More Light

During the past week the rumors, referred to in our last letter, that "several of our public-spirited citizens are arranging to maintain street lights at their own expense," have been abundantly verified. More applica-tions have been made to the street committee of council for permission to use the old gasoline lamps, than could be supplied. They are modified by taking out the gasoline fixtures and using an ordinary kerosene hand lamp of No. 2 size. The old affairs are cleaned up, and the frames painted or bronzed, and they look like new, and are as good as new. Probably there were fifteen or eighteen of these old lamps entirely out of use, which can be put in order for carrying an oil lamp at very little expense, and that means that at least that number of day of fairly good street lights will be in use friends. by the time the "dark of the moon" comes again, in addition those which were maintained prior to this devel- porium opment, or a total of from twenty-five to twenty-eight street lights distributed pretty thoroughly over the Those who had maintained lightts more or less regularly prior to this movement were Dr. McIntyre, two gasoline lamps; the P. R. R., two coal oil lamps; W. H. Long, two electric lights, and Charles McMurtrie, Postmaster Wilbur F. Hall, Dr. Kurtz, the Leathers Brothers, and perhaps one or two others, each a single coal oil lamp. Those who are or soon will be in the new movement in addition to the three names we mentioned last are John Mokle, James Kane, B. Weber's Sons, the Reformed church, Isaac Williams, John A. Woodward, C. M. Fox, Rev. R. S. Taylor, Z. T. Weirick, Wil-Thompson, William Shay, Fred

erick Robb, George D. Johnson, and probably some others whose names

are not now at hand. It is a safe pro-phecy to say that before the holidays come council will have found a way

to aid and develope this movement, and that we shall begin the new year

with our town comfortably though per-

haps not brilliantly lighted, at the min-

manifestation of the fine public spirit which has been developing in our cit-

tance in the county. A Golden Wedding

Samuel F. Kline, Esq., of Howard, and Miss Caroline Bechdel, of Curtin township, were married at the home of Miss Bechdel's uncle. Samuel Bechdel, in the brick farm house just east of Hunter's Run, and now known as the David Bechdel farm, on Sept. 27, 1859, by the Rev. Nathan J. Mitchell. On Saturday last, Sept. 26, their chil-dren celebrated the event for and with them in a delightful family gathering, at which all met but one, Mrs. Cornwall, of Northumberland, whose re-gretable absence was quite unavoida-ble. Those present were Mrs. Harry T. McDowell, Howard; Eugene, (un-married) Coalport; Mrs. Owen J. Hicks, Costello; Mrs. George D. Robb, Altoona; and Mrs. McNally and Miss Nellie L., of Northumberland. The dinner was a feast worthy of the oc-casion, and of the family of accomplished housekeepers and cooks who prepared it, and was served at midday. The only persons present ex-cepting the children were the hus-bands and the grandchildren, and and Mrs. Kline's two sisters, Mrs. Nancy McMonizal, of Ridgeway, and Mrs. Mary Bilger, of Hunter, Kansas. The venerable couple, both of whom are strong and active, were generously remembered by all the family in appropriate and acceptible gifts. It is a noteworthy coincidence that Prof. George D. Robb, principal of the High school of Altoona, and Harry McDowell, of this place, whose wives were wisely chosen from this excellent family, had each previously celebrated the golden wedding of his own par-

The Stork and the Automobile The stork passed over our town clated. eastward early last Saturday morning. Copi and Dr. Kurtz, who had been making observations, jumped into his buzz wagon and made after it at full speed. The gay old bird had an errand at the home of Chas. Graham, at Eagleville, and the doctor caught up with it just in time to certify that it had deposited a dear little girl in that household, which Mr. and Mrs. Graham received with joy. While the doctor purchased the timber lease on a conwas writing the certificate, the stork-got away again, in the direction of Romola. The doctor started again, at about a sixty mile gait, coming up the Bald Eagle to Howard, whirled around Kline's corner and out over the divide like mad, and caught up with Mr. Stork again, just as it was leaving the house of James Neiman, where it had safely landed a pair of boys. And now Jim is happy, his wife is proud, the doctor's auto is out of commission with a broken spring and the stork is as well as could be expected.

