It is only just and proper that rural routes should be made safe and convenient for carriers, and the with-drawal of such a valuable privilege as rural delivery will bring the recalcitrant and neglectful to time. - Kansas City Journal.

Now that must be surely interesting to our rural friends and should stimulate the betterment of our highways. We have made some notable advances in this regard. More or less of piking has been done, and the old highways are better attended to than formerly.

Still, as a general thing, our country roads are fearful to drive ever during the winter and spring months at least five months in the year-and one often wonders how the mail carder can get along at all, let alone complete in reasonable time his daily route.

It would not be surprising if some of our routes should be abandoned on account of the badness of the roads. Now that we have become used to the convenience of free delivery, which may become more important with the establishment of parcels post by the mail department, we can readily see that the country must do its share by establishing good highways. But matters of this kind move slowly. Still they will come in time. The outlook is hopeful-Lancaster Examiner.

Hearst Named For Mayor. William Randolph Hearst, once de-Teated for Mayor of New York City by George B. McClellan and lately defeated by Chas. E. Hughes for Governor of the state, was nominated for Mayor on Thursday at a mass meet-ing of 4,000 of his admirers at Cooper Union. This action was taken despite his authorative statement that he would not be a candidate. Resolutions were adopted directing that a committee of five be appointed to take steps for the naming of an entire city. sounty and borough ticket, which will be placed in nomination by potition.

A Good Move

The Northumberland county grand jury has set an example it would be well other counties to follow. It has petitioned the Governor to revoke the commission of Justice Kzywa, of Coal township.

At last week's term of court he returned more cases than the majority of the justices put together. The jurors thought that he was abusing the office by sending all sorts of petty cases to court in order that he might get the fees attached thereto.

Found Dead in Barnyard

William Dershem, living in Limestone township, between Mifflinburg and New Berlin, was found dead in his barnyard last Thursday morning, by several chal-dren who were on their way to school. He lived alone, and it is supposed from the condition of the body when found that he had been stricken with heart disease several days before. He was aged about 35 years. He was buried in the M. flimburg cometers. the Mifflinburg cemetery.

FIREMEN SELECT ALTOONA

The business meetings of the State Firemens' association at Oil City, were concluded on Thursday afternoon with the election of officers and the selection of Altoona as the place for the convention in 1910. The following was the result of the election:

President, William H. Long, Hanover; vice presidents, George W. Weir, Sharpsburg; Jefferson Shaner, West Chester; H. K. Free, York, and F. W. Hay, Scranton; recording secretary, W. W. Wunder, Reading; corresponding secretary, James A. Green, Carliste; treasurer, A. L. Kelchenbach, Alientown; chaplain, the Rev. Russel Downie, Bath,

Harrisburg opposed Altoona in the race for the next convention, receiving 404 votes to the latter's 901. The constitution was amended so as to provide death benefits of \$85, instead of \$75, and a \$5 floral emblem, as a present. The report of the treasurer showed the organization to be in a

Triple Mishaps Heaped upon Farmer. Wesley Mayes, a farmer, who occuples the Bloom farm near Flemington, has been the victim of several misfortunes during the past few weeks. On Saturday night one of his best milch cows was let in a pasture field to graze and the next morning he found it entangled in a barb-wire fence, dead, it having broken its neck in endeavoring to extricate itself. The cow was valued at \$50. Three weeks ago one of Mr. Mayes' draught horses walked across an abandoned well and the boards being somewhat rotten fell into the well and was killed. Recently his thorough-bred shepherd which that gentleman prized highly, was found lying dead, a victim of the dog poisoner

Blg Slag Shipment.

This week a branch from the Bellefonte Central railroad was fun to the immense slag pile at the Bellefonte furnace. Large steam shovels have been erected and all is about in readiness to ship thirty car loads of slag a day to the big Pennsylvania railroad yards now being located near Northumber-land. The contract for moving the slag was made by Thomas A. Shoemaker, who will have charge of the work. A large number of men will be employed on the job but they will all be from a distance, and will reside in cabins or what is known as camp cars. It will mean a car load of slag leaving Bellefonte every twenty-four hours for an n definite time.

Renevo Borrows Fire Protection. Renovo is suffering with its periodical short water supply, and has been obliged to ask assistance from Lock Haven in the form of one of its fire engines, with which to pump water from the west branch of the Susquehanna river in case of fire. The engine is placed on a platform along

the river, ready for action. Nearly forty thousand automobile licenses have been issued by the state department. This means \$130,000 revenue for the State treasury—and the amount will be doubled in less than a year. Surely the autos have a strong claim for good roads.
