DAUGHTER SLAIN BY ENRAGED FATHER

THEN SHOOTS HIS WIFE AND AT-

DESPERATE DEED AT MIFFLIN

Arthur Allen, Proprietor of Hotel-Had a Quarrel With His Wife—Allen and Wife Will Recover—Daughter is Dead.

Arthur Allen, proprietor of the Keystone Hotel, at Mifflin, shot and instantly killed his 5-year-old daughter Catherine, seriously wounded his wife and then turned the weapon on himself. Although a bullet passed entirely through his head, it is believed Alien will recover.

Some weeks ago Mrs. Allen left her len decided to return to her husband. Early Thursday morning the watchman at the Pennsylvania Railroad depot heard a commotion in the Keystone Hotel barroom. He summoned help and went to the place. In the meantime Allen had gone to the room on an upper floor where his wife and daughter were and opened fire on them. The first bullet struck little Catherine in the forehead, fracturing her skull and passing through the brain, killing her instantly. The second struck Mrs. Allen in the right temple, but the frontal bone deflected the bullet and it passed around the front of the skull, breaking through the skin at the left temple. While her wound is not serious, she is in a precarious condition from the shock. Allen then turned the weapon on his own head and fired, the bullet passing through his head. He did not lose consciousness, however, and was arrested and placed in jail.

AN ACTIVE CAMPAIGN.

An active campaign to be carried into every part of the State and into Philadelphia and Allegheny counties, determined upon recently by the Democratic State Executive committee at a conference with the candidates, National Committeeman Jas. M. Guffey and State Chairman Arthur G. Dewalt.

Reports on the conditions throughout the State were made by the district chairmen and candidates C. La-Rue Munson, J. Wood Clark and George W. Kipp reported a rising tide of sentiment in favor of the Democratic ticket in their districts, the report being especially favorable in regard to the candidacy of Mr. Munson. Col. Guffey also spoke briefly and

remarked as he left the meeting that he proposed to figure considerably in campaign. Similar statements were made by Ex-State Chairman George M. Dimeling, of Clearfield, and Charles J. Reilly, of Williamsport, Division Chairman Charles P. Donnelly and City Chairman John R. O'Donnell, of Philadelphia, discussed conditions in Philadelphia, speaking on the activity of the Gibbony campaign. In addition to State Chairman Dewalt and the candidates and speakers there were present these division chairmen: W. K. Meyers, Harrisburg; B. J. Clark, Altoona; W. J. Brennan, J. Clark. Pittsburg; H. M. Good, New Castle; C. P. Donnelly, Philadelphia; D. J. Driscoll, St. Mary's; G. W. A.McDonold, Lock Haven; John G. Harman, Bloomsburg, and John A. Ancona, Reading., A further conference will be held next month when reports from every county will be presented." The committee," said Chairman Dewalt, "will work actively in connection with the county chairman and roll up a big vote. I think this is going tobe a big mains of a workman who met death Democratic year."

NO FOREIGNER MAY HUNT.

Having received a query as to whether or not an unnaturalized foreigner may hunt in Pennsylvania, we give the following extract from the law governing the matter:

Section 1. Be it enacted, etc., that from and after the passage of this act, it shall be unlawful for any unnaturalized foreign-born resident to hunt for or capture or kill, in this Commonwealth, any wild-bird or animal either game or otherwise, of any description, excepting in defence of person or property; and to that end it shall be unlawful for any unnaturalized foreign-born resident within this Commonwealth, to either own or be possessed of a shot-gun or rifle of any make. Each and every person violating any provision of this born to a cow owned by Lowery Jussection shall, upon conviction thereof, be sentenced to pay a penalty of twenty-five dollars for each offense normally formed it lacked one leg and or undergo imprisonment in the the serviceable tail. The one hind leg common jail of the county for the was placed rather far forward upon period of one day for each dollar of the body, which was left without the at that place. He was on the front penalty imposed. Provided, That in adequate support. Unfortunately the addition to the before-named penalty creature was dead, else Mr. Justice all guns of the before-mentioned might easily have realized handsomely kinds found in possession or under control of an unnaturalized foreign- poses. born resident shall upon conviction of such person, or upon his signing a declaration of guilt, as prescribed by this act, be declared forfeited to the Commonwealth of Pennsylvania, and shall be sold by the Board of Game Commissioners as hereinafter

That Quay Statue.

