Bishop street, Bellefonte, Pa., says: "I know that Doan's Kidney Pills are a good kidney medicine and I do not hesitate one moment in confirming the public statement I gave in their praise in October, 1907. A member of my family complaining a great deal of backache and headaches and I had heard so much about Doan's Kidney Pills that I procured a supply at Green's Pharmacy Co.'s. Christ Decker is putting down a new cistern on his farm; he is putting in a concrete wall; the work is being done by Yocum and Markle. After almost two weeks of a stay in our village, the medicine show man and his wife have moved to Pleasant Gap. They were very successful in the sale of medicine and the silver contest which was fought to a finish. We are glad to say that friendship and good will prevailed throughout, and all concerned remain the best of friends. Some of our sports took in the scenery at Penn Cave on Saturday. It goes without saying they enjoyed the trip. Rev. Fleck, of the Lutheran church, preached his farewell sermon on Sunday afternoon to a large and appreciative audience, who are sorry to see him leave, but wish him success in his new field of labor. If medicine will preserve health and prolong life, there is a family here that is blessed along that line; it might last, that some of them might live to see the next century. Thursday evening our villagers were out enjoying the sight in the heavens, the comet; it was out in all its glory. The several rains we had in the last week have greatly improved the growth of vegetation and all kinds of grass and grain look very promising.

After almost two weeks of a stay in our village, the medicine show man and his wife have moved to Pleasant Gap. They were very successful in the sale of medicine and the silver contest which was fought to a finish. We are glad to say that friendship and good will prevailed throughout, and all concerned remain the best of friends. Some of our sports took in the scenery at Penn Cave on Saturday. It goes without saying they enjoyed the trip. Rev. Fleck, of the Lutheran church, preached his farewell sermon on Sunday afternoon to a large and appreciative audience, who are sorry to see him leave, but wish him success in his new field of labor. If medicine will preserve health and prolong life, there is a family here that is blessed along that line; it might last, that some of them might live to see the next century. Thursday evening our villagers were out enjoying the sight in the heavens, the comet; it was out in all its glory. The several rains we had in the last week have greatly improved the growth of vegetation and all kinds of grass and grain look very promising.

Clyde Kling, who is employed at West Virginia, is visiting his parents Mr. and Mrs. James Kling. Mrs. John Keister visited friends at Woolrich over Sunday.
