Rev. Kelley is still holding his protracted meetings on Dix Run. There have only been two conversions so far.

There was a carriage load of people came in over the mountain from Phillipsburg, and Sundayed at the home of H. A. Scholl.

Miss Emily Way, of Stormstown, has been spending some time with her friend, Alma Hall.

Don't be Misled.

Many a life has been cut short by a cough that was not believed to be serious. Many a backache and sideache follows a coughing spell. Many a night is passed in restlessness caused by coughing. Many a cough "cure" that never cures is tried. Do not be misled. If you cough take the old reliable Kemp's Balsam, the best cough cure. At druggists and dealers, 25c.

STATE COLLEGE.

Friday was Pennsylvania Day here. A large delegation from all parts of the state were present. The exercises were held at 10 A. M.; cadet drill at 11, and at 2:30 sharp the annual football game between the 1912-1913 classes was played on the new Beaver field, which resulted in a victory for the Freshmen class of 1913. The score stood 6-5. In all the contests between these two classes there was only a slight margin for the side which won.

BACK GIVES OUT.

Plenty of Bellefonte Readers Have This Experience.

You tax the kidneys—overwork them—They can't keep up the continual strain—The back gives out—it aches and pains—Tertiary troubles set in—Don't wait longer—take Doan's Kidney Pills.

Bellefonte people tell you how they act.

Mrs. G. A. Bush, of Potter St., Bellefonte, Pa., says: "I suffered a great deal from backache and sharp shooting pains across my loins. I could not lie in bed with any comfort on account of the aches and pains in my back and I could hardly straighten after stooping. I also had trouble with the kidney secretions on account of their frequency in passing. At last I procured a box of Doan's Kidney Pills at Green's Pharmacy and they did me more good than any other preparation I ever used. I was relieved of the backache and the passages of the kidney secretions were regulated. I am now feeling fifty per cent. better than I have in a long time, thanks to Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

A Special Dynamite Train.

A special train of 20 cars, carrying enough of dynamite to blow every city off the map, passed through Lock Haven a few days ago. It came from Emporium and was consigned to the United States government for use on the Panama canal. The shipment, 1,200,000 pounds of the explosive was handled so carefully by the railroad company's employes that there was practically no danger.

Some men are so fond of hearing themselves talk that they would actually make an after-dinner speech at a prohibition banquet.

Scott's Emulsion

is a wonderful food-medicine for all ages of mankind. It will make the delicate, sickly baby strong and well—will give the pale, anemic girl rosy cheeks and rich, red blood. It will put flesh on the bones of the tired, overworked, thin man, and will keep the aged man or woman in condition to resist colds or pneumonia in the winter.

RECEPTION TO PASTOR.

On Wednesday evening of last week an interesting social affair took place in the chapel of the Bellefonte St. John's Reformed church, from 7:30 to 10 o'clock. It was an informal reception given by the Consistory to the pastor, Rev. Ambrose M. Schmidt, D. D., and his excellent wife, commemorating the eighth anniversary of his ministry in Bellefonte, and the twentieth anniversary of his ordination into the christian ministry. During the evening a large portion of the members of the Reformed church, with the friends and pastors of other churches in Bellefonte, were present and extended to Dr. Schmidt and his wife their congratulations on their achievements of the past and best wishes for the future. Light refreshments were served during the evening, thus the occasion was one of social fellowship from first to finish.

Since coming to Bellefonte Dr. Schmidt has won the respect and confidence of not only the members of his own congregation, but the citizens of the town in general. Besides being a preacher of ability he possesses business tact which has made his pastorate useful. During the eight years of his ministry the church has been repaired and a new chapel built which is a fitting commentary to his work. Besides this, many new converts were added to the church. It may be of interest to his friends to be reminded that on the 1st of January the Bellefonte charge becomes separate from the Zion charge, thus Dr. Schmidt can devote his whole time to the congregation at this place. It is to be hoped he may remain here many years to continue the good work he has begun.

The Latest Trust.

The immense merger of the past week by which the Bell Telephone Company, otherwise known as the American Telegraph and Telephone Company, absorbs the Western Union Telegraph Company, will be regarded with interest by every one, since the general conclusion seems to be that we may look for telegraph and telephone rates to rise. The government is also interested in the merger, and will use its probe to determine whether this new combine is a violation of the law or not.

Sentenced to Fix Up Roads.

Pleading guilty in Court in Pottsville, to an indictment charging them with misdemeanor in failing to repair the roads, the members of the New Philadelphia Borough Council were given until the January term of Court to fulfill their delinquent duties, with a heavy sentence now hanging over their heads.

The annual state convention of Patrons of Husbandry will be held at State College during the week of December. The students at State College will be home on their vacation and little trouble is expected in entertaining the visitors. During the week the trains on the Bald Eagle Valley railroad will run through to State College to accommodate the grangers.

No man thinks he is getting what he deserves, and some of us ought to be glad of it.

GETTING BUSY.

The visitor to Burnham, near Lewis-town now finds scenes and sounds of activity at the Standard Steel Works that are reminders of its most prosperous days of about two and a half years ago. The business of the company has reached what may be called a normal stage. This does not mean that the plant is being run throughout to its full capacity, but it does mean that the present output is as great as at any time in the history of the works. The working force is not as large, however. With the improved facilities, labor-saving devices and the installation of modern mechanical equipment a decided saving of man labor has been made possible.

The outlook at present is decidedly promising for the coming year to be by far the biggest in the history of the works. One of the newest outputs of the Standard Steel Works is tool steel of a high quality.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants. A New Delight— Foods Shot from Guns

There are myriads of homes where these foods are not new—these delicious Puffed Wheat and Puffed Rice.

The people who know them are already serving seventeen million dishes per month.

But to millions of others these foods remain a new and unknown delight. And to those this appeal is addressed.

The appeal is to try one package—just for the children's sake.

Puffed Wheat—10c

These are the foods invented by Prof. Anderson, and this is his curious process:

The whole wheat or rice kernels are put into sealed guns. Then the guns are revolved for sixty minutes in a heat of 550 degrees.

That fierce heat turns the moisture in the grain to steam, and the pressure becomes tremendous.

Serve it tomorrow morning. Listen to what they say. Then ask them what food they want next.

Wheat and rice are common foods, prepared in numerous ways. See if this way is best.

We make all sorts of cereal foods, so it matters little to us which kind you prefer.

But it means much to you to get the food that you like best. See if Puffed Wheat is that food.

Puffed Rice—15c

Then the guns are unsealed, and the steam explodes. Instantly every starch granule is blasted into a myriad particles.

The kernels of grain are expanded eight times. Yet the coats are unbroken, the shapes are unaltered. We have simply the magnified grain.

One package will tell you why people delight in them. Order it now.
