

FAMOUS CONVENTION OF WAR GOVERNORS

INTERESTING REPORT OF THE MEETING AT ALTOONA

ADDRESSES ISSUED BY THEM

Pledge Support to President Lincoln in the Civil War—List of Those Present—A Notable Gathering—To Erect a Memorial.

Just now special agitation is going on with reference to the building of a memorial to ex-Governor A. G. Curtin at Altoona, who during the Civil War called a convention of governors in that city to take action in defense of the principles of the North.

The convention of the governors of the loyal states commenced on the 25th ult. at Altoona, Pa. There were sixteen states represented in the convention the following Governors neither being present themselves nor sending proxies: E. D. Morgan, of Buckingham, New York; William A. Buckingham, republican, of Connecticut; William Burton, democrat, of Delaware; Charles Robinson, republican, of Kansas; Austin Blair, republican, of Michigan; Alexander Ramsey, republican, of Minnesota; John Whitaker, democrat, of Oregon; Leland Stanford, republican, of California.

The official record of the governors' meeting shows that with a single exception, adopted an address to the president setting forth the following points:

First, a cordial personal and official respect for the president. Second, a determination under all circumstances to support and maintain the president's constitutional authority, the governors therein speaking for themselves and the people of their respective states.

Third, pledging to the president their aid in all measures calculated to bring the war to an early termination, which should be prosecuted to an ultimate victory unless all the rebels should return to their constitutional duty and obedience.

Fourth, congratulating the president upon his proclamation to emancipate the slaves, believing it will be productive of good as a measure of justice, humanity and sound policy.

Fifth, referring to the wants of the soldiers who have fought our battles. This address was the whole story; no counter propositions nor amendments were offered. They proposed to bring the wounded soldiers to their own homes, suggested reformatory in the abuse of furloughs and agreed to be good to have an army of reserve of 100,000 for the future emergencies.

BASEBALL'S RECORD SEASON.

This year's baseball season of the National and American leagues will rank as the most successful in the history of the national game. According to estimated figures, the combined attendance reached the unparalleled total of 7,975,108, more than 700,000 in excess of the great record of 1908. Both leagues showed an increase over the previous season, but the American outgrew the older organization by 103,048.

The honors of the greatest attendance was carried off by the New York Nationals, a total of 783,700 persons witnessing the game at the Polo grounds, an average of 12,439. The Athletics of Philadelphia finished second with a total of 674,915, an average of 10,545 to a game. The Boston Americans were third and the Chicago Nationals fourth.

RAPS THE TARIFF LAW.

LaFollette Says it Fosters Trusts and is Not Principle of Protection. "The Aldrich currency bill supposed to include a plan for a central national bank, is the scheme of the money lords of the country." This was the sensational statement made by Senator LaFollette, the famous republican U. S. Senator, of Wisconsin.

He denounced Aldrich and Cannon, and said Senator LaFollette's argument against the present tariff bill was that it didn't accomplish what it intended to do. He charged that trusts were fostered, and that a protection principle which abandoned the idea of competition at home was not a protection principle at all. The chief point of the senator's lecture was that the business of the country is being centered in a few hands. He claimed that before the death of Harriman, fourteen men actually controlled the business of the United States.

Committed Suicide.

Mrs. Margaret Snyder, wife of Samuel Snyder, of Logan, who has been a patient at the Danville hospital since the 25th of June last, committed suicide in her room at that institution the other morning by making a rope of the bed clothing and hanging herself to the top of the door. She was dead when found. She was aged 50 years. Mrs. Snyder is survived by her husband and one daughter, both of Logan.

Polar Board Announced.

Twelve men, representing the most learned in American scientific circles will pass upon the merits of the Peary-Cook controversy as to which of them discovered the North Pole, or if both of them did. The body will be known as and will constitute the research committee of the National Geographical Society, Henry Gannett, chief geographer of the United States Geological survey, is the chairman of the body.

Guards Needed

With the Quays effigy placed in the niche in the rotunda of the thirteen million dollar graft State Capitol it will be the duty of Governor Stuart to issue an order placing extra guards in the rotunda with instructions to carefully search every man and woman who enters for dynamite. Unless some precaution is exercised the stay of the effigy in its present location, whole and intact, will be short. This is one of the most damnable outrages ever perpetrated in the civilized world.

WELL AND HAPPY AT NINETY.

