

BELLEFONTE AND VICINITY

THE LOCAL HAPPENINGS IN SHORT PARAGRAPHS

No paper will be issued from this office next week. Mrs. Susan Waitz and daughter Pearl, are spending the week at the home of Rev. J. F. Hower. Mrs. Auman, formerly Nettie Kern, of Bellefonte, is the mother of a bright little boy at her home in Millheim. Miss Nellie Hall underwent a successful operation in the Bellefonte hospital on Thursday for appendicitis. We hear that "Old Windy Tom" is giving Dorworth an occasional blast on that account he may give the Hospital a rest. Rev. P. E. Paul, pastor of the A. M. E. church, of this place, attended the dedication of the new A. M. E. church, at Philipsburg Sunday. Mr. and Mrs. Harris Cook, of Pittsburg, were pleasant visitors on Sunday at the home of the former's father, Chas. F. Cook, of North Spring street. Dr. Weston, secretary of the Y. M. C. A. was a visitor at Snow Shoe over Sunday where he delivered an address in one of the churches Sunday morning. Christie Smith's orchestra, of Bellefonte, assisted in the musical part of the Children's Day service in the Reformed church, at Centre Hall on Sunday evening. Maudie Foster, of Buffalo, N. Y., spent Sunday in Bellefonte at the home of Dr. Ward. She is a daughter of the late Major Foster, who at one time edited the Centre Democrat. George Bush returned home Saturday morning from Williamsport where he attended a three-day's session of the Consistory of 32nd degree Masons. A class of 54 was taking into the Consistory. Prof. McEntire, of Pennsylvania State College, spent Sunday in Bellefonte at the home of Hon. and Mrs. J. C. Meyer, on Curtin street. He is a most excellent gentleman and thoroughly enjoyed his visit here. Remember there is dancing every Friday night at Hecla Park, Christy Smith's orchestra provides the music, and everything is as free as the air; the only thing you have to do is to go down and enjoy yourself. R. J. Gibb, of Milesburg, is unable to walk on account of a recent stroke of paralysis. To enable him to get around a little bit through the house Mrs. Louise Harris presented him with a rolling chair which is much appreciated. On Tuesday evening, Rev. M. E. Ritzman, a returned missionary from China, gave an interesting talk in the Evangelical church on things as he found them in that far off land, where the gospel is just beginning to make some progress. The St. Paul Dispatch publishes a notice of the organization of the St. Paul Outing Club. There are six men in the club among them William M. Trezilyny, a former Centre contain, a son of Charles Trezilyny, late of Bellefonte, and a grand son of Barson Trezilyny. Grant Hoover, formerly an insurance agent here, was in Bellefonte on Monday on his way home to Williamsport from Pittsburg where he spent six weeks in a hospital taking treatment for rheumatism of the muscles of the eyes. It was quite severe but he is much improved and thinks he will soon have permanent relief. Dr. H. M. Hiller and family, of Chester, are now guests in Bellefonte at the residence of Mrs. M. H. Wilson, on High street. The Doctor is a great hunter and fisherman, and will spend most of his vacation along the famous old Fishing Creek where he has pulled out many a speckled beauty. Mr. and Mrs. Frank Clemson and children, of near Waddle, accompanied by Mrs. Clemson's sister, Mrs. Goheen, went to Pittsburg and joined the family of D. M. Clemson, and as their guests, left for Seattle to take in the Alaska Yukon-Pacific exhibition. They left in a private car and will be gone about a month. Captain Fredrick Dale is in Bellefonte on a two-weeks' furlough which he will spend with his mother and brother, Dr. David Dale. He is now stationed at Bismark, North Dakota, and just before coming east he successfully passed the examination for a battalion major, and since received notice of his promotion, so that when he returns to his command it will be as Major Dale. J. B. Crawford and son Carrol, of Freeport, Illinois, who had been visiting friends in Pennsylvania, have left for their western home after a delightful visit. Before leaving they were pleasant callers at this office. Mr. Crawford was born on the mountain but early in life he moved to Illinois where he has been getting along nicely. This was Carrol's first visit to the east. Miss Ruth Bottorf, sister of Mrs. John Olewine and William Bottorf, of Bellefonte, has resigned as musical instructor in the Seminary at Bucknell University, Lewisburg, where she had been teaching for the last three years. She is a graduate of the institution, and as an instructor in music has few equals. She has not been in the best of health for some time and thought it wise to take a much needed rest. The other day a prominent churchman in Bellefonte was overheard asking if it could be considered a case of church graft where a certain individual charged twice as much for a job of work as it could be done for elsewhere and then a fair profit realized. He said it took the proper authorities some time to get on to this get-rich quick scheme but when they did they cut it short. There are people in Bellefonte who are doing some talk thinking along this line. If you pick up almost any enterprising weekly you will find the sermons of Dr. Charles T. Russel, pastor of the Brooklyn Tabernacle. They are gaining in popularity right along, and are read by several hundred thousands of people, and by some of the best thinkers of the age who are well pleased with them, both as to the doctrinal teachings and eloquence of expression. They are found each week in the Centre Democrat which, we are pleased to say, are giving satisfaction. The aim of the Centre Democrat is to give its readers the best that's going, and these sermons are counted among the best, at least, no person with brains and intelligence has found fault with them.

