Sunday morning the town was suddenly thrown into great excitement by the cries of fire on the street. The fire was located at the home of Wm. Dunkle in Central City. When discovered it was beyond all control and without the aid of the hose, as it was impossible to reach the building. It was a frame structure and with a strong wind blowing from the west was soon burned to the ground. The contents of the upstairs were all lost

with the building. The goods on the first floor were partly removed. The wind was certainly in favor of the adjoining properties, which otherwise could not have been saved. The assistance rendered by the residents of that neighborhood. We did not learn whether Mr. Dunkle carried any insurance. The loss will be considerable as he was just getting his property insured and was enjoying the comforts of his home.

We have no colleges, nor large universities in this vicinity, but we have the smart people all the same. ## SNOW SHOE.

In recent issues of the Democrat we notice accounts of the different towns by their correspondents, that make us think of the little verse of scripture, "A city that is set upon a hill cannot be hid." So it is with Snow Shoe, on a hill, over 2000 ft. above sea level.

A good many of my readers are familiar with the way in which our city is reached; up those far famed switch backs along which the most beautiful scenery of Dame Nature meets the eye of the traveler.

Snow Shoe was at one time a lumbering district and therefore sprung up in the wilderness, where timber was hauled to the river and rafted to Lock Haven and Williamsport to be sawed into boards.

Some two and a half years ago the place was incorporated as a borough and since that time concrete walks have been laid on all the principal streets and a state road built through to Clarence.

Our borough contains one wholesale grocery, under the management of Kelley Bros; 3 grocery stores, namely: T. B. Budinger, Ben Ton, and A. Thompson & Son, who also run the bakery; Harry Gunsalus is our clothier; Henry Sinclair has the restaurant and W. A. Sichel is our druggist. Drs. Young and Harris look after the medical part of our make up. Chambers & Uzzell, under the management of George Barryclough, is our downtown butcher and T. B. Budinger, under the management of Harry Reeser, is our uptown butcher. We have a town hall, a first class water tower through which pure spring water is carried, also two companies charted for electric lights. Two barber shops, John A. Kelley, who also has the pool room, and Adam Barr. E. A. Swartz is our bustling blacksmith. Two hotels, The Mountain House, L. Reeling, proprietor; and the Washington House, John G. Uzzell, proprietor. Jas. I. Yarnell is our postmaster and from this office five mails enter, and five leave daily, except Sunday. Five churches are within our limits—Methodist, R. F. Rouch, resident pastor; Methodist, Rev. J. Medith, resident pastor; Roman Catholic, F. P. Corcoran, resident rector; Presbyterian, supplied by different pastors; Church of Christ, Rev. Tomson, of Howard.

We are sadly in need of a bank as more than \$35,000 changes hands weekly, and there is no reason why a bank could not do a flourishing business. Andy Hershey is our flourist. Three train crews are stationed here under direction of W. G. Kealing, yard master; H. W. Rabert is station agent; Lew W. Watson, clerk and Ed. Peters, freight hustler. Two section crews, under Robt. Malone and Wm. Hall are busy keeping the track open for the trains. Two livery stables, John Confer, also undertaker, and Henry Sinclair, which makes a little rivalry. We have the most beautiful park in Central Pennsylvania, with race track, ball diamond, shooting trap, grandstand and large pavilion with hall and kitchen attached. Mr. Uzzell owns the deer park where some 20 deer are kept and a more beautiful sight is not witnessed every day than seeing the deer go jumping over high stumps and logs.

We have five orders in our town: The Improved Order of Red Men, The Independent Order of Odd Fellows, The Union Mine Workers of America, The Ancient Order of Hibernians. We invite you to come and see our city up on a hill and assure you a first rate time.

## Coughs of Children

Especially night coughs. Nature needs a little help to quiet the irritation, control the inflammation, check the progress of the disease. Our advice is—give the children Ayer's Cherry Pectoral. Ask your doctor if this is his advice also. He knows best. Do as he says.