Democrats, in Pennsylvania are now and public roads. expressing their religeous indignation over what they feel is an insult to the honesty, integrity and intelligence of this great state, that of the Gang forcing the erection of the Matt Quay Statue in the Capitol at Harrisburg. It is such an outrageous imposition as may bring on serious complications in the future.

In commenting upon this outrage John B. Oelleg, a prominent citizen of Greencastle, writes the following to the North American:

"Well! well! So the Quay statue is to be taken out of cold storage and given a niche in the "Palace of Graft." This is certainly a fitting finale in the embellishment of this notorious structure. To an outraged commonwealth this is the "unkindest cut of all." A blot upon the escutcheon of our state.

Better far that a kindly oblivion un-hindered should efface all memory of a pathway trailed by suicide, biasted do not substitute

-Mens' \$5 18-inch hunting shoes \$3.50 fair week only. At Yeagers.

THE STATE FORESTS

Will Produce Valuable Timber

in Time. The amount of land now owned by the State for forestry purposes and under control of the State Forestry Commission is 925,000 acres and it is constantly being added to by Commissioner Conklin. Last week Commissioner Conklin purchased ten thousand acres in Chapman township, Cameron county. All of this land was stripped, of course, but the State will give it fire protection and plant new forests, so that in time it will be very valuable. The cost to the State was

\$1.50 an acre. A man in Tioga county offered the State 302 acres of stripped forest land at 99 cents per acre, to be delivered at once or later to the custody of the State. Reports from some of the forestry school graduates who have been husband. Trouble arose over the cus-tody of the daughter, Allen retaining possessoin of the child, and Mrs. Al-fonte, state that all the land will rethrough the State during the summer, produce good timber, and the State will be richer by 30,000 acres of fine tract several million feet of good pine and marketed. This timber is yellow supply is exceedingly scarce.

Scores Dead in Gulf Storm. Gradually New Orleans and the territory surrounding the Crescent City is recovering from the first effects of the tropical hurricane last week. Fifty-five human lives are now positively known to have been claimed as victims of the storm, and forty-five others are reported to have been lost in Lower Terrebonne parish, but as yet this report has not been authenticated. The property loss will run into the millions. Miles of territory have been laid waste and crops have practically been ruined. Dwellings, cotton gins and sugar mills have been levelled.

More than ten lives were lost and property worth over \$2,000,000 was destroyed in the cyclone which recently swept over the province of Pinar Del Rio, Cuba. Communication between Havana and the storm area in the western part of the province was cut off except at two or three points, and reports of damages are just reaching Havana. More than 2000 people are without shelter.

A Saw Mill Burned. The steam saw mill owned by William Shaffer, of Mill Hall, and located on Marsh creek about two miles east of Romola, was destroyed by fire which was discovered about 5 o'clock on Thursday morning. The mill has not been in operation for some little time and the origin was undoubtedly due to the dastardly incendiary. How much damage was done to the boiler and engine has not been determined but saws, belting and shafting were ruined. Not much lumber was burned. The mill was sawing out lumber for Harter & McCormick, of Lock Haven. Last spring the latter firm lost heavily when much of their lumber at this mill was destroyed by fire started from a spark from the smoke stack lodging in a lumber pile. The mill will likely rebuild since the timber was not exhausted at that point.

Petrified Head Found in Mine. Eight hundred feet below the surface of the earth, miners digging a tunnel unearthed a man's head, petrified, in the Maple Hill mine, in Schuylkill county. The specimen, which is a perfect one, will be sent to a Philadelphia museum.

The eyes, ears, nose and even the hair stand out in excellent relief. It is believed that the head is the reyears ago and no one was ever able to find his body. The freak find was made under a large rock, over which running water passed.

A Much Needed Improvement.

There is not another piece of road in Centre county that has caused more swearing and cuss words than just the pike from Rishel's hill, near Axemann, to Lemont. The life and limb of both man and beast was imperiled as they drove along on it which naturally made many a man forget his religion. However the supervisors have wakened up to their duty and responsibility to the traveling public and have been making repairs which is appreciated by all who travel that

A Freak Calf.

