THE MOTOR CLUB RUN

Leave Bellefonte and go to Lewistown and Huntingdon.

On Tuesday the Bellefonte Motor Club took its first run,. Out of about fifty members, only eight were found in line, yet, the few who took advantage of the outing were certainly repaid for all the time and gasoline they lost. Through some means the word had gone in advance that the run was SWORN CIRCULATION OVER 5500 being made as in every town and hamlet the residents were out with a word of cheer. At Burnham, our car slowed up when over one hundred anxious looking school children surrounded the car and, as with a college yell said, "Mr.! did you fellows get that fellow yet, that robbed that express train in the narrows?"

While in Huntingdon the general impression was that B. M. C. on the yellow steamer meant Baltimore Motor Club and quite a number of people expressed their astonishment on making such a big run. The machines in line were as follows: W. A. Moore, Frank Naginey, George A. Beezer, John P. Lyon, Robert Hunter, Dr. John Sebring, Hugh Crider and Donald Potter. The other guests were Lewis Daggett, Laird Curtin, John J. Bower, John C. Rowe, Thomas Beaver, Malcolm Mitchell, Russell Blair, Dorsey Hunter, Will Keicline and Howe Stevens, of Tyrone, Harry Baum, Francis Speer and Mrs. Donald Potter and her friends, Mr. and Mrs. Taussic, of Pittsburg, who have been visiting the Potter home.

The participants in the run left Bellefonte in the morning about 10:30 o'clock for Huntingdon. The representative of the Centre Democrat fortunately was the guest of W. A. Moore, president of the Nittany and Bellefonte furnaces, who is the owner of a famous Ford. On the pike, between Reedsville and Lewistown, Donald Potter had a blow out which tested his Presbyterianism. The ladies were out on the pike walking around with the visions of dinner far in the distance. After an hour they finally got All the people of Pennsylvania save the machine started. It took a good bit of coaxing to get the engine candidates in order that the robbery started. Hugh Crider had about five punctures during the day. When going between Huntingdon and Reedsville he was unfortunate enough to have three blow outs at one time. Hugh looked as if he was saying: 'Autoing in just one damn thing after another." Lewis Daggett and John C. The first to return to Bellefonte at 10:30 was John Lyon. He was followed closely by Frank Naginey and Mr. Moore. Others came later. Dave Dale and Horton S. Ray left Bellefonte after dinner and ran to Huntingdon and got back to Bellefonte about 6.30 p. m., but they didn't spend any time along the road.

One of the jokes of the trip was that George Beezer took with him a little garage, thinking he could sell "President Taft on September 30 is tires and repairs to the poor d--ls in

Refreshments were served at 10:30; after an enjoyable evening they returned to their homes in the wee hours of the morning; all Bellefonie report having had a good time.

A RARE TREAT.

One of the visitors in Bellefonte on Sunday was F. W. Bible, son of Frank Bible, ex-Recorder of Centre county. Fifteen years ago he was graduated from the high school of Bellefonte Through the interest taken in him by friends in Bellefonte he was enabled to graduate with honors fromPark College, Kansas. Showing himself a young man of remarkable ability those specially interested in foreign missions were eager to have him take up the work, which he finally did. He left this country for China where he remained five years. Although quite young he showed wonexecutive ability, and at once seized upon the situation. He finally Twenty-two months ago he returned to this country for the purpose of securing \$25,000 to help in erecting and equipping the largest school in that empire, and there is no question but that he will go back with that amount of money in his inside pocket. It is said that he secured one thousand dollars here. On Sunday he was a guest of Gen. James A. Beaver and filled the man of wonderful talent in presenting a theme which he has so much at heart. He has a large brain and is a strong, powerful man, who some time will make himself felt in the kingdom of China. He need never be atraid to stand before the most cultured and learned men of his day and generation. He thoroughly convinced his hearers that China some day would become the most prosperous nation on the face of the earth. Their mineral wealth is inexhaustible, and as soon as the people become Christianized and American machinery is sent in there everything will boom. The Standard Oil Company and the United States Steel Company are trying to get a foothold there, and when they do the manudumb and as ignorant as the people ceremony and congratulations a de-would have them to be. Near Slab Cabin another trestle will be built which will be 250 feet long and about 35 feet high. Going into State College the pike is fol-lowed to the hotel. The entire grade will not be more than two per cent. It is not definitely settled yet what power will be used, whether it will be gasoline cars or electricity, but either of them will do the service. It is said that a gasoline car, equipped in the best of style, will cost from \$10,000 to \$20,000.

To Williams Grove.

Pennsvalley sent its quota to the Williams Grove picnic this year.

Among those whose names have been reported as being in attendance are ohn A. Heckman and wife, G. E. Heckman and wife, Sidney Poorman and wife, William Homan and wife, W. R. Neff and wife, J. W. Dashem and wife, C. M. Arney and wife, Hon. Leonard Rhone, Misses Tillie Keller and Elsie Moore, all of Centre Hall. From Spring Mills these names have been reported: Warren F. Stover and wife, D. W. Corman and wife, C. T. Finkle, Clyde E. Duck, Harvey Wert.

The other night Charles Lytle, John Hicks and Herman Griffen, of Stormstown, took their girls over the mountain to Port Matilda for ice cream. While they were partaking of the ice cold delicacy some miscreant went to their bug-gies and stole their whips. What's the difference? They didn't desire to drive ome fast, anyway.
