## STATE COLLEGE.

The cider scrap on Saturday between the 1912 and 1913 class resulted as follows: 1912 had 35 hands on the barrel and 1913 had 24. This was a scrap of much sport and less injuries as no one was allowed to wear heavy shoes. The tennis shoe was the kind worn by both classes. This makes the second defeat for the Freshmen by a small majority. They will win the third one, in the flag scrap, which comes off in the spring.

The second event of Saturday's program was the foot ball game between the Varsity high school eleven and the locals of the borough high school eleven, here. In a nice clean game the score stood 5 to 0 in State's favor.

Tuesday was election day, but has been very quiet, no one expressing his opinion as to the result of the election. The amendments should be well considered by all before casting their ballots.

At a recent meeting held by the directors of the Frat National Bank, Mr. John W. Stuart was elected President to fill the vacancy occurring from the death of Mr. Patterson.

The Ruhl sisters have moved to Bellefonte, where they expect to run a dress-making establishment. We hope they will succeed.

The people were surprised on Sunday morning. Barn doors were carried off, shutters taken off the houses, a fence built across the road west of town. The leader in this seems to have been some one who ought to have some knowledge of divinity. Some people think that because it is Hallowe'en they are at liberty to do as they please, but if they would test the law on this particular point, they would find that no one is excused for ignorance.

The corn is all housed and is not more than a half crop. It averaged above everybody's expectations. It means less hogs and not as large and fat as in former years.

Some of our people forgot to pay their bills at the stores, and when the justice reminded them of this obligation, they said: "Pull a feather when there is none." This is poor logic. Some time they will need a feather and can't get one.

William Gingham is busy excavating a cellar for a dwelling.

That rich, crisp, glossy, coating—Hugg's chocolates and bon-bons.

The Milesburg High school foot ball team, with colors flying, on Saturday morning boarded the 9:35 east bound train for Beech Creek, where they battled to victory in a well played game on the High school gridiron at that place; the boys all played well; they should be named all stars. Roy Jones played an exceptionally good game. We hope to see him with Penn or Yale in the near future. Of course Milesburg always wins; if they get everything that is coming to them. We have always had a winning team in athletics, foot ball, basket ball, base ball or any old ball—they are winners; score 12 to 5.

Hugg's candies are absolutely delicious.

The masqueraders were enjoying themselves on Hallowe'en, there was a large crowd on the street, well costumed; that's right, boys and girls, enjoy yourselves while you are young; but when you get old, don't say, "how foolish."

I suffered from pains across the small of my back for a long time and if I stooped I could hardly straighten. If I attempted to lift anything, sharp pains seized me through the kidneys and caused acute suffering. A friend advised me to try Doan's Kidney Pills and deciding to do so, I procured a box at Green's Pharmacy. ## Two Ways of Doing

In days gone, a builder dealt with a dozen different supply houses. He bought his brick and stone here, lumber there, glass elsewhere, and nails and bolts round the corner.

A building that didn't "jibe" was the usual result, but no one person could be blamed for it or held responsible.

In THESE days Mr. Bulder does it differently. He makes his plan orders everything from one complete supply house, and when the material comes, IT SUITS.

And you are here now, today, with the B. L. Co.—not yesterday with the dozen.

## Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so?

The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N.Y.

## We Shoot Out 75 Pounds Nearly Every Minute

Each mammoth gun, at each discharge, shoots out 75 pounds of Puffed Wheat or Puffed Rice.

Crisp and nut-like—four times as porous as bread. Grains that melt in the mouth.

And a gun, to meet the present demand, must be shot about every minute.

There is nothing else to compare with them. No cereal food half so good.

For, last month, seventeen million meals were served of these new, enticing foods.

When you try them, you'll be glad that we told you about them. And your folks will be glad.

If your folks like what most folks like, they'll enjoy these gigantic grains.

Don't wait longer. Order one package. Submit it to a vote of your table.

### Puffed Wheat—10c

These are the foods invented by Prof. Anderson, and this is his curious process:

The whole wheat or rice kernels are put into sealed guns. Then the guns are revolved for sixty minutes in a heat of 550 degrees.

That fierce heat turns the moisture in the grain to steam, and the pressure becomes tremendous.

### Puffed Rice—15c

Then the guns are unsealed, and the steam explodes. Instantly every starch granule is blasted into a myriad particles.

The kernels of grain are expanded eight times. Yet the coats are unbroken, the shapes are unaltered. We have simply the magnified grain.

One package will tell you why people delight in them. Order it now.

Made only by The Quaker Oats Company
