

A FARMER SWINDLED.

The gang of swindlers that traveled with the Howe circus which showed in Lewisburg on July 12th, succeeded in landing a good sized sucker in a farmer at Jersey Shore, who was touched to the tune of \$1200.

The game was worked on a young farmer who came into Jersey Shore to see the show. Two of the men managed to get him in a conversation and offered him a position with them at \$60 per month to sell electric belts which they claimed to manufacture.

Officers were sent on the trail of the show, and at Towanda the two slick articles who worked the game were located in a show car. Detective Tepel, of Williamsport, says the arrest was very dramatic.

Smith spotted one of the fellows after a short wait and notified the detective, also stating that he believed the bunco man had recognized him in spite of his changed appearance.

How to Avoid Sleepless Nights.

Here is a simple and available recipe medicinal bath for the nervously worn and those who cannot sleep at night. It is the prescription of an old physician.

Are Taking Precautions.

With the forests in many sections as dry as tinder and a grave danger of disastrous fires should flames in the woods get a good headway, the Pennsylvania railroad has called upon its men to be especially alert in the matter of promptly reporting any such fires that may be encountered.

Throwing his Fortune Away.

Throwing away what one has is not always the only way to lose a fortune. Being unable to see an opportunity, or to grasp it when seeing it, is more often the cause of losing out in this world.

Solving the Dust Problem.

Catawissa property owners, harassed by the dust problem will try an experiment in laying the dust on part of Main street. They have ordered six barrels of standard asphalt road oil and will apply it with a sprinkling can.

What a Difference.

There are thirteen prisoners in the Gettysburg jail and the commissioners are complaining about the place being crowded. Six of the number are negroes.

SOLID PENNSYLVANIA.

The proposition of Governor Gilchrist, of Florida, that it would be more patriotic to "break the solidity of the solid New England States and of solid Pennsylvania" than to adopt on patriotic grounds President Taft's plan for the breaking of the solid South is not without merit.

Pennsylvania is "solid" in almost every State and national election. It elects Legislatures which the majority of the people curse afterward, but the political complexion of which they refuse to change.

TAKEN BY THE ENEMY.

That seems to be the fate of Mr. Bryan's principles—the Republicans take them for their own. He once said that, although the people had not burdened him with the cares of office, his life was not without its anxieties.

Not one of these is Republican origination. Not one is rooted in old-fashioned Republican belief. They are all alien to the policies and the professions of the Republican party from Lincoln to McKinley.

A SOLEMN PLEDGE.

Among the speeches made by William Howard Taft last autumn, when he was appealing to the voters of the country to elect him president, was one delivered in Des Moines, on September 25, during the course of which he said:

"The party is pledged to a genuine revision and as the temporary head of that party, and president of the United States, if it be successful in November, I expect to use all the influence that I have by calling immediately a special session and by recommendations to congress to secure a genuine and honest revision of the tariff in accordance with the principle of protection laid down in the platform, based upon the examination of appropriate evidence and impartial as between the consumer and manufacturer."

You must be aware of the fact, Mr. President, that this solemn pledge has openly been scoffed at by the leaders of your party in the senate, and that the revision they are giving is anything but genuine and honest.

\$25.00 REWARD!

The regular bona fide edition of the Centre Democrat now is over 5,500 copies each week. This is over 2,500 more than any other paper published in Centre county.

A reward of \$25.00 will be given to any religious or charitable institution in Centre county if any one can successfully disprove these statements. Our subscription books are open for inspection.

THE PUBLISHER.

Lock Haven Hospital Completed.

The Altoona Concrete Construction & Supply Co. has completed the building of the new hospital for Lock Haven to replace the one burned about a year ago. The loss of that institution proved a calamity to that community and at once the good people banded together by great sacrifices succeeded in rebuilding larger and better than before, at a cost of \$65,000.

An Impatient Minister.

Brother H., a somewhat erratic minister, was very fond of an occasional glass of toddy. One Sunday, while preaching at a church in the country, where there was lots of goats that roamed at will, he was often interrupted by the goats bleating and butting around under the house.

Petrol as a Butter.

A sample of the Standard Oil Company's new "Petrol" butter has been received by State Food Commissioner Frost, at Harrisburg. It looks as much like butter as common vaseline, which is equally true as to the taste of the new food product.

