Other large beneficiaries include the American Bible society, the Metropolitan Museum of Art, the New York Public Library, the New York United Charities, Columbia University and Robert College, Constantinople.

Aside from these gifts Mr. Kennedy left approximately \$35,000,000 to his wife, his relatives and a great number of friends and employees. The widow's share will be about \$16,000,000. All of the testator's employees receive gifts from \$500 to \$2,000 each.

CORELESS APPLE ARRIVES

Wonderful Tree Found in Eight-acre Orchard Near Spokane.

Coreless as well as seedless are the apples produced on a single tree of unknown variety in an eight-acre orchard at Moran Prairie, five miles north of Spokane, owned by E. K. Short, a rancher. The largest of the fruit is three inches in diameter, the coloring being a yellowish green, streaked with red. The apples have deep pink cheeks, and the flesh is firm and of excellent flavor.

DEATH WARRANT SIGNED

Frank Latempo to be Hanged at Lock Haven.

Frank Latempo, convicted in the Clinton county court of the murder of Antonio Marino, will be hanged at Lock Haven on December 3. The death warrant having been signed by Governor Stuart on Thursday night. The murderer of which Latempo stands convicted occurred at Renovo following an Italian christening. Marino was shot, but lived long enough to make a statement in which he declared that the shooting had been done by Latempo, and this statement was the principal evidence against the accused man when the case was tried before Judge Hall.

Fire at Madera.

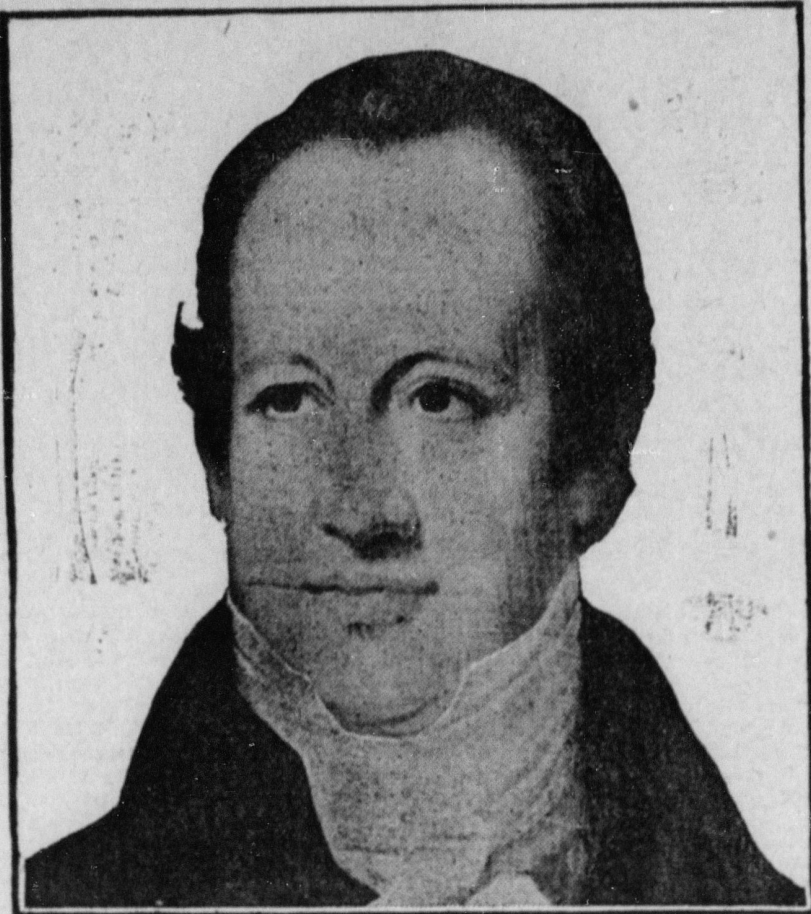

Madera early on Thursday morning was visited by a conflagration that destroyed property to the amount of about \$10,000 and for awhile threatened to burn out the greater part of the business houses of the town.

The property destroyed was a building owned by D. B. Curry and occupied by Charles Speice as a barber shop and pool room, and one owned by Mrs. Henrietta Ruffner and occupied by J. E. Robinson, who carried on a restaurant and green grocery. The flames communicated to Dr. S. J. Miller's drug store, and did considerable damage to the same.

