DEER KILLED AT OPENING OF SEASON

SOME OF THE FORTUNATE HUNTERS OVER THE COUNTY

SEVERAL SERIOUS ACCIDENTS

Lock Haven Man Killed near Hayes Run—Milesburg Postmaster Fell Off a Tree—Large Bear Killed at Snow Shoe.

The following are some of the reports over the county:

Jim Uzzle, of Snow Shoe, killed a nice buck on Big Sandy.

Lawrence Redding, of Snow Shoe, brought in a 250 pound bear from Pine Run.

The Green Briar party of Gregg Twp., got a nice deer in Poe valley.

The Woodward hunters got a fine deer at Round Top in the Narrows.

The Regulars of Pottery Mills shot a fine buck near Pat Gherrity's, in the Seven mountains.

The State College hunting party shot a bear in Hoover's Gap.

A man named Bowers shot a buck in the Sugar valley mountains.

The Modocs of Bousburg have a nice deer in the Bear Meadows.

Thus far four deer have been reported killed in the White Deer mountain section, one of which is accredited to the Bower party most of whom reside near Loganton.

Trapped Seven Bears.

Lewis Leigey, watcher on the eight thousand acres of mountain lands belonging to the Spruce Run Hunting camp in Burnside township, Centre county, has already trapped seven bears since the opening of bear season and has more in prospect.

Killed a Large Bear.

William Lucas and son, Mayberry, residing near Kyrletown, trapped and killed a bear last week which tipped the scales at 332 pounds. The son had quite an encounter with old brain before he was killed, and but for the timely arrival of the father, might have lost his own life.

Got a Fine Buck.

G. M. Cooney, of Colyer, Pa., carries the blue ribbon for being the champion hunter thus far. He was out in the mountain all alone and shot a 215-pound five-pronged buck on the first day of the season, also four gray squirrels and one pheasant. O. S. Bottorff assisted him in bringing it home, and also was the head butcher.

Accidentally Shot.

William Wilson, aged 23 years, of Lock Haven, was accidentally shot and instantly killed on Monday by Robert Peters, colored. The men were members of a hunting party and were shooting at a target near Otzinachin game preserve. The accident was due to carelessness in handling the gun. The accident happened at Lick Run hunting camp.

Killed Three Deer.

Up to the time of this writing three deer were reported killed in the mountains surrounding Sugar valley. Samuel Sholl was one of the lucky hunters, while the other two were killed by hunting parties, the name of the lucky man not being obtainable.

A hunter in the narrows between Rote and Loganton Wednesday morning while pursuing a fox, which escaped him, ran upon a deer which he succeeded in killing, adding still another one from that locality.

In addition to the deer reported killed in the Brush Valley narrows, a hunting party along White Deer Creek, shot two bucks yesterday.

Hunter Fell From Tree.

A. T. Boggs, postmaster of Milesburg, while in the mountains above Orviston on Monday climbed a tree and waited for an opportunity to get a shot. Soon a five pronged buck hove in sight, which had been shot by another of the party and wounded. In his anxiety to come to the assistance of his fellow hunter Boggs was hurriedly descending from the tree when his hold slipped and he fell to the ground. When picked up it was ascertained that he sustained a fractured collar bone, a fracture of the wrist and was severely bruised. The injured man was taken one mile distant to the mines of the Hayes Run Fire Brick company and placed on a dinky engine and removed to Orviston, from where he was sent home.

TRAIN KILLS DEER.

As a Result Bellefonte Hospital has Venison.

Westbound passenger train No. 33, on the N. Y. C. railroad, struck and killed a spiked buck on Friday, near the "hog back" tunnel, between Hayes and Panther. The deer came down from the mountain side and attempted to cross the track directly in front of the locomotive, when it was struck and hurled to one side. The train was stopped and the deer was placed on board and taken to Snow Shoe, where it was dressed and later was sent to the Bellefonte hospital, as the law provides that no one shall have a deer or venison in their possession before the opening of the season. When a deer or other game is killed out of season it must be turned over to a charitable institution. As the deer was killed three days before the opening of the season the train crew were compelled to forego the pleasure of feasting on venison.

Eight Nurses Graduate.

The graduating exercises of the Lock Haven hospital were held in the Normal school chapel on Monday evening, Nov. 15, at 8 p. m. The following nurses received their diplomas: Mrs. G. H. Bermeister, Mrs. Cummings, Miss Clara McClellan, Miss L. Stoner, Miss G. Sechrist, Mrs. Elsie Myers, Miss E. Bottorff, Miss E. Confer, Miss M. Hunter.

