His first victim was Michael Confer, who, at the ripe age of eighty years and twen-ty-five days, passed into the beyond in the early morning of Thursday, September 8th, at the home of his son, Edward, in the borough. Mr. Confer was not the subject of any special disease, his going was more like the failing of light because the oil in the lamp was exhausted. For several years he had perceptably declined in strength and activity, the change becoming more appreciable from day to day, until finally, very gradually, painlessly, peacefully, with his large family gathered around him, and conscious to the last, he closed his eyes in the last Mr. Confer was one of a large sleep. family of children born to Philip and Margaret Wantz Confer, who was one of the small farmers and woodsmen constituting the greater part of the population in the early days, and who lived on the Bald Eagle Ridge, just back of the site of the present borough and has never lived more than a mile or two away from the small farm house in which he was born. He was always a farmer, and was for many years a tenant of one of the farms of the late Governor William F. Packer, which he afterward purchased, and which is now owned by his son, Robert. During almost all of his life he was identified with the affairs of Howard township, being recognized as one of its leading citizens, and frequently office, notwithstanding holding pu the fact that he always affiliated with
