It is estimated that more than 500 bushels of huckleberries came down the pike that were picked on the Aleghenies in the vicinity of Benners Run, and, judging from what we saw, there will be a thousand bushels that will never be picked. It is consid-ered no trick for a person to leave here at 5 o'clock in the morning, go out and pick a bushel of berries and be before the sun drops to sleep. They just hang in clusters like grapes. The berries are very firm and large

and will be gathered for the next ten days yet. I cannot vouch for the truth of this, but Mrs. Rumor did say that Mrs. Sarah Emerick used a tin plate-just shoved it under bushes and then shook the berries into it then emptied it into the bucket.
