PORT MATILDA.

On Sunday Rev. Patch, president of the Anti-Saloon League, was in our town and conducted a union meeting in the M. E. church. He is a great man, doing a great work, and we know that he will meet with success in this work of trying to awaken men from their sleep, in regard to this great evil of our land.

Three young men of our town were seen knocking apples and even going into the yard and shaking the trees at the home of one of our oldest inhabitants. This person is poor and has a very hard task to get a living. Boys, if you have any manly principle about you at all, surely you will not be so cowardly as to go and steal the little of a poor old woman may have. If you must steal go where there is plenty and where the owner can afford to lose his fruit. It would be a very good thing if parents in our town would try to impress on the minds of their children, from the start, the evil of such doings. We have too much of this business carried on here. Just as soon as anything begins to get ripe you will see flocks of boys getting away with it. Suppose I should go to your home, enter your garden and begin to gather some of your vegetables and carry them off; would you like it? Not much. Boys and young men both beware; live and treat people a little more in accordance to the Golden Rule.

Don't forget the U. B. church picnic on Saturday, August 6th, in Chaney's grove.

On the coming Saturday, August 13th, the M. E. Sabbath school of Port Matilda will hold a picnic in Chaney's grove. Everybody is cordially invited to attend. The meeting at this school are to meet at the church that morning and go in a body to the ground. Arrangements will be made to haul baskets and any old or young folks who cannot walk. Let us all join in and make this gathering a grand success. Music will be furnished by the Port Matilda band. Be sure to come, everybody will be there.

A tabernacle meeting is to begin this week on Wednesday evening in our town. The meetings will be held by the Free Methodist who held their annual camp meeting at this place.

We understand that some of our boys gathered up a couple old bats and an old ball and went up to Hannah on Saturday to take a few lessons in base ball playing. The first one to bat was a boy who was hardly big enough to hold up a bat, but, strange to say, he hit the zigzag ball thrown by the Hannah pitcher (who gets a salary of \$150 a month) and made first base. This encouraged the boys.

HANDS CRACKED AND PEELED

Tried Many Remedies but Grew Worse—Impossible to Do Housework—Cured by Cuticura Soap and Ointment.

"About six years ago my hands began to crack and peel. I tried many remedies, but they grew worse all the time. At last they became so sore that it was impossible for me to do my housework. If I put my hands in water I was in agony; if I tried to cook, the heat caused intense pain. I consulted a doctor, but without the least satisfaction. After about a year of this suffering, I got my first relief when I tried Cuticura Soap and Cuticura Ointment. After using them for a week I found to my great delight that my hands were beginning to feel much better, the deep cracks began to heal up and stop running, and in a little while my hands were cured by using only one cake of Cuticura Soap and one box of Cuticura Ointment. I am very thankful to say that I have had no return of the skin disease since. I shall be glad if you will publish this so that other women may know of Cuticura. Mrs. Minnie Drew, 23 Barnard St., Jamaica Plain, Mass., April 20, 1910."

For thirty years Cuticura Soap and Cuticura Ointment have afforded speedy relief to tens of thousands of skin-tortured and disfigured sufferers from eczema, rashes, itchings, irritations and chafings, from infancy to age, bringing comfort and peace to distracted households when all else failed.

Cuticura Remedies are sold throughout the civilized world. Foster Drug & Chem. Corp., Sole Props., Boston. 25-cent and 50-cent boxes. "How to Care for and Treat the Skin and Scalp."