The sample came from New England, where the product is widely sold as a substitute for lard. According to commissioner Frost it consists of 80 per cent vaseline, 2 per cent salt and 10 per cent corn starch.

Under the Gerberich lard law passed by the legislature, petrol butter can be sold in Pennsylvania under the plain label "imitation lard" or "lard substitute." It would hardly pass as a butter substitute even in the lowest class restaurants or boarding houses, but its use in cooking might not be detected and it would not be unwholesome, the commission believes.

Fell From Moving Car.

Mrs. Frank Confer, who lives at Runville, while visiting in Lock Haven met with an accident Saturday evening that narrowly escaped serious injury or death. She boarded a car at the corner of Main and Grove streets and had ridden only a square when she observed a friend on the street whom she wished to see.

Revolutions Condemned.

Religious revivals were classified with hypnotic seances and scored for their "unnatural and weird" results by Professor Edward Scribner Ames, of the University of Chicago, in a lecture on "The Development of the Personal Religious Experience" at the university.

"In no respect is there greater agreement among the psychologists of religion than that the methods of revivals are essentially methods of hypnotism," said the speaker. "The fixing of attention, the manipulation of the subjects through a series of suggestions, the final mandatory exhortation to surrender and to indicate it by a simple motor response—all these are the well-known methods of hypnotism."

Paste in Your Hat.

If next winter you find you have to pay about 50 per cent. more for a suit of clothes or an overcoat than you bought the last ones for, don't blame the clothing dealer. It won't be his fault. And don't "cuss" the shoeman if he charges you \$4 or \$5 for the same kind of shoes you've been buying for \$2. Neither will it be just to find fault with the butcher because your meat bills will be higher the coming winter than they were last year.

KRINES KIDNEY PILLS.

A Guarantee of Satisfaction. If you have pains in the Back and Loins it shows that kidneys are affected, and they in turn will affect the Nerves, causing Nervousness, Sleeplessness, Restlessness and Irritability; too frequent or infrequent Urination; Excessive, scanty, or Painful Urinary Passages; Dropsical Swellings, Kidney Rheumatism and resultant conditions of Uric Acid Poisoning, Loss of Appetite, Frequent Heart Palpitation; Sallow, Muddy looking complexion, Headache, Depression, Weakness and Faint Feeling. KRINE'S KIDNEY PILLS will quickly correct these conditions. One month's treatment \$1.

Will Give Fair Notice.

Notices are being sent out by Secretary Kalbfus of the Game Commission, calling the attention of the wardens to the fact that, while the new law denying foreign born residents the right to own fire-arms went into effect May 1st, the commission desires to be fair in the matter and no prosecutions are to be brought against the foreigners until a reasonable time after the notices telling them of the law, shall have been posted. These notices were delayed in printing and are only now being sent to all parts of the State.

Bug in the Wheat.

Have any of our farmer readers noticed a little brown bug in the wheat just harvested? Mr. S. K. Emerich, farmer near Unionville, informs us that in the wheat in that section a little brownish bug is found under the chaff in the wheat heads. The insect has a hard shell is about the thickness of a darning needle and short, resembling a potato bug only that it is small. Other farmers in that section have made the same discovery.

Case of Lockjaw Cured.

Mrs. David Yocum, of Hublersburg, Centre county, is one of the few persons who has recovered from lockjaw. The woman tramped on a rusty nail and the awful disease resulted. Treatment was given to her and after a week the muscles relaxed and she is now on the road to health. Dr. Fisher, of Zion, was the attending physician to whose treatment credit is due.

A Big Crop.

A 3,000,000,000 bushel corn crop, such as the government report gives the country a right to look for, furnishes a new reason for corn to assert its kingship among the farm products of the United States.

A reunion of the Red Men of Centre and Clearfield counties will be held at Ocooca on Labor Day, September 6th. The people of that place are making preparations for a big day.

FALLS AND BREAKS NECK

A Peculiar and Fatal Accident Occurs Near Charlton.