William Tyson, of Tyrone, was a Bellefonte visitor on Sunday. Samuel D. Gettig, Esq., transacted legal business in Tyrone on Monday. Mr. and Mrs. Furst Crider, of Eagleville, were recent visitors in Bellefonte. Harry Barnes, wife and baby boy, of Pittsburg are visiting at the Barnes home, on Bishop street. Mrs. Susan Waitz and daughter, Pearl, of Williamsport, are spending the week at the home of Rev. J. F. Hower. County Treasurer G. G. Fink was in Phillipsburg Saturday collecting the mercantile tax from the merchants at that place. Dr. G. G. Frank, of Millheim, was a Bellefonte visitor today. Dr. Frank is one of the leading practitioners of lower Pennsylvania. Miss Emma Griggs, of Williamsport, spent Sunday at the home of Mr. and Mrs. Hammond Sechler on East Linn street. Sidney Keifer, Superintendent for the American Lime & Stone Company at this place, transacted business in Tyrone Friday evening. Sunday morning at 11 o'clock, special services commemorating the 40th anniversary of the birth of John Calvin will be held in St. John's Reformed church, Bellefonte. Mrs. Louise Bush is having part of the hill in the rear of the Arcade removed in order to make a stock room and repair shop for the Pennsylvania Telephone Co. When completed it will be a very convenient place. Charles Lukenbach has returned from Mt. Clemens, Mich., where he was taking baths to cure his rheumatism from which he has been a sufferer for the last year. He has so much improved that he is able to be again at his desk in the First National Bank, and it is to be hoped that the relief will be permanent. Don't forget that on Monday Bellefonte and Jersey Shore will play two games of base ball. One will be in the Hughes field, Bellefonte, in the morning at 11 o'clock. The second game will be played at Hecla Park at 2 o'clock. The admission to each game will be 25 cents. It is earnestly hoped that both games will be well attended. The management need money. Verna B. Stevenson, who was graduated from the Bellefonte high school last month with first honor, has been selected to teach the Oak Grove school, near Pine Grove Mills, in Ferguson township. She is an exceptionally bright young lady and the directors are to be congratulated on making such an excellent selection. They will find they have made no mistake. You are invited this coming Saturday night to spend an hour at the opera-house with Christie Smith and his orchestra. A new line of pictures will be presented that have positively never been shown in the town. Nothing but the finest. The vaudeville features have been done away with, but Mr. Smith has promised an unusually fine orchestra for Saturday night, so don't fail to see it. All for 25 cents, nothing to equal it anywhere for the price. On Tuesday evening the building committee of the Bellefonte hospital met in the arbitration room in the court house and were looking over the plans for the new addition, which is now badly needed. Never before were the services of the hospital in greater demand than they are today. Some few alterations will be made to the former plans of architect Robert Cole which will reduce the cost. Work will be commenced by contractor Henry Lowry, just as soon as possible. While up in Ithica, N. Y., the other day, Harris Olewine, of Bellefonte, had such a ravenous appetite that when he went to bed he began dreaming and finally began walking around the hotel in his sleep. If his lady friend didn't live here, we would be tempted to say something about him carrying the bed-clothes into the bath room and playing with the brass knob on the bed post, and then something else. The latter was about as bad as the fellow who sat on a cake of ice to warm himself. Sunday afternoon the families of John Olewine and John Walker returned from their automobile trip to several of the large cities in New York, such as Binghamton, Elmira and Syracuse. They were very observing along the trip and are now entertaining their friends with many pleasing tales. The trip was remarkable in the fact that Mr. Olewine had no trouble with his car from the time he left until he returned. He did not even need to blow up a tire. The only trouble experienced by Mr. Walker was that the outer tire became so hot that it pulled off a patch. Mik was down on Tuesday morning when the horse attached to Tom Beaver's milk wagon ran off. They went down High street and turned onto Water street at the rate of about one mile a minute. Our friend Beaver was after the rig but he was so far behind that it would have taken him a day to catch up, even after the furious bronco had been stopped. No special damage was done but a days profits in the dairy department of the Beaver reservation might have been lost. The wagon ran into some junk near Darius Waiter's store and became tied up. Work on the begins new electric light plant just as soon as arrangements can be made with Frank McCoy for the franchise for setting poles on his right of way, and some damage that might occur in backing up the water on his land. It seems that there is a little dissatisfaction in council over the make of lamp to be placed on the streets. The Westinghouse people want to put in an illuminating flame lamp which has proven satisfactory in many of the large cities. It not only gives a brighter light but takes only a little more than half the amount of current. The Allis-Chalmers people want a carbon light which some of the councilmen seem to favor. Among the callers at this office on Monday was "Bob" Foster, one of the enterprising merchants of Pennsylvania State College. He is one of the fellows who believes every cloud has a silver lining, and always comes up smiling serenely. He is loyal to old State and feels certain the time is coming when the town will make even more progress than it has done in the past. Lots are being sold there right along which means that just as soon as times improve the sound of the hammer and saw will be heard in all portions of the borough. He is one of the many who think that the democrats have the republicans on the run and all they have to do to win is to stick to the faith. Safe and Sure. Among the medicines that are recommended and endorsed by physicians and nurses is Kemp's Balsam, the best cough cure. For many years it has been regarded by doctors as the medicine most likely to cure coughs, and it has a strong hold on the esteem of all well-informed people. When Kemp's Balsam cannot cure a cough we shall be at a loss to know what will. At Drug-gists and Dealers, 25.