ANNUAL MEETING

Of Stockholders of Hayes Run Fire Brick Co. at Orviston.

The sixth annual meeting of the stockholders of the Hayes Run Fire Brick company was held at Orviston on Friday morning at 10 o'clock, there being about 40 stockholders present.

After the reading and approval of the minutes of the last regular meeting Judge Orvis, president of the company, gave a concise, but comprehensive, history of the affairs of the company during the past fiscal year. General Manager Keller then read his report, which showed a very satisfactory condition of affairs.

The report was received and ordered filed, and a vote of thanks unanimously extended to the Board of Directors and general manager for their fidelity and splendid work during the year.

On motion of T. M. Stevenson, Esq., the old Board of Directors was re-elected by acclamation, as follows:

Hon. E. L. Orvis, Charles R. Kurtz, Robert H. Furst, B. Frank Brown, John R. Stevenson, George R. Thompson and W. O. Beatty.

The Board of Directors recommended that an issue of \$30,000 of preferred stock be issued to help pay for the improvements made necessary by the fire, the company to have the privilege to redeem the same after two years.

When it came to voting on the proposition it carried almost unanimously and about half of the issue was taken by the stockholders present. The stockholders are to have the preference of this stock.

It is expected to have the new plant ready for manufacturing brick by the first of January, when they will be equipped to manufacture high grade fire brick of superior quality—cheaper and better than formerly.

BANQUET TO EMPLOYEES.

American Lime & Stone Co. do the Right Thing.

Some time ago the managers of the American Lime & Stone Co. decided to give a supper to the crew of employees at their plants who turned out the lime in a month. Thursday night the first supper was laid and was given to all the company's employees in honor of plant No. 13. At least 100 employees gathered at the Methodist church and at 8 o'clock, after the blessing had been asked by Rev. C. C. Shuey, they sat down with their employers and ate a hearty supper, which was served by the Ladies' Aid Society of that church. After supper toasts were given by General Manager A. A. Stephens, Rev. C. C. Shuey, S. A. Keefe and others.

General Manager Stephens commended the men for the faithful performance of their duties in the past and delivered a bonus of \$10 to the winning crew No. 13 to be divided among the employees.

In Rev. Shuey's toast he said that he believed the American Lime & Stone Co. would continue to be successful in the future because of the relation of employer and employee.

After the toasts the gathering was dismissed by singing the hymn, "God be with You till we Meet Again," and the employees all had a hearty hand shake with their manager and among themselves. All expressed their appreciation of the manner in which the service was done by the ladies and went home realizing that the company was interested in their welfare and with a determination to do more than ever for the promotion of the interest of their employees.

FRUIT GROWER'S MEETING

Arrangements have been made for the holding of a public meeting at the Academy building, Spring Mills this week on Saturday, November 20th, at which every fruit grower of the county is cordially invited to attend. The subject for discussion will be "How best to improve our methods of growing good fruit." The chief speaker for the meeting is Prof. H. A. Surface, the State Zoologist, whose knowledge along the line of general orchard care, embracing control of insects and fungus pests is well established throughout the county. The lecture will be full of interest and instruction to anyone wishing to improve on their methods of orchard care. Some advanced steps will soon be taken in the county in the way of establishing township "Demonstration Orchards" in the fruit growing centers. This meeting will be worth coming miles to hear. Anyone having 5 good specimens of a certain variety of apples is requested to bring them along. Everybody interested in fruit growing is invited. There will be two sessions, the first commencing at 9 a. m. The Centre Democrat certainly urges all of its readers to attend this meeting and profit from the instruction offered.

Getting "Windy"

This fall's hunting season will close with hunting stories like the fish and snake stories of the summer season. The lucky fellow seldom makes a brag—it is oftenest the other fellow. It is amusing to hear the fellow spout who has hunted through mountains and woods for decades of years and knows nearly all. His pack of fur skins would pass through the mails for a two-cent postage stamp, while that which he relates of his experiences would inflate a balloon. Of what he did and knows is empty brag. You have heard "Windy" blow, haven't you?

Hold-Up at Hawk Run.

Robert Whiteman, of Hawk Run, was held up and roughly handled Thursday night by a couple of strange persons. The affair occurred not far from his home, between 10 and 11 o'clock, and the object ostensibly was robbery.

Mr. Whiteman Friday morning made the fact known to the State police, who later rounded up some suspects near Munson, one of whom was identified by the assaulted man. He will be held for the crime.

