

Correspondents' Department

Continued.

REBERSBURG.

Frank Waite returns from State College to spend Sunday with his family. He sold his home at Woodpecker's Point to Mr. Shilling, of State College, who intends to move here.

On Thursday, Sept. 8th, Samuel Ilgen, a highly esteemed citizen of Sugarvalley, died from the effect of a wound in his foot, occasioned by tramping on a nail about a week before, which resulted in blood poisoning. The funeral was attended by a large circle of relatives and friends on Monday morning, which was conducted by Rev. J. M. Rearick, of Salona. Mr. Ilgen had attained the high age of 76 years, but was still very active, as were all of his race descended from the old pioneer Lutheran minister, Rev. L. A. W. Ilgen, his grandfather, who established Lutheranism in all these valleys.

David W. Ilgen, of Millinburg, passed through our busy burg on Saturday evening, on his way to Sugarvalley to attend the funeral of his father, Samuel Ilgen, which took place Monday morning at Booneville.

William Weaver and family have returned from Pitcairn to the parental mansion north of Rebersburg. He will help his father to harvest that bumper crop of corn.

People returning from various parts of the state aver that there is no such corn anywhere as stands tasseled on the fields of old Brushvalley. The farmers are consequently happy.

When a fellow gets his bumps for the forty-eighth time from a fair-haired girl, he should take a tumble to himself and "forget it."

Charlie Bierly has sold his peaches at \$1.50 to \$2.00 per bushel, according to quality.

The three farms and mill property of the late Joseph K. Meyer, of Centre Mills, will be sold on next Saturday. Mrs. Meyer intends to spend some time in the sunny south.

Miss Violeta Wolf is visiting her aunts, Mrs. Harter and Mrs. Frank, in Rebersburg. She has spent several years teaching in Lakota, a flourishing city of North Dakota, the state of eglantines, golden rod and prairie. The only rods used there by the teachers are golden rods, since they would not find even a switch (except such as are worn by the ladies) in twenty miles. The prairie breezes seem to have a fascination for Miss Violeta.

They tell a snake story on Sammy Wantz, of Tyersville, which is true and better than any of the North American species. Sammy was out for huckleberries on the Kettle mountain, which has John Ruhl's gold mine, and he met a blacksnake which he chased for about thirty yards, when it ran in some crevices; Sammy made a grab for its tail to pull it out, but the snake was so twisted in the rocks that he tore the tail off about six inches from the end.

Here's another story which is an "over true tale." Isaac Petch, who is a woodsman of some note, and who says any kind of a snake can climb a tree, because it has feet, was on the mountain south of Tyersville, known as "Spangler's Kopp," during last week, and had a startling adventure. Luckily he had his six-shooter with him, for snakes are only blind in August, and when they see a gun as a snake when it can see, it does the aiming. A big twelve-ringer rattler coiled up in his path and promptly gave the warning rattle for its mates. Isaac knowing well that a rattler don't rattle his bauble to warn the man before he strikes, but to call every devil of its kind within hearing to its aid, pulled his gun and shot off its head. But no sooner had he done so, when he heard the reinforcements coming and as quickly as a Texan can adjust his "pop," Isaac met the serpentine onslaught. In a few minutes he had shot off the heads of five rattlers. A snake, he says, will not as a rule attack a man, but if he turns his heel and the snake is within striking distance, he will get it in the heel, because the curse on Mother Eve for fooling with the serpent was: "The seed of the woman shall bruise the serpent's head" and the serpent shall bite the woman's heel, or words to that effect.

The churches now use acetylene gas for light.

Word from Stanley Mallory has him flourishing at Houston, Texas.

Estella Grace, the 7 month old daughter of William and Mary Brindle, died on Tuesday morning Sept. 6 and was buried at this place on Saturday morning Sept. 10. Services were held in the Lutheran church. Interment was made in the Union cemetery.

Mrs. W. J. Carlin spent several days at State College attending a Missionary convention, as a delegate of the Lutheran Missionary society of this place.