Capt. C. T. Fryberger and son, Philip, of Philipsburg, were guests of W. R. Brackbill. Edward Bezer, of Philipsburg, spent Friday night in Bellefonte as the guest of his brother, George Bezer. Mrs. William Clark with her son and two grandchildren, of Tyrone, are visiting her mother Mrs. Robt. Morrison, on Howard street. John Fisher and Mrs. John Olewine were among the guests at the Fisher-Witherow wedding which took place in Altoona on Wednesday. Toney Torsel, the shoemaker, is back from Italy and hereafter will be found in James Wian's saddles shop, on High street, where he will be glad to fix the soles of his friends. Capt. Von Brockhoven, of the local Salvation Army corps, who has been ailing for some time with tuberculosis, departed this week for Mt. Alto Sanitarium, where it is hoped she will fully regain her health. Dorothy Hilseng, daughter of Prof. M. C. Hilseng, formerly of State College, but now Principal of the Penn Hall Preparatory school at Chambersburg, spent Sunday with Dr. Ward and family of East Curtin street. Harry Teats and daughter Jane, and Miss Lottie Wagner all of Curwensville, Pa., spent several days at the residence of Mr. and Mrs. J. A. Finkbinder on Pine street, last week. Mr. Teats is an uncle of Mrs. Finkbinder. As will be seen in another column the Centre County Commissioners are advertising for bids for the repairing of the old court house and the building of the new addition. They desire the bids by July 26th so that work can be commenced by August 1st. C. N. Meserve has issued a clever account book that is attracting much favorable comment and is now on display at the Index store. It is just what every careful man or frugal woman should have to keep track of expenses, and thus be always on the safe side. The Y. M. C. A. met with very liberal response from their friends Tuesday for their benefit at Hecla Park Monday. They will have enough cake and rolls, bread, coffee, ice cream and cake to feed two thousand people and it will not be necessary for any one to take a lunch with them. Notwithstanding this warm weather the attendance at the scenic keeps up remarkably well. This is due to the fact that a change of program can be seen there each night, and many of the moving pictures represent high art. If you desire royal treatment by the management there is the place to go. Quite a number of costly French pictures are shown which cannot help but please. Rev. J. Allison Platts, accompanied by Mrs. Platts and the children, departed Tuesday afternoon for Glenora, N. Y. Rev. Platts will return on Saturday by the family train to his former home at Colyer. He will however join them in August and spend his vacation there. Glenora is situated along Lake Seneca and Rev. Platts has leased a cottage there for the summer. He also shipped a number of his chickens up there by express, so he must be going to have pot-pie. This morning the Edison Electric Co. began the continuous service to their patrons in Bellefonte. This will enable us to operate our new Mergenthaler linotype, and as we grow more familiar with its movements it will not be long until we can put up the paper by this method. The linotype was started about three weeks ago and up to this time has been working only in the evening, when the light was on, merely for practice, and has not given us a particle of trouble, doing better than we had anticipated. This day service will prove a convenience to others. On Wednesday Miss Anna M. Bechdel, of Blanchard, left on an extended trip to the far west. She will attend the Inter-National Epworth League convention which convenes in Seattle, and while there will take in the Alaska Yukon-Pacific exhibition. Before returning she expects to visit relatives in Winlock, Lewis county, and Washington, where she will remain until October. Miss Bechdel is a bright and observing young lady and the trip will be of an unestimable value to her. She will go out by rail and return by Canada which will give her some idea of the vastness of the country in which she lives.

