After 20 Years of Intense Suffering When AI Thought He Had but Short Time to Live. Earnestly Prayed to Die. Condition Deplorable Beyond Description. Tries Cuticura. Eureka! Relief at Once. Stopped Terrible Burning Sensation from Word Go. In Six Weeks Skin Smooth as This Paper,

I have been afflicted for twenty years with an obstinate skin disease, called by some M.D.'s psoriasis, and others leprosy, commencing on my scalp; and in spite of all I could do, with the help of the most skilful doctors, it slowly but surely extended until a year ago this winter it covered my entire person in the form of dry scales. For the last three years I have been unable to do any labor, and suffering intensely all the time. Every morning there would be nearly a dustpanful of scales taken from the sheet on my bed, some of them half as large as the envelope containing this letter. In the latter part of winter my skin commenced cracking open. I tried everything, almost, that could be thought of, without any relief. The 12th of June I started West, in hopes I could reach the Hot Springs. I reached Detroit and was so low I thought I should have to go to the hospital, but finally got as far as Lansing, Mich., where I had a sister living. One Dr. ---- treated me about two weeks, but did me no good. All thought I had but a short time to live. I earnestly prayed to die. Cracked through the skin all over my back, across my ribs, arms, hands, limbs; feet badly swollen; toe-nails came off; finger-nails dead and hard as a bone; hair dead, dry and lifeless as old straw. O my God! how 1 did suffer.

My sister, Mrs. E. H. Davis, had a small part of a box of Cuticura in the house. She wouldn't give up; said, "We will try Cuticura." Some was applied on one hand and arm. Eureka! there was relief; stopped the terrible burning sensa-tion from the word go. They immediately got Cuticura Resolvent, Ointment and Soap. I commenced by taking one tablespoonful of Cuticura Resolvent three times a day after meals; had a bath once a day, water about blood heat; used Cuticura Soap freely; applied Cuticura Ointment morning and evening. Result: returned to my home in just six weeks from the time I left, and my skin as smooth as this sheet of HIRAM E. CARPENTER, paper.

The above remarkable testimonial was written January 19,

1880, and is republished because of the permanency of the

cure. Under date of April 22, 1910, Mr. Carpenter wrote

from his present home, 610 Walnut St. So., Lansing, Mich.:
