In last week's paper I noticed in Holts Hollow items the following: "We are sorry to hear of Leonard Watson's death." Last Wednesday morning one of James Davidson's fine cows while trespassing on the railroad got hit and killed by P. G. 13 west. The farmers soon ought to take warning and look after their stock better; this is the third one knocked and two of them killed in a short time. It is carelessness of the farmers to expose a dumb brute to such danger when it can be avoided.
