THE NEWS IN CONDENSED FORM FROM ALL PARTS OF THE COUNTY

### SNOW SHOE.

We had a little snow Saturday morning.

If you see something funny happen or hear something that would look good in print, tell the scribe. Memorial Day among the different orders, but nothing definite has been decided on.

We have been wondering why the "Painter" makes so many trips up towards the school building; we know it needs painting, but don't think it will be soon.

The railroad is completed into Cherry Run now, the men who helped grade and lay the track are playing ball. The first car that ran over the track was wrecked which is a bad go for the foreman.

Seeing the need for another barber shop, George Morris has rented a portion of A. Thompson & Son's ware room and is now doing first class barbering. Your patronage is solicited.

John A. Kelley has installed a F. & E. light in his barber shop and in front. We have rumors that the council were talking of installing five or six similar lights in the boozeh if the occupants of the houses wherein they are put will furnish the gasoline. Many have said they would be glad to do this.

The grading for the brick plant is under way with "Jack" Harrington as boss; this, no doubt, will make our town a more prosperous one with more work for our men and boys.

"Dutch" Kestling has gone into the chicken business in the right style. He has put up a concrete wall 14 inches high, 12 feet long and 5 feet wide, upon which he expects to build his chicken house of concrete blocks. Success to you, "Dutch."

The other day we had the repetition of the Peter Jackson-John L. Sullivan battle when John Glenn (Sullivan) and J. H. Crandle (Jackson) came to blows; a little black eye was the result for Sullivan.

Saturday night the Clarence Supply came to a close when T. B. Budinger, its former owner, with O. J. Harp, purchased the store and stock, including clerks; this transaction will make Clarence feel like itself again.

Tuesday afternoon of last week Harold Witherrite, with Wm. and Harry O'Brien, were driving one of Kelley's mules in an old buggy, when the mule balked and threw Harold out, breaking his wrist near the joint. He is under the care of Dr. Harris and is getting along finely.

The stork left a fine baby boy at the home of Mr. and Mrs. Frank Hipple on Saturday morning.

Come! Come! This is what we get for breakfast, dinner, supper and at up town at nights. Did you see the comet Monday morning? Well, I guess yes. You being awakened by the noise, you to us like the thump of hammers, peals of thunder, blasts of trumpets, roll of drums and spinning of wheels—a noise that Johna would have been glad to boast of when he led his victorious Israelites against the walls of Jericho. We were told by a reliable party that the dead in the nearby cemetery thought the noise was Gabriel's trumpet on the last day, and gave a groan and rolled over on their sides. Ever since we were rightly awake, to our surprise we found it was only our friends, "Aunt Marge" Shope on Monahan Ave. and "Dutch" Keeling on Fourth street, awakening their neighbors to see Halley's comet. One of our brave boys was so much interested in the comet that he dreamed he was hunting the comet and arose, sallied into the adjoining room and crawled under the stand; by his noise he wakened the sleepers in the room who questioned him of his purpose; he replied: "I am hunting the comet." Ask Gigg.

Thursday night a car of beer for the wholesale was broken into while standing on the sidetrack in the yard and five kegs and two cases of beer were taken. Saturday, Barr, the railroad cop, of Tyrone, was here looking up the case, but very little evidence was gathered. To the guilty parties, if caught, this will be a serious charge.

### MACKEVILLE.

On Saturday evening of last week quite a large surprise party was gotten up at the home of Irvin Weaver, the occasion being the 37th anniversary of Mr. Weaver's birthday. Everything was well planned and proved a success in every detail. At about 6:30 P. M. Al. Andrews drove to the residence of Mr. Weaver and asked him to accompany him to Salona, which he readily agreed to, and when they returned at 9 o'clock some fifty persons had assembled. On entering he was almost struck speechless on seeing such a large number of friends; after recovering himself he greeted his guests in his usual cordial manner, remarking they were three welcome. Mirth having subsided, they all sat down to the table where all the delicacies of the season were served. After supper, music, mirth and hilarity ruled the roost until a late hour. All returned to their respective homes wishing Mr. and Mrs. Weaver many more such happy returns. Mr. Weaver was the recipient of many useful and interesting presents, of which he is justly proud. Those present were: S. H. Shoemaker and wife, Wm. Jones and wife, S. J. Brungard and wife, Al. Andrews and wife, J. F. Roush and wife, Rube Wetzel and wife, D. C. Rock and wife, all of Dry Ridge; Harry Weaver and wife, Rube Brown and wife, Clark Weaver and wife, all of Rote; Mr. and Mrs. W. C. On Wednesday evening Rev. M. D. Ezekiel, of Cyprus Island, gave a lecture on "Christian Martyrdom in Turkey," to a fair-sized audience; the lecture was instructive and entertaining and was well received. The Rev. Ezekiel in his tour of lecturing is soliciting money for an orphanage for the widows and orphans in that country who have been left without support by the killing of husbands and fathers by the murderous Turks. The cause is a worthy one and should be supported by giving freely to aid those who are afflicted and in distress.

We are now having a traveling medicine man in our village who will give a course of ten lectures or shows. He opened his show on the 13th and expects to close on the 21st. He is accompanied by his wife. The exercises are good, consisting of songs and music, with funny tales and droll remarks, keeping the audience in a continuous laughter. After having entertained the crowd for about an hour to their satisfaction he hasn't much trouble to sell his medicines.

The trustees have called a meeting of the members of the Zion Union Cemetery Association to come to said cemetery on Thursday, the 26th of this month. The object of the meeting is to clean up. There should be a good turn-out and everybody should come prepared to do something. Bring picks, shovels, picks, hoes, wheelbarrows and teams, so that we can get ground hauled to fill up as well as clean up. The work will be under the supervision of the trustees.

Mrs. Julia Showers, of whom mention was made some time ago, is very much improved.

Some of our farmers have had considerable trouble with hives or blots in their cattle; if someone knows of a good preventative and will publish it in these columns it will certainly be a relief to the poor cattle and will be appreciated by the farmers.

Joseph E. Thropp, proprietor of the Everett and Saxton iron furnaces, in Huntingdon county, publicly announces through an open letter to R. H. McCay that he intends banking his furnaces at Saxton in a short time, and will never start them again.

His reason is the alleged persecution of his non-union workers by the union organization, which, he says, has greatly harassed his business and caused him much loss. The shutting down of the Saxton furnaces, he asserts will take \$33,000 per month out of the Broad Top coal region, or \$400,000 per year, and he adds that the union organization should be able to compensate the furnace workers and coal miners for the loss of wages sustained by them.