NUPTIAL EVENTS BRIEFLY NOTED

MONTH OF NOVEMBER HAS NUMEROUS BRIDES

THE RATH-CRIDER WEDDING

Proved to be a Delightful Social Function—Other Marriage Ceremonies Over the County—Elaborate Gowns—Who They Were.

Rath—Crider.

The residence of Mr. and Mrs. Fountain W. Crider, on Lima street, Bellefonte, was the scene of a beautiful wedding on Tuesday evening at 6 o'clock, when their youngest daughter, Miss Mary Isabel Crider, became the bride of Charles Kirby Rath, of Elizabeth, N. J. The ceremony took place in the east parlor beneath an arch of greens and yellow chrysanthemums, and in the presence of a large number of guests both from town and from a distance. At the melodious sound of the wedding march as played by Christy Smith's orchestra the bride appeared, leaning on the arm of her father who gave her away. The officiating minister was Dr. Thomas S. Wilcox, pastor of the Methodist church, assisted by Dr. James B. Stein, pastor of the Methodist church, of Tyrone. The maids of honor were Miss Louise Spahr, of New York, and Miss Jane Harper, of Bellefonte. The groom's best man was his brother, William Thompson Peth, of Elizabeth, N. J. The bride wore a gown of white hand-embroidered satin, trimmed with duchess and rose-print lace and pearls, with French court train, and wore a tulle veil and orange blossoms, and a pearl and amethyst brooch, the gift of the groom. She carried a shower bouquet of brides roses and lilies of the valley. Miss Spar's gown was of yellow moire, with an over-skirt of mile chiffon and Duchesse lace. Miss Harper wore a gown of white messaline, trimmed with gilt and coat of lace. The maids of honor carried yellow chrysanthemums.

At the conclusion of the ceremony Mr. and Mrs. Rath received the congratulations of those present. Following this a sumptuous wedding supper was served after which the happy young couple left on the 8:16 train on their honeymoon trip, and after December 1st will be at home in Elizabeth, N. J. Mr. Rath is an official of the Delaware, Lackawanna and Western Railroad, with headquarters at Newark, N. J. The bride is one of Bellefonte's pretty and attractive young ladies who will make a most excellent wife. A number of social functions were given in her honor in the few days preceding the wedding. The last of these events was a dance given on Monday night in Bush's hall, at which many of the visiting guests were present.

Included among the guests were Mrs. Emily F. Rath, Miss Alice F. Rath, Mr. William Thompson Rath and Mr. and Mrs. Wm. R. Bennett, of Elizabeth, N. J., Miss Elizabeth North, of Washington, D. C.; Miss Louise Spahr, of Williamsport; Mrs. Cornelia Henderson and Miss Gertrude Henderson, of Monticello; Mr. Mary M. Jacobs, of Philadelphia; Mr. Herbert W. Seymour, of Washington, D. C.; Mr. Washington North, Mrs. John Patterson and Miss Rebecca Jacobs, of Mifflin; R. B. Freeman, wife, son and daughter.

Barndt—Hassinger

At 5 o'clock on Wednesday evening, November 10, at the home of George Hassinger, near Curtin, was a very pretty but quiet wedding, the contracting parties being Miss Bertha A. Hassinger and William T. Barndt, of Akron, Ohio. Miss Emma Barndt, a sister of the groom and her friend, Harry Thomas, acted as bridesmaid and best man. The bride was beautifully dressed in white batiste princess, trimmed in net and white silk; the bridesmaid wore a blue silk suitable for the occasion. Rev. Dubbs, the bride's pastor, officiated in the ceremony which made them man and wife. After the wedding a sumptuous dinner was served, Mr. and Mrs. Barndt started immediately for Akron, Ohio, where the groom has a house furnished ready for his bride. Miss Hassinger has been one of Mr. and Mrs. Hughes' best waitresses at the Academy for the past three years, and her hosts of friends there will greatly miss her. Those present from Bellefonte were Rev. James P. and Mrs. James R. Hughes, Thomas and Miss Barndt, Mrs. Lena Smith, Anna Bowers and Mr. Martin. The bride received many valuable and useful presents. Her hosts of friends wish her and her husband a happy and prosperous voyage on the sea of matrimony.