A train of eighty-four loaded freight cars passed eastward Monday morning, drawn by engine 2249, said to be the most powerful on the division, with a dynameter car between it and the train to test and record the required power. The train was bound for Sunbury, with the same crew and engine, bury, with the same crew and engine, the biggest through train yet sent over the division. It stopped at this point to let No. 50 pass it, and was an object of interest to all observers. Probably the purpose of this and similar tests already made and to be made, is to collect data from which the grades of this division may be changed to conform to those on the P. & E., that maximum trains may be started from Tyrone and run to Sunbury.

Change in Ministers

After the death of Dr. Laurie, Presbytery appointed the Rev. Joseph C.

Kelley, of Sunbury, to temporarily supply the pulpits of the Lick Run and Milesburg church. Mr. Kelley, though he is advanced in years, and had retired from regular work, has preached faithfully and acceptably to these people longer than he at irst expected to, and now that the term of his appointment has expired, he and makes a grant of the control of the cont his appointment has expired, he an-nounced last Sabbath evening that the ing in the several churches of our town and at the appointments which center here as follows: evening of Sabbath, Oct. 24, when Rev. Copious rains have effectually wet the soil and filled the streams, and "fall crops" are coming on in good shape. The crisp, cool weather is inspiring, and the rural world (our little Howard "rural world") wears a considerable tract of land on Hunter's Run, belonging to the old Schenck farm. This week Alfred D. Lucas began lumbering operations upon it, and it will be quite a winter's job to clean

it off. Two of the Sisters of Mercy from Altoona, Sisters Angelica and Callista, the former of whom is a cousin of Mrs. Katharine H. McKinney, were Mrs. McKinney's guests last Saturday. Mrs. Howard Tipton, of Curtin, was a pupil of Sister Angelica fi her school days, and with her daughter Helen was in-

Prince were the attendants. Their many friends wish them many blessings and a prosperous voyage on the sea of life.

King-Campbell.

A quiet wedding was celebrated on Monday evening, Sept. 20, at the residence of Justice of the Peace F. P. Musser, at Millheim, when Boyd King and Miss Viola Campbell were united in the holy bonds of matrimony. The young people several weeks ago eloped from their homes with a similar intention but were stopped in Lock Haven by the police. Their friends naturally congratulate them upon the happy ending of their romance, and wish them much happiness through life.

Hazard-Prince.

A beautiful wedding ceremony was colemnized at the home of the bride's parents, Mr. and Mrs. Wm. Prince, of Curtin. In the presence of a large number of invited guests, their daughter, Lulu B. was given in marriage to Leroy Hazard at six o'clock p. m., Sept. 16th. Lee Smeltzer, a cousin of the bride, and Miss Myra Prince, a sister of the bride, were the attendants. The ceremony was performed by the Rev. N. J. Dubs, pastor of the United Evangelical church. After the ceremony the guests did ample justice to a sumptuously prepared supper. The happy couple will for the present time reside with the bride's parents.

FALL OPENING

We announce our FIRST FALL OPENING with a deep feeling of graditude to our many patrons who have helped to make our store such a grand success. We have received so many kind words, such flattering encourgement, such substantial tokens of hearty approval in the practical shape of public patronage from all classes in Bellefonte and surrounding country, that words fail to express our gratitude.

We open the fall season with the grandest stock of Men's, Youth's and Boy's Clothing, Hats, Caps, Shoes and furnishings ever brought to this city. You are cordially invited to look over our show windows, our stock, and by your critical verdict we propose to stand or fall. And, as it is with Clothing for Men and Boys, so it is with Hats, Shoes, and Furnishings. If there be a man or woman at all skeptical concerning the great bargains we offer in Men's and Boys' Clothing, Hats, Shoes or Furnishings, they are the very ones of all people we want to reach.

We want to preach to them the doctrtne- of true economy and conviction will quickly follow once they visit us. It is truthful advertising that made us what we are-the busiest store, the recognized leaders, the commercial thermometer of the clothing business, the envy of every competitor.