The loss suffered by the fire included part of the contents of each building. There was some insurance carried by Mrs. Ruffner, Dr. Miller and Curry and Mr. Speice were unprotected in this connection, and theirs is a total loss.

GOVERNORS OF PENNSYLVANIA.

Portraits of Each Accompanied by Brief Biographical Sketch—Will be Published in Order, One Each Week.

JOHN ANDREW SHULZE—1823-1829.

Although ordained to the ministry in the German Lutheran church, John Andrew Shulze found it necessary by reason of ill health to give up his profession and engage in business. He was born in 1775 in Berks county, the son of a German Lutheran clergyman. He was elected a member of the house of representatives and served from 1806 to 1808. Mr. Shulze held at one time the offices of register, recorder, prothonotary, clerk of the orphans' court and clerk in the sessions court of Lebanon county. He resigned these offices to go to the legislature. In 1823 he was elected governor by the Democratic party. He gave so good an account of himself while in office that in 1827 he was re-elected almost unanimously. At the expiration of his service as governor he retired to private life. He died at his home in Lancaster in 1844.

Bright, Sparkling Paragraphs—Selected and Original

EXPLAINING TO OLIVER. My sense of sight is very keen. My sense of hearing weak. One time I saw a mountain pass. But could not hear its peak.

Why, Ollie, that you failed in this, is no so very queer. To hear its peak you should, you know, have had a mountaineer.

But if I saw a mountain pass. My eye I'd never drop; I'd keep it turned upon the height. And see the mountain's top.

I didn't see the mountain pass. Nor hear its peak; by George; But when it comes to storing stuff, I saw the mountain gorge.

The mountain, peaked at this. Frowned dark, while Ollie gazed; A cloud o'erspread its lofty brow. And then the mountain side.

If Ollie could not hear its peak. Or song of any bird. Of lamb, or cows upon its slope. Be sure the mountain herd.

I wonder if to Ollie dear I might this question put— Would he have heard the mountain's peak if he had stepped upon its foot?

I, too, would ask a question— Perhaps you'll think it strange; This is; when Ollie's camping goes. Does he cook on a mountain range?

Though Ollie could not hear its peak. His ear's not worth a rap— I wonder we've not heard him speak 'Of the highness of his gap.

THE ROAD LAW.

Some Radical Changes were made by Last Legislature.

One fact generally lost sight of by township supervisors is that the act approved May 13th, 1909, amending the act of April 12, 1905, introduces many and radical changes in the conduct of affairs relating to township roads; also that only a narrow margin of time remains in which to carry out an important provision, if the respective townships are to share in the benefits of the act in question. Prior to the act of May 13th, 1909, the Legislature never disturbed the work tax and it could not be changed to cash tax. The act of 1909 makes all road tax a cash tax and the work tax can not be restored unless changed by a vote. Under the former law the tax was paid to the township treasurer, who was required to give individual notices to every taxable and the penalty was attached after November first. Under the new law the tax is paid to the township collector. Notice is given by advertisement and the penalty attaches October first. Under the former act all taxables were assessed one dollar regardless of valuation. The new act abolishes the per capita tax of one dollar. The act of April 12, 1905, did not permit supervisors to work on the road for a compensation, work being delegated to the "road masters." Under the act of May 13, 1909, it is optional with the supervisors whether they appoint "road masters" or not. The supervisors now supervise the work and may receive compensation, which is fixed by the township auditors. The sum of half a million dollars was appropriated for the purpose of carrying out the provisions of the act for the fiscal year beginning June 1, 1910; provided that within six months after the passage of the act the board of township supervisors shall measure all public roads in their respective townships, which measurements shall be made by use of a cyclometer or otherwise as the board may direct. The number of miles in each township must be reported to the state highway commissioner by the board of supervisors.

Auto Accident.

Dr. Wilson, of Clearfield, turned his auto against a curb to keep from running over a child and as a result the machine was overturned and all the occupants more or less bruised. Dr. Wilson and his wife and Mr. and Mrs. Simeon Cross were in the auto. Mrs. Cross was the most hurt. The auto was broken but not seriously.