Walkey—Kridner

On Thursday morning Harry Walkey and Miss Emma Kridner, of Bellefonte, took a little jaunt to Altoona where at 11:15 o'clock they were happily wedded. The ceremony was performed at the parsonage at Eighth Avenue Methodist Episcopal church by the pastor, Rev. S. E. Evans. This was quite a surprise to their friends here who thought the nuptial bells was buzzing there, but had no idea that the wedding bells would ring so soon. The groom is an employe of the Bellefonte Electric Light Company. The bride is the only daughter of the late Mr. and Mrs. C. D. Kridner and is worthy of a good husband which no doubt Harry will prove to be. She has her own residence on Bishop street where they will make their home.

Burlingame—Burnett

On Tuesday evening, at 6 o'clock, Miss Margaret Burnett, formerly of Bellefonte, was married to Bruce Bur-

OFFICIAL RETURNS IN PENNSYLVANIA

MOSCHZISKER RAN FAR BEHIND HIS PARTY TICKET

SPRING ELECTIONS ABOLISHED

The Last to be Held Next February The Famous 7th Amendment Badly Defeated by 60,000—Other Majorities—The Final Vote.

The official count of the returns of the November election was concluded on Monday morning at the State Department. It shows that Stober polled a total vote of 450,630 for State Treasurer, while Kipp his Democratic opponent, had a total of 397,763. Stober's plurality is 142,267 and his majority 96,981.

Slason, the Republican candidate for Auditor General, polled 442,975 votes, and Clark, Democrat, had 278,923. Slason's plurality is 164,052 and his majority 111,368.

Von Moschzisker polled a total of 492,502 votes for Supreme Court Judge, while Munson, on the Democratic ticket, had a total of 326,659. Von Moschzisker's plurality is 82,843, and his majority is 25,027.

Fish, the Prohibition candidate for State Treasurer, led his ticket with 20,414 votes, while Moore, Socialist candidate for State Treasurer, polled a total of 22,320.

All of the amendments, with the exception of the seventh, passed, with the following majorities: No. 1, 15,460; No. 2, 21,967; No. 3, 21,486; No. 4, 15,623; No. 5, 28,937; No. 6, 21,276; No. 8, 20,196; No. 9, 19,637; No. 10, 19,477; schedule, 5611.

Number 7, relating to the appointment of election board officers, was voted down by a majority of 66,523 against.

AMENDMENTS CARRY.

Spring Elections are Abolished by Big Votes.

Nine of the proposed amendments to the state constitution were adopted by the voters of the last election. The amendment beaten is No. 7, which would have given the Legislature power to wipe out the choosing of election officers by popular vote and authority to establish a commission for the appointment of such officers. This novelty in Pennsylvania law was beaten by a majority which will be 66,523 of 60,000, while the other amendments were adopted by majorities which will probably run between 15,000 and 29,000.

This means that next February's election will be the last spring election to be held in this state. Under the new procedure, county and municipal officers will be chosen in odd numbered years and state officers will be chosen at general elections to be held in even numbered years.

After next February all elections will be held in November, and the terms of all county and municipal officers, which ordinarily would end in the spring of 1911, are extended until the close of that year, as their successors will be chosen in November, 1911, instead of February.

The people of the state will save over a million dollars a year by the ratification of the constitutional amendments abolishing the February election.

The happy event was solemnized at the home of Mrs. John Burnett, grandmother of the bride. The ceremony was witnessed by about forty guests, thus it was void of any ostentatious display. The bridesmaid was Miss Kathryn Burnett, sister of the bride, and the groom's best man was his brother. The little flower girls were Jane and Marion White, daughters of Mrs. Earnest White, the latter being a cousin of the bride. The groom is a prominent young business man of Syracuse and will provide her a most excellent home. The bride, who is a daughter of Mrs. Moseburnett, made her home in Bellefonte most of her life where she has a large circle of friends who will wish her much happiness throughout her future life.

Struble—Tressler

On Wednesday afternoon, 3rd Inst., at 2:30 o'clock Forest L. Struble and Miss Eva May Tressler both of State College, were married at the First Lutheran parsonage in Tyrone, by Rev. Edward M. Morgan. The groom is a son of A. B. Struble of State College, at which place the groom is engaged in the blumbing business. The bride is an excellent young lady and is well fitted for the position she has chosen. Mr. and Mrs. Struble left for a trip of ten days through the west.

Hockenbury—Spicer

William Hockenbury, of Bellefonte, and Miss Carrie Spicer, of Centre Hall, were married at the Reformed parsonage in Centre Hall on last Thursday evening, by the pastor, Rev. Daniel W. Green. The wedding was a very quiet affair.