Miss Mary Bright has again left for Dickinson Seminary, Williamsport, Pa., where she is attending school.

Mrs. Geo. B. Winters and daughter, Maggie spent Sunday in Aaronsburg at Benjamin Hall's.

Rev. William Sholl, formerly of this place, but now of Mt. Holly Springs, delivered an able sermon in the Evangelical church on Sunday evening.

We are glad to state that Mrs. E. M. Brungard has again returned from the Williamsport hospital.

Our base ball team played a game of ball at Centre Hall on Saturday, but of course came home with the old song, beat again with a score of 5 to 5.

JULIAN.

WM. HENDERSON:—died at the home of his brother, David Henderson, at Martha, on Thursday, Aug. 25. Death was due to a complication of diseases and being an invalid from early childhood. Deceased was born and raised at Martha, being aged at the time of death 47 years, 8 months and 19 days. Surviving are one brother and sister, David and Mrs. Alfaretta Moore, of Martha. Funeral services were held on Sunday morning, Aug. 28, at the Baptist church, conducted by Rev. Ellis.

It Saved His Leg. "All thought I'd lose my leg," writes J. A. Swenson, of Watertown, Wis. "Ten years of eczema, that 15 doctors could cure, had at last laid me up. Then Buckler's Arnica Salve cured it, sound and well." Infallible for skin eruptions, Eczema, Salt Rheum, Boils, Fever Sores, Burns, Scalds, Cuts and Piles. 25c. at Green's Pharmacy Co.

Gar Strike Cost \$2,300,000. According to report submitted to directors of the Philadelphia Rapid Transit Company, the strike of the conductor and motormen in the early part of the present year cost the company \$2,300,000.

TYLERSVILLE.

There will be preaching in the St. John's Reformed church next Sunday afternoon, Sept. 18, by Rev. Showers, of Fayette, N. Y. All are invited to attend.

Catharine Weaver's sale was largely attended last Saturday. Goods brought fair prices. The home was bought by William Barner.

Samuel Ilgen, who had suffered from a very sore foot, died last Wednesday. Funeral services were held in the Lutheran church at Booneville on Monday forenoon.

Mr. and Mrs. Corman, of Spring Mills, visited here on Sunday.

Mr. and Mrs. Philip Carls, of Madisonburg, visited here last Sunday.

Preaching next Sunday evening, Sept. 18th, at the Advent church, at 7:30 o'clock.

Harry Swartz, of Altoona, is visiting his parents, E. E. Swartz's. The farmers are all busy putting out their fall crops, but the rains have been keeping them back, and making it late for them.

E. E. Swartz, of this place, is very proud, as he has a good stream of water in his well, which is 75 feet deep and has water within 16 feet of the top.

Reuben Houser is in a critical condition at this writing; we hope for a speedy recovery.

The corn crop in this section this year is very good.

Died, on Sept. 6th, John Richard Meyer, son of Mr. and Mrs. H. T. Meyer, aged 2 months and 24 days; interment at Zion on Thursday morning at 9 o'clock.

Kyle Dunkleberger, who has been in the west, is shaking hands with his friends here.

WEST BRUSHVALLEY.

Quite a few people of this place attended the picnic on Sunday.

H. M. Wert is the only one that has attended the picnic from this place.

F. P. Duck cut his hand and is unable to work; it was feared that blood poisoning would set in.

Rev. J. B. McLaughlin will start protracted meeting in the Yearick Evangelical church on Sunday evening, Sept. 18th.

J. E. Ertle, who has been working for O. C. Homan, has gone to Madisonburg to assist C. I. Grenoble in making cider.

E. C. Philips has filled the place vacated by J. E. Ertle.

The most of our farmers are through sowing wheat.

Charles Thomas while splitting wood cut himself badly in the hand.

Our farmers differ greatly as to threshers—there are a number of different machines in the valley and almost every other farmer has a different machine, and when a machine comes to a place the rest come in at the same time, making it impossible to get work enough to thresh at so many different places.

BENORE.

D. P. Weaver is able to be around again after being laid up for a few weeks with a broken leg.

The young people from here had a chicken stew on Saturday night.

Harry Kelleman, who had his great toe mashed, has gone to work again after being housed up for a week.

Mr. and Mrs. Montgomery and children, of Wilkesburg, are spending a week at the home of P. E. Hicks.

Benore was well represented at the "Fellowship" picnic last Monday at Hunter's Park.

Miss Belle Spotts, of Patton, is spending a couple of weeks with her aunt, Mrs. Gates, of this place.

The stork left a girl baby at the home of John McKivison.

John Ghauer got a fine Kentucky stepper last week.

Paul Emerick and Herbert Haugh have enrolled in the Bellefonte High school.

Our schools have opened with a large number of pupils in attendance. George Woodring and wife were seen on our streets this week.

Howard Parsons, of Altoona, spent a few days with friends here.

ZION.

Some of our farmers are done sowing wheat, while others have not yet begun.

If frost stays away for a week, corn will be fit to cut, and promises a good crop.

There was quite a frost on last Friday morning, but it did no damage.

Our ball team went to Centre City on the 10th and crossed bats with the C. C. team and got beaten by a score of 3 to 1.

J. P. Rockey and J. W. Eby, with their families, are spending this week at Grange Park, Centre Hall.

J. G. Royer, who fell off a manure wagon several weeks ago, has so far recovered as to be able to sit up.

YARNELL.

Orie Stover and wife of Blanchard, spent Sunday at the home of the latter's father, Henry Heaton, at this place.

Quite a few of our people are attending the Granger's picnic at Centre Hall this week.

A. G. Walker and daughter-in-law, Mrs. Geo. Walker and children, attended the golden wedding anniversary of Mr. and Mrs. D. W. McCloskey at Romola on Sunday.

Boyd Shope visited his brothers Clement and Fountain at this place recently.

Miss Cynthia Boyer spent Sunday with her friend, Lizette Breth.

Arthur Confer, who is attending High school at Bellefonte, spent Sunday at his home here.

Rev. R. M. Hamilton preached his farewell sermon in the U. B. church at this place on Sunday morning.

H. O. Miller has moved his threshing machine to Curtin township.

Miss Chattie Confer, of Gorton, is visiting relatives and friends at this place.

Now that we are used to the horseless carriage and the wireless telegraph, along comes another modern improvement, the graftless cigar; that is, cigars sold without the many "in-between" profits. These lower priced cigars are the result of the successful co-operation of three thousand American druggists who buy their cigars as one great organization, each member getting the direct benefit which comes from the immense buying power of the organization. Local smokers can obtain these better cigars values at the National Cigar Store in Green's Pharmacy Co. A fine example is the El Solano (Victoria size) 10c.

SKUNK HOLLOW—Penn Twp.

Farmers are about all done sowing in our Hollow, ready for the picnic. Clayton Wolf took a little vacation and went in the peach business; hope he had good success.

Charles Rishel and wife, also Wilbur Bower, started for Big Rock, Ill., where they expect to meet relatives. George calls pretty often on Samuel. Wonder what's the reason?

Boys, the next time wait until the melons are ripe, then you need not lay them away till they get ripe.

Yes, Wm. H. Berry is the man that wears a big smile this time of the year, because there will be some cool mornings shortly.

I wonder why some boys don't wear stiff hats any more; they surely are not out of style yet.

Callers at F. A. Auman's over Sunday were Samuel Lingie, O. A. Jamison, James Auman and wife, Amos Dean, wife and two sons, of Scotia.

Mrs. John Confer and three children, of Renovo, are at present visiting her mother, Mrs. Rebecca Stiger.

William Gentzel lost a valuable cow on Saturday night.

William Gheret, of Espey, spent Friday night at the home of William Vonada; Billy is as jolly as ever.

Mrs. James Green, of Milesburg, who spent a week with her parents, Mr. and Mrs. Henry Shady, returned to her home on Thursday.

O. M. Jamison spent Saturday at Rebersburg. Wonder why?

MOSHANNON.

Mrs. Reid Bierly and daughter, Gladys, after spending some time at the home of the former's parents, returned to their home at Jersey Shore.

Miss Francis Rapp, of Bellefonte, is the guest of Miss Martha Kerin.

A birthday surprise party was held at the residence of George Quick, in honor of his son William. All report a fine time.

Eugene Smoke, wife and daughter, of Zanewsville, Ohio, are visiting the former's parents here.

Miss Hannah Gleason returned home, after spending the summer in Philadelphia.

The Moshannon base ball team will hold a dance in the Hall on Friday evening, Sept. 16th.

John Bodenschok has improved his burshsheds by building his front porch.

A "corn roast" was held at the cross roads, on Tuesday evening. A number of young people of Snow Shoe were there and everybody present enjoyed the "fine corn," and had a very good time.

T. G. Lomison and son Roy, of Orviston, were guests at the home of Wm Lomison on Monday.

NITTANY.

Merrill Kessinger, who is employed at Rawlston, is visiting his parents and may friends here.

William Wasson, of Bellefonte, spent part of last week with his grandparents here.

Ralph Swartz left for Detroit, Mich., to be right hand man for his brother, Guy Swartz, who is foreman in the tool department of the Metzger Motor Car Co.

Boyd M. Emerick, who is traveling for a large tobacco firm of Altoona, spent over Sunday with his mother and many friends here.

Clyde Swartz returned to Philadelphia where he is in the employ of the North Bros. Mfg. Co.

Visiting at the home of Harry McCauley's.

Cidermaking and boiling apple butter is all the go around here.

Our farmers are busy sowing between showers. Some have begun cutting corn, which is a good crop.

C. P. McCaleb and ex-Sheriff Shafer are about through handling their peach crop for this season.

School began here on Monday with a large attendance.

Quite a number of our people are attending the Granger picnic at Centre Hall this week.

Anti-Toxine Effective.

Charles Pealer, of Johnstown, who for several weeks has been a patient in the Joseph Ratti hospital, suffering from lockjaw, is slowly improving and will soon be able to leave the institution. Pealer's condition at one time was such that there was little expectation of his recovery. His jaws were locked so tightly that it was necessary to saw off two teeth in order to give him nourishment. Tetanus antitoxine was used and to this he owes his life.

HAPPY WOMEN.

Plenty of Them in Bellefonte, and Good Reason for It.

Wouldn't any woman be happy, After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, She finds relief and cure?

No reason why any Bellefonte reader should suffer in the face of evidence like this:

Mrs. B. F. Deltrich, 391 E. Bishop street, Bellefonte, Pa., says: "I know that Doan's Kidney Pills are a good kidney medicine and I do not hesitate one moment in confirming the public statement I gave in their praise in October, 1907. A member of my family complained a great deal of backache and headaches and I had heard so much about Doan's Kidney Pills that I procured a supply at Green's Pharmacy Co. Their use effected a complete cure and also strengthened my kidneys. The benefit received has been lasting and I have thus been convinced that Doan's Kidney Pills act just as represented."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

New Rays of Light

One of the most wonderful electrical appliances is the X-ray which may be used both in the treatment of various diseases and in the diagnosis of many obscure conditions. With its aid the interior of the human body is no longer sealed book it has been heretofore. Abnormal states of the bones, gall stones, stone in the bladder or in the kidneys, are shown plainly by what are known as X-ray photographs. Internal tumors, and the enlargement of the deep-seated organs, are also discovered by this means and in the diagnosis of tuberculosis of the lungs this agent has proven a most valuable aid. When applied to some of the less fatal chronic ailments of germ origin it has proven very effective as a curative agent.

Another interesting proceeding is the violet-ray treatment produced by concentrating the violet or chemical rays from an arc light with a specially prepared carbon upon any portion of the body that may be the seat of pain. Sufferers from neuralgia, sciatica, rheumatism, strains, sprains, also from those obscure and exhausting pains (the origin of which cannot at times be accurately determined) frequently find immediate relief from a single treatment and usually with a little persistence in the use of this aid, comfortable health or perfect recovery is obtained.

The incandescent light bath, consisting of a cabinet in which the patient is bathed in the combined rays of many electric light globes, has produced really wonderful results in diabetes, sciatica, rheumatism, obesity, anemia, and some forms of kidney and heart trouble. It has also proven valuable in chronic bronchitis, bronchial asthma and various skin diseases. As a general hygienic measure its efficiency can scarcely be over-estimated.

Those who have been patients at Dr. Pierce's Invalids' Hotel, in Buffalo, N. Y., highly commend this wonderfully equipped Sanitarium, where the above mentioned electric machines, high-frequency current, and other most modern and up-to-date apparatus are used for the cure of chronic diseases. The treatment of the chronic diseases that are peculiar to women have for many years been a large factor in the cures effected at the Invalids' Hotel and Surgical Institute.

In treating the Invalids' Hotel, Dr. R. V. Pierce's idea was to make it a genuine home, not a hospital. Such cases as rupture, hydrocele and varicocele are usually cured in ten days, and the patient is able to return home. The terms are moderate and the rates at the Invalids' Hotel comparatively low. In the examination and treatment of patients the practice is divided into specialties. Each member of the Faculty, although educated to practice in all departments of medicine and surgery, is here assigned to a special department only, to which he devotes his entire time, study and attention. Not only is superior skill thus attained, but also rapidly and accuracy in the diagnosis of disease.

Specialists connected with this Institute at Buffalo, are enabled to accurately determine the nature of many chronic diseases without seeing and personally examining their patients. This method of treating patients at a distance, by mail, has been so successful that there is scarcely a city or a village in the United States that is not represented by one or more cases upon the records of practice at the Invalids' Hotel and Surgical Institute. Such rare cases as cannot be treated in this way, which require surgical operations or careful after-treatment, or electrical therapeutics, receive the services of the most skillful specialists at the Institution.

In medicine there has been rapid progress during recent years. Dr. Pierce has kept up with the times by continually improving his laboratory by skilled chemists, and exercising care that the ingredients entering into his well-known medicines, Dr. Pierce's Favorite Prescription as well as the "Golden Medical Discovery" are extracted from the best variety of native medicinal roots. These are gathered with great care and at the proper season of the year, so that their medicinal properties may be most reliable.

These extracts are then made soluble in pure triple refined glycerine and bottled in a hygienic and scientific manner. Thus the World's Dispensary as established by Dr. Pierce is supplied with every known apparatus and means of cure, for its aim is to avoid surgical operations whenever possible.

Great care is exercised not to over-encourage those who consult the specialists of this institute who that no false hopes may be raised.

Many thousands are annually treated both through correspondence and at this Institute. Every one consulting by letter or in person receives the most careful and considerate attention. All communications are treated as strictly confidential.

No charge whatever is made for consultation. Write the Invalids' Hotel and Surgical Institute, Dr. R. V. Pierce, President, at Buffalo, N. Y.

Another Fire Brick Plant.

A prominent New York gentleman, was in Phillipsburg recently looking the field over with a view of establishing another big fire brick plant of the most modern construction. He examined and inquired into the vast clay deposits all around, looked at some of the splendid sites that are offered, and in sizing up the situation generally, received most favorable impressions.

The gentleman in question is one of New York's shrewdest fire brick men, strong financially, and from facts gathered in a confidential way, the people over there are encouraged to believe that something will be doing ere long towards the erection of the plant. It would mean a great stimulus to Phillipsburg, and we trust will soon be forthcoming.

PATENT YOUR IDEAS

and make "NOW TO GET THEM" Money. Best Service. Fee Reasonable.