Recently a decidedly freak calf was tice of Valley View. Though in many respects the calf was perfectly and on the queer calf for exhibition pur-

A Bumper Rain.

Last Thursday eve about 5:15 a neavy rain set in, accompanied by lightning and thunder though not to any flerce extent. The downpour lasted until about nine o'clock in the evening when the official rain gauge registered 1.87 inches. This soon caused a rise in the streams of some two feet The people, both Republicans and and no doubt washouts in the fields

Disappointed in the President. President Taft's recent speeches in oraising Aldrich and the gang and his pretext for tariff reduction indicate plainly that he is in the hands of the politicians. Republicans in this vicinity, especially workingmen, think they

have been buncoed. Locks Himself in Prison.

A man who neglects to take the right tonic when he is run down by overwork or nervous strain locks himself up from the pursuit of life. -Mens' snag proof lumbermen gums \$1.75 fair week only. At Yeagers.

BIG FIRE AT MT. EAGLE.

A destructive fire occurred at Mt. insurance

About 2.30 o'clock flames were noticed issuing from under the roof of the Earl H. Leathers handle factory and an alarm was at once sounded. The town being without fire protecthe scene and labored hard to check however was completely destroyed as was 100,000 handles of various kinds. Mr. Leathers places his loss at \$3,500 on which there was no insurance.

The fire spread to the dwelling house and store of Franklin Deitz, west of the factory, and both were destroyed, causing a loss of \$3,000, on which there was no insurance. On the east divid-ed by a 20-foot alley stands a dwelling The evil effects of drink are not all house owned by John Leathers. This the fire fighters succeeded in saving, but the barn on the rear of the lot was timber land. There is now on the burned, causing a loss of \$350, on which there was no insurance. The timber which should be cut at once cause of the fire is not definitely known but is believed to have been started and white pine, which is considered from a spark from the engine room of very valuable in Pennsylvania, as the the factory, which lodged under the cause of the latent heat absorbed, which eaves of the building.

> Girl Fights a Cougar With a Hatpin. Miss Isola Kennedy, daughter of John Kennedy, of Morgan Hill, near Jose, was attacked and terribly mangled by a California lion near Glen Willis, on the Coyote creek, while she was on an outing with two young men. The lion first sprang on one of the boys and then attacked Miss Kennedy, who fought him as best she could with a

long hatpin.

The boys ran to the camp of the Bay Cities Water Company, near by, and gave the alarm, and two men, John Conlon and Mr. Fletcher, hastened to the girl's aid. The former fired four times at the animal with a shotgun and Fletcher fired three shots with a rifle, into the animal before it succumbed.

The girl's arm was terribly mangled and her body lacerated. The neck of of one of the boys was clawed and one of his ears split open.—From the San Francisco Bulletin.

Pole Controversy.

The Cook-Peary controversy over the north pole has taken on a legal status as its latest developement. Walter Lonsdale, Dr. Cook's secretary, is reported to have given out a statement that a suit of slander will be begun against the commander.

Although Dr. Cook has not said much about it, he has evidently felt keenly the insinuations made by Commander Peary. Dr. Cook, all through the ordeal he has undergone from a multitude of questioners, has refused to say anything about the cries of 'gold brick," and "I have him nailed," that have come down from the upper part of the world. Many have wondered at his reticence under the circumstances, but his friends were of the opinion that he merely was biding his

English Tailor Killed by Train. On the Pennaylvania railroad near years ago. The barn will be rebuilt. struck Friday night and instantly killed.

Tomsett was about fifty years old and was a tailor. His last known; address was No. 32 Dane Gardens, Sussex, England.

In his pockets were found that showed that the dead man had been an extensive traveler, and that he had recently been in various cities in this country, England and West Australia. One of the letters was a notice from

an attorney in England to the effect that Tomsett's mother had died very re cently and in her will bequeathed him fifty pounds.

Preferred the Penitentlary.

In pleading guilty on Tuesday to forging John T. Ensminger's name to a check for \$6.80 which he passed upon John Elscheid of Harrisburg Walter I John Elscheid, of Harrisburg, Walter J. Jones presented a petition that he had written himself asking that he be not sentenced to the county prison but to

the Eastern Penitentiary.