Murtorf—Rebb

Harry Murtorf and Miss Olie Rebb, of Bellefonte, were married in Tyrone on Tuesday evening. Mr. Murtorf is employed in the Potter-Hoy Hardware store, while the latter was formerly employed at Joseph's store.

384 Miners Probably Dead

The 300 or more miners, who were entombed in the St. Paul coal mine, at Cherry, Ill., by last Saturday's fire, are dead. Some of the bodies lie buried beneath thousands of tons of earth which caved in upon them, and it is doubtful whether many of the bodies can ever be recovered.

BUSINESS MEN'S ASSOCIATION

On Friday evening the new Business Men's Association, of Bellefonte, met in the Council chamber with the president, Joseph L. Montgomery in the chair. There were about thirty-five members present. The revised constitution and by-laws were read, and Mr. R. S. Brouse was made Chairman of the Executive committee in stead of Mr. F. W. Crider who could not spare the time it would take. Talks were made as to the best methods of booming Bellefonte and placing before the public the many advantages here for manufacturing establishments of all kinds. Much enthusiasm was manifested along this line. Mr. Pillette, of the Merchants Association, of Pittsburgh, stated that he had already obtained the signature of sixty-five merchants and business men in Bellefonte and throughout the county for the credit rating book. Nearly all the merchants and business men in Bellefonte have already subscribed. Applications are coming in from other sections of the county from parties who have not been seen yet. Many ratings have already been sent for the book which will be one of the most complete things ever gotten out in Centre county. The Association will meet on the first Friday of each month.

\$30,000,000 STOLEN FROM GOVERNMENT

THE SUGAR TRUST ROBBING US FOR MANY YEARS

ROOSEVELT REMAINED SILENT

Refused to Recognize the Charge—Trust Went on Stealing—Trust Created by Tariff—Robbed Us Both Ways—How do You Like it.

The sugar trust has stolen boldly and enormously from the United States treasury for at least twenty years. It stole with the assistance of officials employed by the United States. It was nursed and protected in its stealing by powerful politicians.

The direct evidence of the sugar trust's crime has lain in the New York custom house since the stealing began. Practically every payment on duty on sugar by the trust bears on its face the proof of robbery—the true weight and the false. Those who knew that the sugar trust was a thief, and who sought for legal proof in the custom house records, were referred to the thief itself.

George H. Earle, Jr., of Philadelphia, offered to lay bare the sugar trust's full iniquity to President Roosevelt and Attorney General Bonaparte. Mr. Earle was rebuffed and left in complete discouragement. For one year, after that the sugar trust continued to steal. The facts show that the sugar trust could not have stolen upwards of \$30,000,000 without the cognizance of treasury officials and the patronage of politicians. The same cargoes were weighed and under-weighed. The trust paid freight on the actual weight. It stole 5 to 10 per cent of the duty on every cargo.

The trust tried to blackmail the carriers threatened to tell the truth. It succeeded in part of its blackmail because the carriers feared they would be driven out of business.

The trust's power was such that it secured a special rate of estimating duties. This enabled it to juggle figures in the New York custom house so that it apparently got small refunds, while in reality it got large repayments. Shippers of sugar the world over knew of this robbery. Carriers knew it. Weighers knew it. Officials within the custom house itself must have known it. The sugar trust silenced revelations.

It is now an accepted fact that repeatedly in the past few years complaint was made to the government, by those in possession of the information, that enormous frauds were being committed to the New York custom house. Frequently President Roosevelt was informed of these things, but for some strange reason the strong arm of the government was never invoked and the thievery continued as before. Why, no one seems to know, except that powerful political influences were back of the sugar Trust who had purchased immunity. Think of it, the government robbed of \$30,000,000, it is worse than Pennypacker state capitol job. The country is amazed at this gigantic steal, which indicates that political influence too long tolerated the above.

The sugar trust owes its existence to a tariff policy that has permitted them to rob the American people in buying their raw material and again selling it to the people. In this way hundreds of millions. Cut down the tariff and the consumer could buy sugar at an honest value, about two cents a pound less.

This is another instance of the American people getting exactly what they voted for.

The New York Sun resumed last week its publication of the sickening detail of Sugar Trust thievery. It gave evidence to show that there was shocking dereliction upon the part of Government officials. The Sun says in its resume of the evidence of gigantic fraud:

"Further investigation of the Sugar Trust's thefts of millions upon millions from the national treasury in the last twenty years reveals that the Trust not only controlled the Surveyor's department of the New York Custom House, but the Appraiser's as well. It stole from 5 to 10 per cent of the duties on sugar in the Surveyor's department. It stole just about as much in the Appraiser's department.

