## WEST PRECINCT POTTER TWP.

From the Tussey Mt. Hollow Tree Observatory:—In our last communication we stated that our people were, as a general thing, law-abiding citizens. This place is and for years has been called the "Loop." The boundaries are variously stated to suit the different opinions of its citizens; and I am sorry that so many people do not like to be called "Loopers"; but we challenge the county to produce in an equal area more able and distinguished men than what has been sent forth from the country under my observation. It has sent forth no less than one dozen preachers, a number of lawyers, doctors, and quite a large number of professional men in the different pursuits of life. We could mention a number of names of such persons, but for fear of missing some and causing bad feeling, we will not mention any under this paragraph.

One of our young men from this part has just returned from Chicago with his handsome young wife to pay a visit to his parents and his many friends. I have referred to Mr. John Spangler, son of James B. Spangler, of Tusseyville, who is attending college, made chemistry his chief study. He is now employed in the city of the lake, as a textile chemist, and is one of the successful young men, but has found by experience that it is not good for man to be alone, so he took to himself a wife. May they live long and be happy.

We are sorry to note that the infant child of Mr. and Mrs. Hettinger, living with Tilman Klinefelter, has departed this life; yet it is not dead, but sleepeth. The youngest child of Mr. and Mrs. James S. Swaby, of near Colyer, has also been called home by its Creator, where it will be free from all care.

We are sorry to see in the Centre Democrat that sister Minnie Kline has been confined to her bed on account of a bad cold; we hope that she may soon recover so she can follow her ministerial work.

Doerstler, from Catawacha, Pa., who was sent here as a substitute by Rev. B. F. Bohner, P. E. Rev. Doerstler knows how to preach, and can hold an audience for an indefinite time. HOW HAPPY THE WORD 'CUTICURA' SOUNDS TO ME

For It Cured My Baby of Itching, Torturing Eczema. First Came when Between 3 and 4 Weeks Old. Used Everything Imaginable. 2 Cakes Soap and One Box Ointment Cured.

"I can't tell in words how happy the word 'Cuticura' sounds to me, for it cured my baby of itching, torturing eczema. It first came when she was between three and four weeks old, appearing on her head. I used everything imaginable and had one doctor's bill after another but nothing cured it. Then the eczema broke out so badly behind her ear that I really thought her ear would come out. Her months I doctored it but to no avail. Then it began at her nose and her eyes were nothing but sores. I had to keep her in a dark room for two weeks. The doctor did no good, so I stopped him coming.

"For about two weeks I had used Cuticura Soap for her every day, then I got a box of Cuticura Ointment and began to use that. In a week there was a marked improvement. In all I used two cakes of Cuticura Soap and one box of Cuticura Ointment and my baby was cured of the sores. This was last November; now her hair is growing out nicely and she has not a wart on her. I can not praise Cuticura enough, I can take my child anywhere and people are amazed to see her without a sore. From the time she was four weeks old until she was three years, she was never without the terrible eruption but for Cuticura. I have a well child. Mrs. H. E. Householder, 3004 Wisconsin St., Baltimore, Md., May 10, 1910."
