Mabel Estright, after spending some time with relatives at Scotia, has returned to her home here.

John Scheckler, of Bellefonte, spent Sunday at his father-in-law's, Geo. Hoover's, here.

REBERSBURG.

With winter it would be better never, than later.

The work of the May goddess is belated, it is too cold for the tree and pond frogs to pipe their roundelay. No flowers fluting their colors to tell us it is May. We have relied on the calendar and weather man, but now we place them in the Ananias Club as undesirable citizens.

John Klinefelter transacted business in Mackeyville, on Friday.

Samuel Fellers and son, of Columbia Junction, Iowa, are guests of J. A. Heller.

Mrs. Harbaugh, who was afflicted and oftentimes seriously ill since the holidays, at last yielded to the surgical skill of Dr. Bright, of Rebersburg, and Dr. Ball, of Lock Haven, who performed a successful operation for appendicitis. She is reported to be rapidly improving under the care of her nurse and Dr. Bright.

In the election of the officers of the Millheim Banking Co., we are informed our townsman L. D. Royce has been honored with the presidency of that institution. Mr. Royce was one of our leading and progressive farmers and in all positions of trust, acquitted himself to the satisfaction of all. Being noted as a close observer of finances, intelligent, energetic and yet modest, sober, with a marked degree of business habit, is well qualified for the position, and the peoples' money will be safe under the supervision of Mr. Royce. We congratulate Mr. Royce and feel sure he will acceptably fill the position to which he has been elected.

The President drew his first month's high salary \$6250. Wonder if he pays the gasoline for the White House automobiles out of that? Brother Pitch Fork Tillman please inquire: And while you are interrogating, please inquire when those promised ovens and furnaces are going to be fired, also when will those thousands of unemployed on the verge of starvation receive their promised employment and consequent salary. Prosperity is more inconspicuous now than it had been when Taft arrived on the scene.

Last Thursday, April 29, had weather conditions of which the like has not been seen at this time of the year by our oldest inhabitants. In the morning a fall of snow of 2 inches, storm coming like a cyclone blowing the snow hither and thither, wrecking fences and some old buildings, then an abrupt change to hail and sleet. Again vivid flashes of lightning accompanied by deep reverberating thunder. Another snow storm coming in irregular fashion, moderating one minute then growing more turbulent and angry. Sun shining brilliantly a short time with more snow flurries and a westerly gale, later on at night the clouds seemed to open up and rain fell in torrents. Elk creek was swollen, overflowing its banks and inundating the low places all along its course. Friday it rained nearly all day, turning to snow in the evening. Saturday the 1st of May general breaks in bright and clear with mild weather conditions and at

The continuous rains during last week prevented the farmers from preparing the soil for their summer's grain. Mabel Wolf and Mrs. Chas. Musser made a trip to Coburn and Millheim last Thursday.

As the legislative sessions which have been held at Harrisburg, have closed and no change made on the trout season or, as a fisherman would say, that it is certainly a shame that we as voters of the state of Pennsylvania send men to make laws that don't do more for the benefit of protecting fish and game than has been done this session. I would like to accompany some of them to some mountain stream and prove to them that the way the law is now that there are more small trout destroyed than ever before. As I fished one day last week and caught over 100 trout and out of that number there were only 22 that measured 6 inches and over; the majority of the balance were from 3 to 6 inches long and were hooked through the brain and when you removed them from your hook and put them back in the water they floated down stream dead. Now then I can give you the same words from the majority of the fishermen in this community. I know of one man, Wm. Fultz, who caught 75 trout one afternoon and had to put them all back and most of them are dead. But lets say the limit is all right at 50 a day to each man and remove the clause which contains the size a trout has to be, I am positive that a man would go out and fish until he had his 50 trout and then go home; but as the limit now is 50 and must all be six inches and over; a man will also fish until he gets 50 if he is able to do so. I now wish I could impress this upon the mind of all fishermen throughout the state, and I am sure we would have a change which would be doing the fair thing to all fishermen and also to the poor trout, and if there are any that think it is not as I say I can furnish a signed statement from this community that they themselves have experienced the same thing while after the speckled.

A family of genuine southern aristocracy and was born and raised near Appomattox court house and lived in the house where Gen. Lee's army surrendered. She can relate many incidents concerning the history of the place.

ZION.

Last week, Kyle Corman, Ward Yarnell, Joel Shaffer and Orvis Lee, all of this place, left for Hagerstown, Indiana, where they have secured employment.

The wheat and grass crop in this vicinity look promising, especially the wheat which, if indications hold out, will be more than an average crop. It appears that the old timothy fields were damaged by the drought last fall while the young grass is well set; many oats have been sown, but unless the present cold spell discontinues, the crop, unless resown, may be damaged.