"The Appraiser fixes the rate of duty on sugar through samples. The Trust doctored the samples. It got a lower rate thereby. The Trust therefore so perfected its theft system that it stole through false duties on false samples of false weights.

"No records remain to fix the number of millions stolen through these false samples. Those who are informed declare that the plunder was equally as large as that secured by false weights.

"This means that of practically every cargo brought into this port, where the stealing was done, and could be supervised from 117 Wall street, from 10 to 15 per cent of the duty was stolen by the Trust. And there was no Government official to stay its thieving hand."

When Appraiser Wakeman brought to the attention of Secretary Gage the proofs of the Trust's sampling frauds he was referred to the Secretary's good friend, Havemeyer, as the proper person to put a stop to the audacious criminal practices, and "the stealing went right on."

On Sunday afternoon D. Miller and wife will sing at Petrikin Hall. Everybody is cordially invited to attend. It will be something fine.

SWING COMPANY REORGANIZED.

On Friday the Yeager Swing Co., of Bellefonte, was reorganized by the former creditors of the concern placing \$10,000 in the treasury as a cash capital to begin business upon. The officers of the new company are as follows: president, Andy M. McNitt; secretary, Donald Potter; treasurer, Frank Crawford; general manager, Claude Cook. The above gentlemen with H. C. Yeager, E. M. Huyett of Bellefonte and P. P. Griffin of Lock Haven are the directors.

The new organization is composed of successful business men who have placed enough of capital at their disposal to warrant it a success. It was a wise move to place Claude Cook in the position of manager, because, while acting as receiver for the old company he thoroughly demonstrated that he was the right man for the place, and he could make it so, especially under the favorable condition of which the reorganization has taken place.

They intend beginning at once to manufacture swings and their famous mission furniture which has met with such a demand all over the county. On Friday men were put to work to get the plant ready for starting.

Price and Butler All Next Week.

The Price and Butler Company will open a week's engagement at Garman's opera house, Monday, Nov. 22. Ladies will be entitled to a reserve seat for 15 cents. The company is well and favorably known to Bellefonte theatre-goers having played a successful engagement here two seasons ago. Price and Butler have strengthened the company this season and carry special scenery for the productions.

The opening bill is a beautiful sentimental comedy drama, in four acts, entitled "A Neglected Wife." George Butler and William Price will appear in the leading and comedy roles at every performance. Two matinees will be offered, Thanksgiving Day, and Saturday. Among the new bills produced will be "The Way of the Wicked," "Wronged," "Over the Hills to the Poor-House," "The Scarlet Letter," "The Bachelor's Twins" and "The Child of the Desert." Popular prices, 10, 20 and 30 cents will prevail during the engagement.

ENGINEERS AT NEW BERLIN.

Interest in the air line railroad between New York and Chicago has again revived by the appearance of a corps of engineers at New Berlin. The corps at present are engaged in endeavoring to shorten the line to Sellersburg. The former surveys were along Penns Creek but the line now is being laid from Centerville over the hills and will run about two miles south of New Berlin. This is the same corps that had been working in Indiana county. The line enters Union county along Penns Creek at Paddy mountain tunnel and follows the L. & T. to near Weikert, where a southern course toward New Berlin is taken. The original surveys were made a year or more ago and the promoters announce that it is to be an electrically operated system.

Caught in Bolting Machine.

A. Y. Williams, a well-known worker, of Fort Matilda, while at work in a grist mill at that place on Saturday got his right hand caught in the bolting machine and so badly mangled the fingers that amputation was necessary. Mr. Williams had charge of the mill in the absence of his son, who is proprietor, and while adjusting some of the parts of the heavy crusher unfortunately got caught. He was driven to Tyrone on Saturday evening and taken to the office of Dr. W. S. Musser, on Logan avenue, where the index finger was amputated at the first joint and the other three close to the hand. The unfortunate man is 60 years old.

Penny to Build More Track.

It is announced that the Pennsylvania Railroad Co. will build an additional track from Montandon to Northumberland, to accommodate the freight traffic from Lewistown and Tyrone division without running on the main line. Passenger trains for this division will be run directly from Sunbury to Bellefonte.

Zion Communion.

Communion services will be held in the Reformed church at Zion, next Sunday afternoon at 2:30 o'clock.
