BREAKING OUT ALL OVER BODY

Itched Dreadfully. When Scratched It would Bleed and Become Very Sore, Could Scarcely Sleep as the Itching was Worse at Night. Dreaded Putting Hands in Water.

Used Cuticura Soap and Ointment 3 Weeks. Trouble all Disappeared.

"Some time ago I had a breaking out all over my body. It first started like what we call goose flesh and itched dreadfully. When I scratched it, it would bleed and become very sore. I tried almost everything for the itching but none gave me much relief. I could scarcely sleep as the itching was always worse at night. My hands were so sore I dreaded putting them in water and after I would wash dishes or do laundry work that required the use of other soaps they were always worse. This went on for about six months. Then I used Cuticura Soap and Cuticura Ointment, and in two or three weeks the trouble all disappeared. I always found that my hands were worse (with a dry scale on them) after using any cheap soap but the Cuticura Soap produced such a soothing feeling on my skin that it was a pleasure to use it. I also know what wonders the Cuticura Remedies have done for a friend of mine, so I would recommend them to any one. Mrs. Delaware Barrett, 611 King St., Wilmington, Del., Nov. 15, 1909."

Cuticura Remedies sold throughout the world. Puter Drug & Chem. Corp., Sole Prop., Boston 29-Madison Ave., 22-page book on skin diseases.
