The County Commissioners have wisely decided to place in the new jury room the old judge's bench which was taken out of the court room. This bench is built of walnut and is ornamented as well as useful. The jury room, with this excellent piece of furniture in it, can then be used for holding argument court, which will not necessitate throwing open the court room on all occasions. It is a large room and well adapted for the purpose.

The amusements, exhibits and racing will be of such a character that it is bound to please all who go there. Remember that on Wednesday, Oct. 5th, the school children of the county will be admitted free. To know when and when not to laugh has made many a person rich. In "Yankee Doodle Boy," Powell & Coban's famous music play, you have no chance to use discretion. It forces you to laugh whether you want to or not and to laugh to the limit. The play is in the time of the Revolution on which you draw constantly for two hours and thirty minutes. See it at Garman's opera house on next Saturday night.

Smiles are all sunshine; they chase gloom from your face and the faces of all those who see them. If you desire the smile and laugh, the place to go is at the Scenic. There are many different pictures thrown on the canvas which are certain to make you laugh, which is the best tonic in the world. There are comedies which are full of execrable situations, as well as being sweetly pathetic. In spots everybody enjoys these pictures and go away in the best of spirits, but not the kind of spirits you find at the hotel. It is something better, and you never go to bed, after seeing them, with a thick head, and get up with a brown taste in your mouth. The spirit is you get there is never of an enlivening nature, but you always know what you are doing. If you want to have a pleasant time go to the Scenic.

It is to be very much regretted that circumstances are such that Dr. and Mrs. T. R. Hays will have to leave Bellefonte and heretofore have been located in this city. They have purchased a home there and by the last of this month will go to the sea shore. Their beautiful residence on North Allegheny street is now for sale. Dr. and Mrs. Hays have spent only the summer months in Bellefonte for some years past. They have always been regarded as belonging to Bellefonte.

Herbert Bellingher, of New York City, arrived in Bellefonte on Monday from a trip of 14,000 miles through Mexico and the frontier west. He is a son-in-law of John D. Sourbeck and the incidents of the trip are exceedingly interesting. In one place he got off the train, in the wild and woolly west, and was met by two strange looking individuals who took him over to a dingy old saloon. When it was time to go to bed they secured a lantern as large as the lamp in front of a locomotive and took him into a cave, out where he spent the night. It was a fierce looking place.

W. L. Antrim, the Philadelphia artist, partner of M. A. Landey, of Bellefonte, is in town this week combining pleasure with business. It is the purpose, as far as possible, to place in the memorial hall in the court house the portraits of all the Judges of Centre county which will make that apartment in the temple of justice more than usually attractive. Mr. Antrim is here for the purpose of helping Mr. Landey to figure out how such an undertaking can be done. All descendants of these Judges of the past should take pride in furnishing the County Commissioners a portrait that will be a memorial here for generations to come. It would be far better than an epitaph in the cemetery.

COUNCIL MEETING.

Monday evening the Bellefonte council convened with President Harper in the chair. The other members present were Kirk, Grimm, Musser, Sheffer, Yeger, Keller and Beezer. A couple of years ago council laid a cement pavement around the Brandt House on the corner of Allegheny and Bishop streets, and they have been after the money for some time. A letter was read from Arthur Brown, of New York, stating that just as soon as Albert Schad, who put down the pavement, would give him the promise payment for the grocery business in Williamsport. He was the son of William Weaver, deceased, of Brush Valley. A widow, nee Louisa Breen, survives, together with three children. These brothers and sisters also survive: A. J. Weaver, Tazewell; Mrs. Jane Weaver, Schell Farmers Mill; John Weaver, Minneapolis, Minn.; and Mrs. H. E. Shreckengast, Farmers Mills.

Mr. Sheffer, of the street committee, presented a long list of names who were responsible for bad pavements and boardwalks throughout the town, some of which are mighty bad. Clerk Kelley was authorized to serve notice on them to repair them within twenty days or the council would do it and charge it up against the property. Many of these persons have been served with notices of this kind, but no attention was paid to them. The notices sent out this time will be final, and if the property owners are negligent the pavements will be put down in accordance with the notice. The only way to make a good job was on his pavement in bad condition and he asked several times to have it repaired, but it hasn't been done.

Several ordinances were then passed with reference to the building of the State road through Bellefonte. Dr. Kirk did not vote on any of them. The property owners along Allegheny street, from Pike alley to Bishop street, have signed to pay their proportionate share for paving the street fifty feet wide instead of thirty-five feet, as was first intended. The assessment for this purpose ranges from \$50 to \$125.

A resolution was passed notifying A. C. Mingle, W. Zeller and Vince Bauer that they would have to raise the pavements in front of their tenement houses on Logan street. It is a dangerous place and pedestrians are liable to meet with an accident there. The only way to make a good job would be to either tear the houses down altogether or raise them up to the height where the pavement will be on the level with other pavements.

The High street bridge is in bad condition and must be repaired. It will cost between \$250 and \$400 to replace it with new plank. It is needed and it ought to be done at once.

Harry Keller, chairman of the finance committee, reported the following notes due which were renewed: One of Daniel Hall, of \$5000; one of Oscar Wetzel's; another of \$4000. Mr. Keller also asked that the note of \$5000 be drawn in favor of the treasurer for two months for the purpose of paying the interest on the bonded indebtedness and other necessary expenses. This was done to tide them over until the 1st of November, when they would get money from the tax collector. An order of \$125 was drawn to pay interest on the Hall note, and \$30 to pay interest on the Wetzel note.

The farmers of the valley have been unmoved by a certain man who has made a practice of stealing whatever he can get his hands on; at the present time he is visiting sweet corn, field corn pumpkins, apples and yotato patches, and the farmers declare he will be arrested if he does it any longer.

A Kansas Farmer. We had a pleasant call from a former Centre county citizen who left these parts forty years ago and settled in Kansas. It was David Henry, of Sabetha, Kans., and he was accompanied by Eli Breen, of Axeman, who were boys together in Pennsylvania. Mr. Henry went to Kansas when choice lands were sold as low as one and two dollars per acre, and at one time he had a tract of 2400 acres which he converted into a ranch for grazing and raised a great many cattle. He now has retired from the farm and is living in the town of Sabetha, but has 600 acres of fine farm land near the place that will sell at \$100 per acre, which will be enough to keep him on "easy street" for some time to come. He says the farmers of Kansas are truly prosperous and that it is no joke about them traveling in automobiles, as there are many who own their machines and think it is no unusual luxury. Before Mr. Henry left here he resided on the old Henry farm near the Old Fort, in Potter township.
