Sarah Meyer spent part of her vacation at Mt. Gretna.

Quite a number of people whose relatives are buried in the Union cemetery, but who have wandered away from the old home, object to having the burial ground open like a modern lawn to invite intrusion as well as degradation and have promised to contribute their share towards a suitable iron fence.

"Pel," Winters, central road master, has finished the road over the mountain to Tyersville. He has covered the rough places so that when the Sugar valley boys come over to see the Rebersburg girls, they will not stub their toes!

In digging into the bank at some places the men found the earth dry for ten feet. Who says this old planet isn't drying up?

Howard Krape, the musical instrument salesman, spent some days at home. Like Tenneyson's brook, he is going some, or words to that effect. He is quite a genius in the way of fixing up an old instrument to make it emit harmony.

The Evangelical people have changed their minds and will hold a camp meeting at Greenburr, beginning Tuesday, August 18. After all, it will be good news to many.

On Thursday C. O. Mallory entertained a number of friends at the farm. It was like old times when a man was a prince who could spread his feast beneath his own vine and fig tree.

Among his guests were Thomas Walker and family.

David Meyer keeps the old ancestral home in apple-pie order, nor does he object to the boys' spearing all the frogs they can in the dam, and the old catfish that see fit to bite.

If you know of an enterprising well-digger, send him along.

Speaking of apples, generally W. H. Frank, who farms the P. S. Bierly place, north of town, has them always. The varieties which he keeps until the Corn or Early Harvest and the Red Astrachan come in, are the Greenstone and the Sweet Vandervere. These are the longest keepers.

On next Saturday the sons of veterans will have a great time at Rebersburg, consisting of a picnic in Charles Smull's woods near Hubers Gap, and a sham battle. They anticipate a big crowd for which elaborate preparations have been made.

What your correspondent tried to say last week was that Hon. Henry Meyer has a fine trout stream, but that he has not fished it since the fool law was passed limiting the size of trout one can take to six inches. Many people thought this fool provision was out of the law in the last legislature, but it appears there again, just the same.

Many "hiked" across the mountain to Tyersville last Saturday.

All Sugar valley is grinning at P. M. Hart's bear. They all know he was dreaming, for there hasn't been a bear seen in those mountains since Jakey Spangler caught the last one. The bears have boycotted that whole Fishing Creek region, and this law by malicious youngsters or adult vandals.

On Saturday the Rebersburg base ball team went to Tyersville expecting to meet a picked team from Avis and Lamar. Instead they faced the Rote boys with the champion pitcher of Mill Hill, Mr. Debbier, who is said to be one of the best of the tri-county league, and was assisted by Neff. Up to the 3th inning the game stood Rebersburg 13, Rote 9. Then Kidder let the Rote boys have three runs. Hubler caught for the Rebersburg team. It was soon evident that the Rote team was out-classed at every point. For the rest of the game the Rote team hit the field into the woods quite often. The Tyersville team defeated Lamar by 5 to 4.

The Livonia Reformed Sunday school on Saturday joined the Tyersville schools in a picnic and festival in Emanuel M. Bierly's grove, when they spent a happy day together. The Greenburr band and the Reformed Sunday school of Tyersville furnished the music. Addresses were made by Revs. Wetzel, Biesty and Rothenburg, all denominations having been invited. The retail merchants are doing a fair business and, so also the lumbermen.

Rene is running a shingle mill and is sawing good shingles and coining money; the reason being he was raised in high-sky and got his wife in the mountain place, and now is the leading shingle sawyer in the county. This is good news, as it is said that a man is raised on a sandstone farm that he is a polecat by smell.

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."