Saturday morning, Mrs. Jean Rich Sterner, the wife of Clarence E. Sterner, of Philadelphia, and the daughter of Mr. and Mrs. M. B. Rich, of Woolrich, had intended going to Williamsport and with her father drove to Charlton in a buggy to Hoover's crossing at that place, where she intended crossing the river in a boat to the railroad station. The road has been recently plowed up at this point, and after getting out of the buggy Mrs. Sterner tripped, and falling forward on her neck, broke it. Death resulted in a short time and her body was removed to the home of her parents, about two and one-half miles distant. The accident happened so quickly and with such fatal results that Mr. Rich was severely shocked.

Deceased was about twenty-eight years old. She leaves a husband and a ten-months' old child; her parents and four sisters and three brothers also survive. She was a graduate of Williamsport Dickinson Seminary. Her father, M. B. Rich, is well known to many people in this section.

Cuts Alaska Wheat.

The farmers throughout this section are awaiting with great interest the result of the experiment of Mr. C. K. Sober, of Lewisburg, with the Alaska wheat, which he has planted on his immense farm in Irish Valley, near Shamokin. The new grain, which is credited with having a yield from two to four times as much per acre as the ordinary wheat grown, was planted last October by him. He secured five bushels of the seed and the yield, while not considered by Mr. Sober to be under ordinary favorable circumstances, was surprising. The field was cut and he expects to get at least twice as much per acre as from other grown in an adjoining field. The heads of the new wheat are larger and have over one hundred grains. The stalk is much heavier and thicker than our wheat, as is necessary to keep it from breaking down. The seed was planted at a very late season by Mr. Sober, and he considers in this one respect that a larger yield could be had under better conditions.

Hecla Park Dances.

On Friday afternoon and evening of this week the usual concert and dance will be on at Hecla Park. Trains leave Bellefonte at 2:20 and 6:55 p. m. Fare for the round trip, adults 25 cents, children 15 cents.

GILLEN'S GROCERY

Two Ways of Doing

In days ago, a builder dealt with a dozen different supply houses. He bought his brick and stone here, lumber there, glass elsewhere, and nails and bolts round the corner.

In THESE days Mr. Builder does it differently. He makes his plans orders everything from one complete supply house, and when the material comes, IT SUITS.

And you are here now, today, with the B. L. Co.—not yesterday with the dozen.

Railroad Sold.

Clarence L. Peaslee, attorney for Fred C. Leonard, of Coudersport, Pa., L. T. McFadden, of Canton, Pa., and John P. Reynolds, Jr., of Boston, Mass., who are the receivers for the Pittsburg, Binghamton, and Eastern railroad, have sold the Phillipsburg railroad, to ex-Judge David L. Krebs, of Clearfield. The price is announced, though it is presumed to be about \$300,000. It is believed that Judge Krebs represents either the New York Central or the Pennsylvania Railroad companies. The Phillipsburg railroad, which is about seventeen miles long, runs from Janesville, in Clearfield county, to Phillipsburg, and was formerly known as "Langdon's Road." It was acquired by the Pittsburg, Binghamton and Eastern, by purchase, several years ago. Monday's sale carries with it all the equipments, consisting of box and coal cars, passenger and baggage cars. A number of bituminous coal mines are located along the road, and the coal is used for passenger traffic between the points named.

GOOD HEALTH and PURE FOOD Nearly every state in the union, as well as the Federal Government, has realized the need, as well as the wisdom, of enacting PURE FOOD LAWS for the protection of the General Health of the public. In these days of ingenuity in all lines of manufacture, the processes for imitating the GENUINE, by placing inferior goods on the market, no where has been more widely practiced than in the general line of groceries and Food Products. Inferior adulterations of all kinds abound. They are, to all appearance, pure and nourishing, but invariably are injurious, and in some cases fatal. For many years the firm of SECHLER & CO., BELLEFONTE, has been a by-word and a God-send to the housewife for the reason that the name alone always was a guarantee of purity and quality in anything that came from this famous store. The long experience in this one line enables SECHLER & CO. to buy intelligently and sell reliable groceries to those who appreciate the fact that PURE GROCERIES are the CHEAPEST FOOD, and an assurance of good health to the consumer. What you buy from SECHLER & CO. is always right and the price consistent every day of the week, and every week of the year. SECHLER & COMPANY Bush House Block, Bellefonte, Pa.
