Wm. H. Williams lost a faithful and valuable horse during the last week. The animal was never known to be sick, but she got the spasmodic colic which caused her death. Mr. Williams did all in his power to save her, but all his efforts were of no avail. He is trying to buy another, but he is afraid that it will be a long time before he gets one that will suit him as well as this one did.

F. S. Williams, having a pleasant expression on his countenance, for a little girl came to his home lately, and he says she is the nicest baby in the county.

The Centre County Sunday School Association for the year 1909, comprising the churches of Worth and Huston townships, will be held in the Baptist church at Port Matilda, on Friday evening and Saturday, March 4th and 5th. A very good program has been prepared and the committee feel assured that we can have a good and profitable time together, if all those interested in this work will just come and lend a hand. We had a very good session last year, and hope this one will surpass that.

On Thursday evening our town had the pleasure of listening to an appeal for aid in the missionary cause by Rev. J. A. Platts, Mr. Shuey and Mr. Potter, of Bellefonte. All greatly enjoyed the lectures given by these gentlemen. They certainly know their work and are sure to meet with success in this effort to encourage and aid in the missionary lines. They presented the matter in a way that all hearing could easily understand, and we feel sure that their plan is the only practical one by which we can evangelize the world. All who failed to hear the best chances to become enlightened in this cause that they will ever have.

One of our citizens came near being carried away by mice lately. He went to bed, after first laying his false teeth on a table, and the next morning he awoke in the morning his teeth were gone. An old mouse had been wearing them while he was asleep and would have taken them with him but they were too big for the hole in the mouse's home.

On Saturday evening the Knights of the Olden Ecluse greatly surprised just at the close of their session by the appearance of their wives and families with baskets full of good things. They had just closed, when in walked the whole crowd and took possession. Many of the members present suspected a thing, while some others were expecting some surprise but not of this nature. The ladies certainly made it a successful gathering, and all spent a very pleasant social evening together. Rev. Ake who was in the company said that the noble members take such an interest in it. All you people who are not members join now, and get into a good, true, uplifting brotherhood, which is without doubt the best order in our town or community.

POTTER TWP.—West Precinct.

Oh, yes! the weather for the past few days has been fine, so I took a stroll to the top of Tussey mountain, and soon found my big hollow tree. It took me some time to adjust my telescope, and the receiver to my wireless telegraph. In taking a view of the Boalsburg road west from Tusseyville I noticed a number of important improvements. This dry weather during the past summer has taught some of the farmers to provide water for their stock during the cold winter months as well as the dry summer months. Among those who have made provisions are Henry Stover on both his farms, James Runkle heirs, and David Stoner; each one has laid pipes to springs on their farms and built a reservoir on the highest point near their buildings, and by means of a hot air engine can fill their reservoir, and now by means of pipes and hydrants they have plenty of water wherever needed. You can always tell where prosperous and enterprising farmers live by looking at their surroundings.

N. lodge are crowding themselves in with the Daddy Lodge; it was especially true on Thursday evening, when the Daddies had their banquet down at Daddy George's. Henry says he got two dishes of oysters, four big dishes of ice cream, and cakes without weight or measure. Glad they had a good time.

When are the mammals going to organize; there are a good many who are eligible. Who will make the start? During this lay weather a good many people have been looking for the comet in daylight but say, instead they saw stars.

Few married women are as pretty as their husbands' typewriters.

No wonder women are cold-hearted when they wear such low-cut dresses.

Scott's Emulsion

is the original—has been the standard for thirty-five years.

There are thousands of so-called "just as good" Emulsions, but they are not—they are simply imitations which are never as good as the original. They are like thin milk—SCOTT'S is thick like a heavy cream.

If you want it thin, do it yourself—with water—but don't buy it thin.

May they calmly sail in the sea of matrimony.

The Granddaddy Lodge, composed of Colyer, Tusseyville and Pottery Mills, held their first banquet at the residence of Daddy George Jordan with 32 members present. The evening was spent in addresses and lectures. It was said they would be amused in taffy pulling, playing ring-tag, etc., but on account of their sweethearts not being present their games were dropped. All amused themselves listening to the Crawford orchestra on drum corps were not present on account of having a convention at the sassafras cabin. Mrs. William Martz, Mrs. Foster Frazier, Mrs. John Bubb, lent quite a helping hand in preparing the refreshments, which were served at 12 o'clock sharp, consisting of oysters, ice cream, cake, candies, fruit, coffee, etc. All enjoyed themselves very much. The opening address was made by chairman Daddy George, followed by Bishop Mulberger. Then Daddy Kaffer gave a very good talk on the culture of Dr. Collins' lectures on wensels, mlks, skunks, etc. Daddy Jake addressed the auditorium on fox hunting. The closing address was made by Daddy A. Less, which pleased the Daddies very much. At this meeting Daddy McCoy was taken in as a local member of the Colyer Lodge. No doubt he will organize a Daddy lodge at Philadelphia. The chairman was somewhat disappointed in one of his lectures as Daddy Stillwater was not present but who will try and have a very excellent talk on bee culture at the next meeting, which will be made known in the near future. There are three new members to be given the first degree at the next meeting. Pres. Stillwater would like for all the members to join before the next banquet, apply to the above mentioned president, Colyer, Pa.

Desperate Coughs

Dangerous coughs. Extremely perilous coughs. Coughs that rasp and tear the throat and lungs. Coughs that shake the whole body. You need a regular medicine, a doctor's medicine, for such a cough. Ask your doctor about Ayer's Cherry Pectoral.

Ayer's

Any good doctor will tell you that a medicine like Ayer's Cherry Pectoral cannot do its best work if the bowels are constipated. Ask your doctor if he knows anything better than Ayer's Pills for correcting this sluggishness of the liver.