That he could work at his trade at the penitentiary, that when discharged he would be among strangers and would have therefore a better chance to get employment, were among the reasons advanced to support his request. His sentence was to the penitentiary for a term of not more than ten years and not less than one year and two months.

Seriously Hurt.

John Hebley, of Flemington, was seriously, if not fatally injured at Hayes Run on Friday morning, by being run over by a couple of mine cars, while on his way to work in the mines at that place. He was on the front end of a load of empty cars, on the way to the clay mines and in passing over a little raise in the track, he was thrown off directly in front of the cars, and one or two passed over his body

ALBERT E. BARTGES. before the train was brought to a

Held Prisoner by Needle.

Held prisoner for an hour by a sewing machine needle through one finger. Mrs. B. M. Gracie, of Pittsburg, suffered a nervous shock that made her condition on Priday very serious. Mrs. Gracie was sewing at the machine when her finger became entangled in the thread. Before she could extricate the member it was drawn beneath the needle, which was driven through the centre of the nail. She was alone at the time and her screams for help were not Held prisoner for an hour by a sewame excuses for signing a miserable time and her screams for help were not heard for an hour, when neighbors re-

Car Load of Carrier Pigeons. One of the largest consignments of carrier pigeons ever shipped for a homing contest arrived at Renovo on Saturday afternoon, occupying an entire baggage car and containing 1,600 pigeons. The birds were shipped from Baltimore with instructions to be liberated on Sunday morning. About 10 o'clock the fog had risen and the birds were sent on their homeward

Boy Cremated Cattle. A boy set fire to the straw in a cattle car on a siding near Washington, Pa., to see what effect it would have on the cattle. Ten of them burned to death, and a number of others had to What Saved Horace Greeley.

A manly man will not drink whiskey for the sake of the other fellow. Eagle, three miles west of Howard on may feel that indulgence will do him no Friday afternoon, entailing a loss of harm, but how about the man whom about \$7,000 on which there was no drink will surely harm, who will be led to indulge because of the example set

A man should abstain from the use of strong drink for his own sake. Some men say it will not harm them; they The town being without fire protection the bucket brigade was soon on little regularly and seem to be just as well off as others who do not drink at the flames, but without avail. Willing all. If their contention is true, why is hands assisted in removing the ma-chinery from the burning building and a drinking patient "If he had been an much of this was saved. The factory abstainer I could have saved him," or or one who abstains; "If he had been a drinking man there would have been no hope for him"? When Horace Greeley was a boy he tramped a long distance with an injured leg. The doctor was grave when he examined it, yet the boy recovered. "But he could not have got well if he had been a drinker," he said

apparent. The drinking man is often like a tree which is rotten at the heart, yet is fair to the eye. "Suppose," says a scientist "a hundred pounds of ice is left on your sidewalk and allowed to lie there until it weighs ninety pounds. In hot weather you have lost, not ten cause of the latent heat absorbed, which will cause the ice to melt just so much more rapidly." The application to the case of the man who absorbs alcohol into his system is plain.

Big Sale of Slag.

W. A. Moore, president of the company that operates the Nittany and Beliefonte furnace, has sold the big pile of slag at the Bellefonte furnace to Thomas A. Shoemaker. This is the slag pile on which John C. Rowe and others had an option in the interest of that cement brick factory they proposed erecting, but their option having expired some time ago Mr. Shoemaker purchased it outright. If, as is rumored, the slag will be used by the Pennsylvania railroad company, a siding will be built from the old glass works out to the furnace and about thirty cars of the slag will be shipped each day. Large steam shovels and diggers will be used, making this quite an industrious

Large Barn Burned.

The large barn on the Ricker nomestead farm in the east end of Nittany Valley in Lamar township owned Samuel L. and Charles L. Ricker, the dairymen, with 8 head of horses. one cow, a number of farm implements and all the season's crops was destroyed by fire, from some unknown cause, on Sunday morning between 3 and 4 o'clock.

There was 200 bushels of barley in the granery, unthreshed wheat from 40 acres and about 20 acres of oats besides a large quantity of hay. The Rickers keep a large herd of cows but they were all out in the field except one, hence they were saved.

The loss will likely reach between \$4,000 and \$5,000 with an insurance of \$2,800 on barn and contents with the Sugar Valley Insurance company. This is the second time the Rickers have suffered a similar loss, for a former barn on the same site burned a few
