It is reported that Wm. VanGorder picked up enough courage as to help Harvey Guiser make hay a few days.  
Last Saturday the Pleasant Gap nine arrived here to oppose our nine on the diamond. Unfortunate as it was, only one or two of our boys could play, and they filled in with whatever they could get in order to get a line up, and then only had eight places occupied. Toward the middle of the game some players arrived and things began going some. The Gap disappeared at the end of the fifth inning. Wonder why? Score at end of third, 19 to 1; at end of fifth 10 to 5, in favor of the Gap. Come again, boys.

"When my little daughter was about five years old, she was taken with the measles. A few weeks after the measles were gone, she began to have a severe scalp humor. It itched so that she would scratch the whole day, until the blood came. We had a doctor and tried a good many other remedies, but nothing helped. Her hair all fell out and the scalp itself had an unpleasant odor."  
"After we had tried all the other remedies, my wife told me to try the Cuticura Remedies. We bought one cake of Cuticura Soap and one box of Cuticura Ointment. We used the Cuticura Remedies according to directions and in about three or four weeks her scalp was perfectly clear of the terrible humor. Her hair began to grow again and now she has beautiful, long hair. Since that time I have recommended the Cuticura Remedies to other people and they also had success. Chas. Nalzbrenner, Amiana, Iowa, Nov. 5, 1899."
