REBERSBURG.

Miss Helen Miles aged 14, died at her parent's home a mile west of Tyrellville, on Saturday morning. A number of Brush valley capitalists are interested in the Farmer's National Bank, which opened its doors to the public at Millheim on Saturday, with Dr. Geo. S. Frank as president and G. J. Eby, cashier. Among those heavily interested are Prof. C. L. Gramley and our former citizen William Kramer. The bank is up-to-date in all its equipments and those crisp new bills are much admired by those who are fortunate enough to get them. Our Lutheran friends are still without a shepherd. Millheim, with her two new blocks and stores is prouder than ever. Her milliners must now build hats for the fair ones as big as a mansard roof and the men all wear No. 8 hats to match. Bird and squirrel hunters are busy popping. Weaver, Clarence Weber, Jimmie Miller, Cal. Confer and Geo. Wetzel, valley boys, are climbing Parnassus, at the old classic school at Mercersburg, where President Buchanan was educated. The school was in danger of suspension recently, because the reservoir which supplied the town with water, was nearly dry. Wild turkeys are plentiful—but get them! George Showers, of Madisonburg, has been on the sick list and the farmer, whose produce he bought, have missed his genial greetings. It is rumored that Grif Garrett has bought the Strohecker farm from Harry Douby. Grif, has squeezed enough silver out of apples with his cider press, and so on, to buy a farm of his own. Prowlers around farmers houses, at night, who don't give their names and hand in their cards are in danger of bird shot. Theodore Royer continues his bi-weekly Saturday night visits to the west end of Sugar valley with a punctuality that savors well the golden rule. Every voter should vote on November 2nd. Husk your corn before that and give one day to the salvation of the state. In the old Evangelical cemetery at Rebersburg another massive monument has been erected, which adds to the interest of that last resting place of many of the solid citizens of the valley. It is the largest block of granite in the cemetery and with but one side polished it bears the simple inscription Smull. It was erected recently by George H. Smull in memory of his late father, Reuben Smull, who was one of the substantial citizens of Brush valley. Miss Mary Meyer writes from Butler, N. J. that she likes the place. She is teacher of Latin and German in the high school of that city. Samuel Shaffer is home again from Philadelphia, and many are glad to greet him. The Lutheran church has been newly ornamented and painted by R. D. Blerly and sons, so as to invite a new visitor. Pheasants and squirrels are very scarce and shy. Some people have apples to put away, yet Corn in Brush and Penna valleys is better than in the southern portion of that state.

Bousman, with a companion, was moving through the thicket, searching for wild turkey. They had separated and were moving toward one another. Bousman's companion saw him, and thought he was a turkey. He fired and when he reached the spot saw that he had killed Bousman.

Quite a number of our folks attended the wedding at Joe Mecon's, on Sunday afternoon; all had a good time; also a great curiosity at seeing the Italians dance. Ask Louis Boyce, he knows.

Clair Devine, who has been employed at Tyrone, has returned home where he will kill wild cats, as they are getting quite plenty in that part of the country. Rev. Ellis, who preached in the Baptist church on Sunday morning and evening had a large turn out. The hunters were very badly disappointed Friday, as there did not seem to be many blind turkeys in the woods. Robert Williams was lucky enough to run across one that had one leg shot off by some other hunter, and by running it out in an open field with the help of J. B. Williams they cornered it in a fence corner and caught the poor thing.