Mrs. Susan Hall, Mother of Illustrations, Celebrates Birthday. Mrs. Susan Hall, of St. Mary's, mother of Judge Harry Alvan Hall, attained her ninetieth birthday on Wednesday, October 13, and was very happy surrounded by her children. The Ridgway Democrat says of the pleasant event:

Judge Hall went to St. Mary's Wednesday for the purpose of celebrating the ninetieth birthday anniversary of his mother at her home at that place. Mrs. Susan Hall was born at Hartleton, Union county, Pa., October 13, 1819. Her maiden name was Geary. She moved to Centre county when about 5 years of age where her father, John Geary, in 1825-6 built Nittany hall which is still standing. She was married to Benjamin McDowell Hall at Hubbersburg, Centre county, in 1838, and subsequently became the mother of seven children, five boys and two girls. Three of her sons have represented this district in the state senate. They were John G., now deceased, James K. P. and Harry Alvan. James K. P. also served several terms in Congress and Harry Alvan was United States attorney under Cleveland and is now presiding judge of the Clinton district. He was also major during the Spanish-American war. Senator J. K. P. Hall and Judge Harry Alvan Hall, of Ridgway; Mrs. B. E. Wellendorf and Miss Mary Hall, of St. Mary's, still survive. The father, Benjamin McDowell Hall, died in 1873, and three sons, John G., Dr. William E. and Frank have preceded their mother to the Great Beyond. Mrs. Hall, notwithstanding her advanced age, is still in possession of all her faculties and is still a woman of remarkable beauty. Judge Hall and her two daughters were spending her birthday with her on Wednesday, Senator Hall being unavoidably absent in New York. A large number of her friends and neighbors called to present their congratulations and she spent a very happy day.

Carnegie's Health Tract.

State Health Commissioner Dixon has announced that he received a donation of 450 acres near Cresson from Andrew Carnegie for a tuberculosis Sanitarium similar to that established by the State at Mont Alto. Dr. Dixon has contemplated a Sanitarium for Western Pennsylvania, and recently asked Mr. Carnegie for a price on the tract. Mr. Carnegie wrote from Skibo Castle, Scotland, offering the tract which is on the Pennsylvania Railroad Main Line between Altoona and Johnstown. In his letter writes: "If the Commonwealth of Pennsylvania will promptly erect and undertake to erect a sanitarium on my land at Cresson, I shall be delighted to make a free gift of it for that purpose. I know of no healthier place in the State."

Officer Installed.

At the closing session of the state encampment of Odd Fellows, at Lock Haven on Thursday Allentown was chosen as the next place of meeting over Shamokin, Butler having withdrawn before the vote was taken.

Girl Killed by Brother.

Sixteen-year-old Margaret Keener of near Williamsport was accidentally shot and instantly killed by her 12-year-old brother Thursday. His rifle was busy getting breakfast for her sick mother, when the boy believing that he heard a wild turkey in the woods outside rushed for his rifle. The weapon was discharged, and the bullet pierced the girl's forehead. She fell dead within sight of her mother. Two years ago a son two years older than Margaret was scalded to death in a liquor vat at Birch still.

PROFITS FROM SPRAYING.

Trees, Worthless Three Years Ago, Produce 4500 Bushels. Thirty acres of ground, which sold a "thirty acres of ground, producing 4,500 bushels of apples, which sold at the orchard for \$5,000, and all this from trees which were absolutely worthless three years ago—that is the record of C. C. Gelwick, of St. Thomas, York township, Cumberland county.

The transformation was obtained by using a boiled solution of the lime-sulphur-salt wash. Three years ago Gelwick's trees were so infested with San Jose scale that he couldn't get 10 cents per bushel for apples for apples that were grown.

The first spraying was in the spring of 1907, and the fall crop increased to 600 bushels of apples. Similarly encouraging results were obtained last year, but the present record beats them all. Many of the limbs were born to the ground by the weight of the fruit.

Officers Appointed.

The directors of the Newton Hamilton Camp Association met on the camp ground Tuesday and elected officers for the ensuing year as follows: President, Col. J. K. Rhoads, of Lewistown; secretary, John D. Gill, Jr., of Phillipsburg; treasurer, H. L. Wilson, of Altoona. The directors also decided to build a number of additional cottages; plant twenty shade trees to take the place of those destroyed by fire and to open their camp meeting next summer on August 11th.
