Mr. Smeltzer was born in Spring township, below Zion, August 8, 1850. and died at his home in Chicago, on Tuesday, July 5. He was well known in this community as "Jere" Smeltzer, and greatly liked for his uniform good nature. He married Miss Sarah Katharine Smith, of Howard township, April 8, 1884, and soon after moved to Chicago, where he became a successful and widely known business man. No children were born to this union, and the old home ties induced Mrs. Smeltzer to bring her husband here for burial. The funeral service was held in the afternoon of Friday last, at the home of his sister, Mrs. Charles E. Yearick, and interment was made in ant Gap; Mr. and Mrs. Thomas Jo-don, Pleasant Gap, and Mr. and Mrs J. M. Smith, Berwick.

Butler's farm, last Saturday. They were a fine, well-behaved lot of young fellows, and enjoyed their outing highly. readings and religious exercises were a part of each day's program, and the good influences of the association were maintained all through their health and pleasure-giving visit in our neighborhood.

An Auto Party.

On Tuesday morning of last week, Mrs. John H. WEST PRECINCT POTTER. Well, here we are again in our hollow tree, taking observations. I notice

that J. B. Spangler had J. H. Horner put in a concrete floor in the cellar of his new house he is building on the farm occupied by A. L. Slutterbeck. The old cellar was a regular mud hole, not fit for a housewife to go in during wet weather. Such improvements are money well spent.

During the past week the sound of the mower has been heard all over our neighborhood. I hear a great deal of complaint among farmers that the grass is very hard to cure. Owing to the past wet weather the grass appears to be very full of sap. The hay crop is fully or even more than ar average crop; most of the clover and timothy is very rank, and will produce a large crop of hay. Farmers predic-

Grain has grown very tall in the straw and is well headed. By all appearance the farmer will have a good return for the labor spent, in seeding his fields.

Just now something else has attracted our attention. On Sunday evening the sound of sweet singing was heard in J. H. Moyer's grove, about one mile east of Colyer, and upon inquiry we find a Miss Kline, from Centre Mills, this county, a lady evangelist, has been conducting services there. She spoke from John iii:16, and delivered a very forcible sermon on the love of God toward man. On Sunday morning she spoke again, this time from Acts 1:14; in her introductory remarks she spoke of the wonderful teaching of Jesus in the upper room Jerusalem; then of the necessity of continued supplication to God for the outpouring of the Holy Spirit, and of the unity of the churches, irrespective of creed or denomination. Squire A. A. Pletcher is enjoying Some people object to female preachers, but the Bible is too full of proof in their favor; compare John xx:17, where Jesus himself commissioned Chester A. Moore spent the greater Mary as the first preacher of his resurrection when he said unto her, "Go to my brethren and say unto them.' That commission stands to-day, for Jesus never revoked it.