WOODWARD Some of our farmers have already started to cut their grass which is fairly good crop. Thomas Wolf, one of our up-to-date farmers, has the record of raising the most strawberries in this vicinity. Having taken over 400 quarts from his peach orchard, Mr. Wolf intends to give them great attention and make business booming around the "Jackson Hill" on another year. Hope his crop will be enormous. Ollie Robean and lady friend Celia Steffen, of Rebersburg, visited at D. G. Mingle's, on Sunday. Lester Bowersox and wife, of Wolf's Store, Sundayed at Archie Witmyer's. Mrs. Allen Hess and daughter are spending some time at the parental home of N. W. Eby's. The Children's Day service held in the United Evangelical church last Sunday night, rendered to an audience of between 800 to 1,000 people, was certainly a success. The children should be congratulated for the able manner in which they recited and sang their sweet songs. Among the many beautiful recitations and dialogues was a drill composed of ten girls, all dressed in white, each having a rose regalia and crowned with a beautiful rose wreath; the scene was greatly appreciated by all. An oration "The Uncrowned Heroes," was rendered by Prof. Boyd F. Winkelbech, a graduate of Franklin & Marshall college. He spoke for almost a quarter of an hour and it was certainly fine in all respects. An address was made by the pastor after which the offering was lifted which amounted to \$16. It is considered the best Children's Day service ever held in this town. Safe and Sure. Among the medicines that are recommended and endorsed by physicians and nurses is Kemp's Balsam, the best cough cure. For many years it has been regarded by doctors as the medicine most likely to cure coughs, and it has a strong hold on the esteem of all well-informed people. When Kemp's Balsam cannot cure a cough we shall be at a loss to know what will. At Drug-gists and Dealers, 25.

OVER THE COUNTY.

Miss O'Donnell, of Buffalo, N. Y., has been a guest of Mrs. Cameron Burnside, on Allegheny street. A festival will be held at Yarnell on July 10th for the benefit of the local telephone line. All are invited. Nellie Kerlin, of Centre Hall, left recently for Cincinnati, where she will spend several weeks with her brother, Walter M. Kerlin. C. C. Hess had 40 pickers at work on Monday in his four-acre strawberry patch at Philipsburg, and other growers were equally busy. John Griffith, of Pleasant Gap, and his daughter, Mrs. George Gettig, left for Philadelphia on Thursday to attend the wedding of his niece, Ruth Harrison to William Hoover. Mrs. John Kremer, who spent six weeks at the Bellefonte hospital, is again back at her home. Her case had been quite serious but her friends hope for her permanent recovery. There will be a festival held near Rock M. E. church, on Saturday, July 3rd, refreshments to consist of ice cream, cakes, nuts, etc. Proceeds for pastor's salary. Come one and all, and help a good cause. Paul M. Eiters, son of county superintendent D. O. Eiters, who recently graduated from the Pennsylvania State College, will leave July 1st for Philadelphia where he will enter the signal department of the Pennsylvania railroad company. Because the board of trustees of the Susquehanna University at Selingsgrove refused to accept the resignation of Rev. C. T. Aiken as president of that institution; he has reconsidered the matter and a few days ago notified the board that he would remain for the present, at least. Last week County Superintendent D. O. Eiters, assisted by Prof. D. I. Myers, superintendent of the Philipsburg schools, held the annual teachers' examination for Philipsburg and Rush townships. The examination took place at the school building and the class numbered 57, an unusually large one. Profs. Eiters and Myers were equal to the occasion, however. The other day while Mrs. Lizzie McClay and her son were driving from State College to Linden Hall, their horse frightened at an automobile near the bridge at Lemont. They were both thrown out of the buggy, and the horse jumped into the creek where it was caught near the Martz residence. Mrs. McClay and her son were taken to the office of Dr. Woods, where their wounds were dressed after which they were taken to the home of their cousin, David Campbell. They were finally able to leave for their home in Mifflin county. After living in Michigan for a period of 32 years, Jonas F. Zerby is now making his first visit to his former home at Colyer. When a resident of Potter township he was a mason by trade and built the foundation for a number of dwellings in Centre Hall. After locating in Michigan he followed carpentering until rheumatism obliged him to retire from active work. At present Mr. Zerby makes his home with his sister, Mrs. Rebecca Fleisher, in Berrien Springs, Mich. Mr. Zerby will remain for some time visiting among his relatives and acquaintances. Dr. William Blesh and G. B. M. Welliver, of Lock Haven, have leased the old Leather's sand bank at Mt. Eagle. The lease comprises a tract of about 60 acres, for the next 10 years, with the privilege of purchasing the same. Years ago, and until the glass works at Bellefonte closed down, large quantities of sand were taken from the bank and shipped to Bellefonte and Pittsburg, but of late there has been little doing at the bank. Several different kinds of sand will be taken out, one quality used for comes, another for concrete work and plastering, and the finest grade for the manufacturing of glass. The necessary machinery, consisting of rolls, elevators, screens, etc., has been ordered by Messrs. Blesh and Welliver, who expect to begin to deliver sand about July 10.

MILESBURG.

Miss Bessie Miles has again taken a prize, this time at the Dickinson Seminary, Williamsport. She entered the young ladies' expression contest much against her will, but by persuasion of the teacher or teachers submitted and came out a winner. She had taken three of Bellefonte High School prizes. Edward Bullock and his nephew, Lynn Parsons, started with their rods and lines to spend a few hours fishing; on their return home they had three suckers and a specie of a California trout weighing 2 lbs and 10 ounces. L. C. Bullock has been employed at Snow Shoe the past week, the most of his work has been there this summer. Merritt Adams, wife and child, of Watsonstown, were guests of his sisters, Jennie and Ann School. Prof. James Gregg and wife, of Tyrone, are visiting the Gregg sisters, of this place. Prof. Sam'l M. Robb left for Johnstown on a business trip, last week. Homer Noil and wife, of Tyrone, Sundayed with relatives here. Mildred and Frederick Campbell, of Tyrone, after visiting relatives here for a season, returned home on Saturday. Wm. A. Swires, of Brooklyn, N. Y., is visiting his father, who is very ill. Mrs. S. M. Robb Sundayed with friends at Howard. James Hugg, of Philipsburg, is visiting relatives here. W. A. Broner has been painting in Unionville during the past week. Mrs. Clarence Snyder and son are visiting J. C. Snyder and wife. Miss Bessie Miles is spending her summer vacation at home. Mr. Segner and wife, of Shippensburg, are guests of L. T. Eddy and wife. A contest of three games of base ball was played between Millheim and Milesburg as follows: First game, June 12th, score 11-10 in favor of Millheim, at Milesburg; second game, played at Millheim, June 19th, score 6-0 in favor of Milesburg; third game played at Centre Hall, June 26th score 8-1 in favor of Milesburg. A birthday dinner was given in honor of Mrs. James Rager on Sunday, June 27th. The number of guests present was 27; it was the 19th anniversary of her age. Don't forget the big time at Colyer on Monday night. It is said it will surpass anything ever held on that side of the mountain. The Coburn band will furnish the music. All kinds of refreshments will be served such as ice cream and lemonade, together with cake, fruit and peanuts. PENNY A WORD ADV. Any subscriber can insert a want advertisement in this column one issue free, if it does not exceed 25 words. Charges to others, one cent a word, first issue, no advertisement less than 25 cents; 2 issues 40 cents; 3 issues 60 cents. No advertisements will be answered from this office.
