giving it a thorough investigation. It matters little whether it is only a small target gun in the hands of boys, used to shoot spar-rows, or whether the shooting is done by those of maturer years, the danger is all the same, and it should be stopped Now is the time to go after it, and not wait until somebody has been fatally wounded and then make a big fuss. There is a law against shooting inside the borough limits and the new Burgess could do nothing more creditable to himself than guard the safety of the people in this direction.

The Ben Greet Company.

The famous Ben Greet Company will give two performances in the State Col- designs. There seems to have been a lege Auditorium, Feb. 27th, afternoon tendency during the past few years for and evening. They will play Shakes-peare's Merchant of Venice at the mati-love and affection as well as those which nee and Macbeth in the evening. ENGAGEMENT ANNOUNCED.

The Altoena Cricket club's pretty home was the scene, Friday evening, of one of the prettiest social events of the winter season. It was a dinner and dance, both being of pretty appointments, delightful and of social importance. The occasion was for the formal announcement of the engagement of Miss Bertha Marcella Witherow, daughter of Mr. and Mrs. W. M. Witherow, of that city, to Mr. Frank Heckert Fisher, of Boalsburg, and at present engaged in business in the Altoona Trust building in that city. The wedding is announced to take place during the month of November. The dinner was a pretty affair and was served at the club house under the direction of Caterer George W. Fisher, of Huntingdon. Covers laid for some thirty-six people. It was during the delightful affair that the formal announcement of the engagement of Miss Witherow to Mr. Fisher was made by Mrs. William M. Witherow. The menu was an appetizing one and was served in a most pleasing manner. The dance that followed the affair was attended by a hundred or more people, including guests from Pittsburg, Tyrone, Hollidaysburg and other towns in the vici-nity. The bride-elect, Miss Witherow, was prettily gowned in a creation of white and presented a most attractive

appearance.
Miss Witherow is one of the most popular of the younger set of the Cricket club coterie and enjoys a wide acquain-tanceship in the city. She is both amiable and affable in disposition and with her bright, cherry manners has ever been popular in the set which she moves. Mr. Fisher is a son of the late Dr. C. P. W. Fisher, of Boalsburg, and a nephew of General B. F. Fisher and Rt. Rev. Monsignor Nevin F. Fisher, of Philadelphia. He is an energetic young man and engaged in business in that

Council Ousts Fire Company. On recommendation of Mayor Stevenon, The Lock Haven council Friday night at a special meeting, expelled Good Will Hose company from the fire department by a vote of eight to four on the charge of repeatedly violating a city ordinance, which forbids the drinking of intoxicating liquors in any of the fire houses in the city. The members were given an opportunity to resign, but they declined to do so. They asked that only the guilty members be expelled, and that a new company be formed with the innocent members as a nucleus; but council declined to entertain the proposition. The Good Will company longs to the state Firemen's association, has been in service for twenty-seven

Scotia Closed Down,

The Scotia ore banks have been closed down, throwing between 100 and 150 men out of employment, besides making t possible for a number of horses and asses to be bought cheap. As stated last week the policy, under the new management, will be to curtail expenses and this is where they have begun. It is claimed that the mining of ore there in the winter has become too expensive. and the idea is now to only operate the banks in the summer, taking out enough of about the same nature, occurred on ore to keep the two furnaces going during the same street when the ball passed so the winter. Hereafter no more ore will be shipped away. This is certainly very unfortunate to a place that has been so active for these many years, but as this is claimed to be one of the leak holes it had to be partly closed.

Letter Carriers Busy

On Saturday and Monday Edward Woods, E. E. Ardery and Robert Woodring, the Bellefonte mail carriers, were busy as bees. The fact that Valentine day came on Sunday makes it permissible to use two days to either make your friends feel like living or dying. They were burdened with extra letters containing comics or those of a sentimental character, besides packages of various sizes cantaining some of the pretty love and affection as well as those which
