THE NEWS IN CONDENSED FORM FROM ALL PARTS OF THE COUNTY

SNOW SHOE.

Rev. H. J. Shugart, of Altoona, our former M. E. pastor, spent Thanksgiving at the Chambers-Uzuel hunting camp.

The band brought the cold wind of Thanksgiving and favored the town with some music.

Those of our townpeople who visited over Thanksgiving were: Samuel Budinger and wife, at DuBois; Mr. and Mrs. Quirk at Cresson; Charles Weaver and wife at Peale; Misses Jennie Park, Jennie Messer and Verina Price the former's sister, at the Lock Haven hospital; Misses Candice Leathers and Myra Watson at Curtin, and J. R. Cronister at Martha.

We noticed in the "Gazette" last week as how our policeman had the cheer among the boys at Literary Society under control; true enough, but when men were fighting in two different places Saturday night he was nowhere to be found. He is stationed at the park and seat that no one carries off the pavilion, race track or grand stand.

We were informed by a man who should know that if we would see the reservoir we would not use the water, as it is black with decayed leaves. The board of health should look after such a thing as this and have it cleaned, as winter season is here and the town has to depend on this one place for its water. Let this be looked after at once, before it is too late.

Jerry Crandle (Waxey) had a little experience Wednesday while walking through Bear Town; he was suddenly confronted by a mother bear and three cubs. Of course he shot the mother bear first, thinking he had killed her, but she started after the young ones, and while he was gone the old bear left too; Waxey came home and related his experience to Harry Leathers, and the next morning they started with their dogs early for Jerry's treasure, but were too late, the bear and the scent were both gone.

The hunting season is now over; hunters are flocking in by the score, reporting the weather very unfavorable for deer hunting, and deer scarce. Bear seem to be plenty as more bear have been killed by far than deer. The Spruce Run camp have nine. Cheer up, boys, the law may be so changed next year that you may kill both sex of deer; let us hope so.
