Rumor has it that several changes in the corps of teachers are in contemplation. The work of our schools has been gradually improving of late years, and last year it was for the most part, quite satisfactory.

The Board should most carefully weigh any proposed changes in the teaching force, and make them solely with a clear view to the betterment of the work, and any real improvement should be made without regard to personal considerations.

We extend to the family of Mr. Bion Williams our sincere sympathy in the death of their son Clair.
